ICTY Chief Prosecutor files appeal against Naser Oric verdict	<p>RHB - ICTY spokesman Anton Nikiforov announced on Sunday that the Tribunal's Chief Prosecutor, Carla Del Ponte, has filed an appeal against the sentence handed down on the Bosniak wartime commander from Srebrenica, Naser Oric, for war crimes against Serbs. Oric has been found guilty of failing to prevent his subordinates in the cruel treatment of Serbs and murder of Serb prisoners in Srebrenica in 1992 and 1993. Following the verdict sentencing him to two years of prison, Oric was immediately released as he spent 3 years in detention. Serbian Prime Minister Vojislav Kostunica and Serbian media have condemned this verdict, saying that it only proves The Hague Tribunal is "working against Serbia". RHB note that Serbs claim that 3,263 persons of Serb nationality were killed in Srebrenica while Oric was in command. Dnevni Avaz pg 4 'Defence announces appeal on 40 pages' by A.H. - Oric's defence attorney Vasija Vidovic announced that she would lodge complaint in the legally stipulated period regarding the condemning part of the verdict to Oric. <p>BiH Presidency Chair Tihic criticizes agreement btw RS and Serbian PMs to construct new bridge over Sava river, special relations between RS and Serbia</p>	<p>Hayat - Friday's signing the agreement on construction of the new bridge over Sava river in Raca by the RS and Serbian Prime Ministers Milorad Dodik and Vojislav Kostunica respectively, provoked a reaction from BiH Presidency Chair Sulejman Tihic. Tihic deems that the fact this agreement was signed in absence of BiH officials could aggravate relations between BiH and Serbia. Tihic added that RS PM Dodik's conduct is unacceptable, further accusing Dodik of directly violating BiH Constitution as the border crossings is an issue in jurisdiction of a state. <i>"This is yet another in series of Dodik's moves that add to radicalisation and destabilisation of situation in BiH"</i>, Hayat presenter quoted Tihic as saying in a statement for Radio Free Europe. Commenting the announcement of the new agreement on special and parallel relations between RS and Serbia, Tihic said that it was not appropriate to talk about special relations at a time when future status of Kosovo has not yet been discussed, or immediately after Montenegro declared independence. Tihic added that it was not in line with what was agreed with Serbian President Boris Tadic - that the special relations should be created only between two states, Serbia and BiH, especially since numerous authorities have been transferred from entities to the state. BiH Presidency Chair assessed that it was better not to talk about those things right now, <i>"unless someone deliberately wants to link this issue with some other regional problems"</i>. According to Hayat presenter, Serb member of BiH Presidency Borislav Paravac welcomed the agreement on new bridge on river Sava, saying that it would do good to the whole BiH. Dnevni List, pg 2 'Bridge can deteriorate relations with Serbia', by <u>A. B.</u>, Nezavisne Novine pg 3 'Assent was given by BiH Ministry of Communication and State Border Service', announced on cover 'Dodik: Constitution was not violated, assent was given by BiH ministry of Communication and State Border Service' by <u>D.Risojevic</u> - also reported.</p>

In a telephone statement to RTRS, Dodik noted that BiH Ministry of Traffic and Communications and State Border Service gave their agreement for it. Dodik reacted to the statement of BiH Presidency President Sulejman Tihic who stated that signing this agreement could worsen relations between BiH and Serbia. <i>"I would be happy if Mr. Tihic in his visits to Arabic countries could firstly find money for construction of a plant or a bridge rather than spend money for construction of religious objects"</i>, says Dodik. He adds that RS has the right to special relations with Serbia. Dodik concludes that the bridge at Raca will be completed in a year whether Tihic or someone else likes it or not. Nezavisne Novine pg 3 'Assent was given by BiH Ministry of Communication and State Border Service', announced on cover 'Dodik: Constitution was not violated, assent was given by BiH ministry of Communication and State Border Service' by <u>D.Risojevic</u> - also cover.</p>

Nezavisne Novine pg 3 'Assent was given by BiH Ministry of Communication and State Border Service', announced on cover 'Dodik: Constitution was not violated, assent was given by BiH ministry of Communication and State Border Service' by <u>D.Risojevic</u> - Ivanic said problem started in Sarajevo when this initiative came to BiH Border Commission and BiH Ministry of Civil Affairs who have negative stance toward everything that refers to Serbia. He stressed he wonders why Tihic is bothered with initiative for a single border crossing with Serbia is launched, and still was not bothered when such crossings were opened with Croatia .</p>

Salkic expects that Monday's (today) session of the RS CoP will not reach agreement on these issues and that these issues will end up before RS Constitutional Court, adding: <i>"If agreement had been possible issue of protection of vital national interest would not have been raised upon adopted recommendations...I am of the view at this moment, there is no readiness for agreement neither on police or cooperation with the ICTY, since our stances on this have not been recognised so far."</i> Momir Malic, RS CoP Vice Chair and member of Serb Caucus says: <i>"I expect from Bosniak Caucus to offer concrete solutions and after that we can discuss and amend stances."</i> According to daily, Croat Caucus will abstain regarding these issues, assessing no agreement will be reached and issues will end up before RS Constitutional Court eventually. <p>RS President Cavic opposes the Law on Rights and Duties of MPs in RS; SNSD claims Cavic's behaviour is nothing more than a cheap pre-election political marketing</p>	<p>Hayat by <u>Nenad Trbic</u> - For the first time, RS President Dragan Cavic used his presidential authority to refuse to sign the Law on Rights and Duties of MPs in the RS which was previously adopted by the RS National Assembly. However, the Law - which stipulate more benefits for the MPs - has been re-included in the RSNA agenda; if delegates in the RS NA once again decide to adopt it, RS President will not be able to prevent it from becoming effective. <i>"I don't care which political parties those delegates represent. I think that they do not have the right to do that, and I believe that the messages from the House of Representatives should be a final argument for them not to support this law"</i>, stated Cavic. However, SNSD claim that such Cavic's behaviour is nothing more than a cheap pre-election political marketing. SNSD representative Drago Kalabic claims that SNSD representatives will not vote for this law, but wonders what would SDS representatives do. <i>"We think not only that this law should be cancelled - we should excuse ourselves to RS peoples and citizens because it was a big mistake"</i>, stated PDP representative Dragan Mikerevic. RS Government is also against this law. <i>"We will give a negative opinion on this law once again"</i>, stated RS Minister of Finance Aleksandar Dzombic. According to reporter, the Law on Rights and Duties of MPs in RS is much more about rights than duties; for example, it foresees that a delegate with only one mandate has the right to a pension bigger than 700 KM. Representatives in RS NA will again discuss this law in August.</p>
<p>DL claims HDZ BiH and SDA will pull off election fraud through control of municipal election commissions</p>	<p>Dnevni List cover splash pg 4-6 by <u>Zvonimir Jukic</u> - <u>Jukic</u> is the author of a 3 page story alleging it is a unanimous conclusion of BiH opposition parties that HDZ BiH and SDA parties are planning to perpetrate what he calls 'a new election fraud through their influence in the appointment of local election committees'. In its article DL provides the names of election committee members at polling stations in some predominantly Croat municipalities in West Herzegovina, such as Grude and Siroki Brijeg, among whom there are members of parties like SNSD, SDS, Bosnian-Podrinje People's Party, DEPOS etc. which do not have candidates who would run at these stations at all. This, <u>Jukic</u> claims, is in violation of the BiH Election Law according to which election committee members can only be representatives of political parties whose candidates are running at polling stations concerned which means that appointment of such committee members will be invalid and that they will have to be replaced. Their replacement, article goes on, is under jurisdiction of municipal election commissions which in west Herzegovina are 'under direct control of HDZ BiH'. In his opinion this will be made possible by BiH Election Law which he says in 'unclear'.</p>

According to addenda, the right to re-gain citizenship would be based on marriage or residence in BiH. Nikola Spiric , delegate at the BiH HoR, is of the view these changes will solely <i>"change the mechanism to give illegal passports"</i> , adding: <i>'This is just a cover for all that happened during the war in BiH. If Law were changed in the way stipulated by BiH Council of Ministers, the chance would be offered to the most radical Islamic elements to cleanse their passports through time ahead of us.'</i> Mirsad Ceman , delegate at BiH HoR, is of the view these <i>"changes protect human rights"</i> . Zoran Tesanovic , BiH Deputy Minister of Civil Affairs, raises the issue of <i>"what is the logic of giving BiH citizenship to individual if it was taken away from him because he obtained it in illegal manner?"</i> Momcilo Novakovic , delegate at BiH HoR, also disagrees with the proposed changes, adding he has filed an amendment preventing that <i>"claim for re-issuance of citizenship can be filed by a person from whom the citizenship was removed in legal and legitimate manner"</i> .

<p>Daily: FBiH PBS law procedure back to beginning, authorities must respect both CC decision, EU standards; EC: no SAA singing without this law</p>	<p>Oslobodjenje cover splash, pg 2 'Federation must respect court's decision and EU conditions' by <u>S. Sehercehajic</u> - The spokesperson for the EC delegation in BiH, Frane Maroevic, told daily that <i>"it would be necessary to prepare new proposal of the FBiH Public Broadcasting Service Law that would respect the requirements of the FBiH Constitutional Court."</i> Last week, the Council of the Vital National Interests at the FBiH CC brought decision that the FBiH PBS Law was jeopardizing Croat VNI as it provides no protection from outvoting in decision-making process or mechanisms to prevent discrimination. Maroevic noted this development returns a procedure of law adoption to the very beginning. <i>"This means that it would be necessary for the FBiH Parliament and the Government to do this job as soon as possible,"</i> warned Maroevic noting that PBS legislations remains one of the key conditions to sign the Stabilization and Association Agreement. <i>"[This] will not bring the negotiations [on SAA] to the beginning, but they cannot be completed before prior fulfillment of this condition,"</i> underlined Maroevic and added that the FBiH law must be in line with the provisions of the state law. The member of the FBiH House of Peoples Croat Caucus, Zdenko Antunovic, comments the fact that the law would have to be brought back to the beginning expressing his sorrow with such development, but noted this would not have happened if "delegates were ready to accept amendments by the Croat Caucus" [which called on establishment of the third, Croat, channel]. He added the Caucus would not give up on this requirement. Asked to comment on the issue of police reform and Police Reform Directorate Steering Board's decision to postpone deadline regarding taking of SB's decisions (from end Sept to end Nov), Davidovic says he welcomes the decision, however he is of personal opinion that the reform must be returned to the political level <i>"because it is now clear that experts cannot finish the job"</i>. Political Developments

BiH CoM Chair Terzic reminds CoM's convocation must be balanced in line with BiH Constitution	Hayat - According to Hayat presenter, Police Reform Directorate (PRD) - or the process of police reform in general - is constantly being attacked by politicians from the RS during last several days. The new target for RS politicians, added presenter, is BiH Council of Ministers (CoM), due to adopted changes to Law on BiH CoM introducing two new ministries [Ministry of Agriculture, Food and Rural Development, and Ministry of Science, Technology and Environment]. CoM Chair Adnan Terzic deems that the three constitutional peoples are not equal in this institution, since currently there are four ministers of Serb nationality, and only three of each Bosniak and Croat nationality. According to Terzic, if the situation were the opposite, the whole RS would 'probably be on their feet', attempting to change it. CoM Chair believes that PRD was established in order to enable experts to find a most acceptable solution with no political interference; however, RS PM Milorad Dodik's pressure was so strong that even the experts started practising politics, concluded Terzic. RTRS - Terzic reminded that the CoM convocation must be balanced as stipulated by BiH Constitution. (NOTE: Extracts were taken from interview BiH CoM Chair Terzic gave to <i>Dnevni Avaz</i> on Sunday. For more information see <i>OHR BH Media Round-up 30 July 2006.</i>)
DSS' Kovacevic wants BiH to be organized as confederation	Nezavisne Novine pg 4 'It has to be determined who sold the banks' Inset 'DSS demands statehood for RS' by <u>not signed</u> - DSS leader Predrag Kovacevic stated that DSS is in favour of BiH (organized) as a confederation in which RS would have its statehood. He added that longing of SBiH leader Haris Silajdzic and BiH Presidency President Sulejman Tihic that BiH becomes a unitary state gives the RS the right to statehood. Kovacevic believes attempt of Adnan Terzic , BiH Council of Ministers Chair, to establish two new ministries (ministry of agriculture and ministry of science and techniques) has purpose to weaken entities and centralize all institutions and competences in Sarajevo.

<p>BiH Ministry of Civil Affairs' Arnaut: Reform of higher education will not even start with the next academic year</p>	<p>Nezavisne Novine pg 8 'Reform will not even start with the next academic year' by <u>M. Renner</u> - Chief of BiH Minister of Civil Affairs' Office Srdjan Arnaut said BiH reform of higher education will not even start with the next academic year (2006/2007) since BiH Parliament would discuss the Draft law on higher education at the end of August at earliest. According to Arnaut, even if the law is passed, cantons will not have time to harmonize their laws to the state law. Arnaut also noted the RS took good regulations from the state law (when adopting the entity law).</p>
<p>Muharem Cerofrom BiH joint institutions: There are two versions of the Law on BiH state property</p>	<p>Nezavisne Novine pg 5 'There are two version of the 'Law' by <u>R. Cengic</u> - Members of the Commission in charge of creation of the Law on BiH state property (law should regulate ownership and disposal of the state property worth several billion dollars) believe this law could be passed by the end of September (daily notes OHR's decision to ban disposal of state property at all levels of power would expire by that time). Muharem Cero from BiH joint institutions said there are two versions of the law explaining "<i>one version was made by the members of the Commission who come from the state institutions. This version expects that all property of former SFRJ (Socialist Federal Republic of Yugoslavia)... is in the ownership of state, which would distribute it to lower levels of power. Second version comes from RS representatives and expects that the property is distributed among entities</i>". OHR spokesperson Mario Brkic denied OHR would impose this law if BiH institutions do not pass it by the end of September. Brkic did not say whether OHR would extend ban on disposal of state property in case this law was not passed.</p>
<p>VL: OHR does not want to get involved in HTV Mostar issue</p>	<p>Vecernji List pg 4 'OHR does not want responsibility for faith of HRT' <u>unsigned</u> - Article writes on the last Wednesday's session of the Mostar City Council which was interrupted at the request of Croat Councilors after SDA, SDP and SBiH refused to accept Mostar Mayor Ljubo Beslic's proposal to transfer a 60% ownership share in HTV (Hercegovacka TV) to Croat majority municipalities in Cantons 7 and 8, and touches upon the OHR position on the matter. VL article reads that former HR Paddy Ashdown, who imposed the Mostar City Statute, originally promised to resolve the issue of HTV but then transferred the responsibility back to local politicians. This, article reads, is the position of the current HR, Christian Schwarz-Schilling as well, whose spokesperson has stated that IC will be assisting Mostar authorities but it cannot do their job and make decisions for them.</p>
<p>FT: RS is still Bosnian stumbling block; HR CSS: DPA was done just to get peace; former HR Bildt: RS became permanent as Scotland</p>	<p>Financial Times 'After 14 years, Serb statelet is still Bosnian stumbling block' by <u>Neil MacDonald</u> - Commenting that police reform is being the "<i>final obstacle to Bosnian association talks with the EU</i>", and in light of recent visit of RS Prime Minister Milorad Dodik to UK, editorial opens with a question: "<i>What to do with the Serb mini-state within its [BiH] borders?</i>" Article notes that demands for police reform have deepened political divisions between ethnic Serbs and the rest of the country: "<i>The EU, frustrated by the constitutional delay, insists the RS should pose no problem as long as the wider state works too. 'It was done just to get peace,' says Christian Schwarz-Schilling, EU special representative in charge of the international protectorate for BiH. 'But now the RS has started to live.' Other European states also maintain distinct internal entities. Carl Bildt, the first HR after Dayton, says RS has become 'as permanent as Scotland'.</i>"</p>

<p>Bi: Prior to elections, two BiH entities remain as ethnically polarised as ever</p>	<p>Balkan Insight 'Non-Serbs Targeted in Bosnian Serb Campaign' by <u>Gordana Katanain Banja Luka</u> - Commenting on as author puts as "<i>an outbreak of intimidation against non-Serbs in the Bosnian Serb entity</i>" (referring to incidents recorded lately in Banja Luka, Trebinje and in several other small towns in the east of the RS, like Konjevic Polje throughout July) the author stresses the RS is being blamed on a divisive run-up to general elections planned for October. She further refers to statements of local analysts blaming Bosnian Serb politicians for whipping up ethnic intolerance in the run-up to the October poll, and for playing on national differences to win votes. Regarding elections, analysts say SNSD and SDS are resorting to playing the ethnic card in order to secure votes from the RS' largely nationalist electorate. Author notes the two entities that make up BiH remain as ethnically polarised as ever. Political analysts say the situation has been worsened by the return to the political stage of a group of hard-line nationalists who were earlier excluded from politics, including Predrag Lazarevic, former leader of the Serbian Party for RS, SSRS. In 2000, International Community banned his party from the municipal elections after SSRS refused to remove from office its leader, who was accused of violating election rules and instigating ethnic hatred. Lazarevic returned to the political stage this year as a member of the SRS [Radicals], using the opportunity to air his hard-core opposition to the concept of a multi-ethnic state, which he has described as "<i>an empty word, a story for children</i>". He openly opposes the existence of united BiH, proposing Balkans in which "<i>there will be one state for each nation</i>". Author further brings comments of some students in Banja Luka, sharing the view every nation in BiH should live separately, which is why the RS should break away from BiH. Analysts further notes that nationalism among the younger generation in BiH will be hard to combat. [Balkan Insight is BIRN's online publication.]</p>

<p>FBiH PM forwards Agreement on obligations to FBiH Parliament for approval</p>	<p>Dnevni Avaz pg 8 'Obligation relations be transferred onto state' by <u>Ad.H.</u> - The FBiH PM, Ahmet Hadipasic, has handed to the FBiH Parliament for approval the Agreement on transfer of powers from entities onto state in the field of obligations. Daily notes that agreement of two entities, in line with which state of BiH should pass a single Law on obligations is substantiated with the need to establish a single economic space and improvement of economic and legal security of private property and foreign investors. Daily adds Agreement itself clearly underlines this move does not alter powers of BiH courts, neither does it demand establishment of any new state institution.</p>
<p>FBiH MoD's debt estimated to be around 200 million KM present threat to FBiH budget</p>	<p>Nezavisne Novine pg 3 'Around 200 million KM of debt is a threat to FBiH budget' by <u>R. Cengic</u> - Hasan Becirevic, member of FBiH Parliament's Financial Board said that FBiH Ministry of Defence's debt, estimated on the basis of incomplete data, is between 120 and 250 million KMs, which might cause serious problems to FBiH budget. FBiH Office for Audit determined that FBiH Army, FBiH Ministry of Defence and FBiH Customs, which were closed on December 31st 2005, did not make final reports in order to inform about their claims, debts and property. FBiH Ministry of Finance says that those institutions have to make reports and that courts only know about FBiH MoD's debts due to charges that were brought against the MoD. According to inset 'Unknown debts of FBiH Customs', FBiH Ministry of Finance asked several times from BiH Indirect Taxation Administration, which succeeded FBiH Customs, to submit report on taken over property and commitments, but has not received any reply. FBiH Parliament estimates FBiH Customs had huge incomes and claims from others.</p>

VL: Many companies interested in privatization of 'Aluminij' of Mostar	Vecernji List , pg 3 'Aluminij, Feal Sibenik's TLM and HEP together', by <u>Zoran Kresic</u> - following adoption of changes to the Law on privatization of companies by the FBiH Parliament, VL notes that many domestic and foreign companies, including companies from Croatia, want to be in charge of 'Aluminij' because 88% of shares (owned by the FBiH and 'Aluminij's' workers) will be offered for sale when the FBiH Government decides to do so. According to the head of regional office of the Croatian Economic Chamber located in Mostar, Zulfo Robovic , Croatia i.e. Croatian companies want to increase their stake in the 'Aluminij' (Sibenik-based 'TLM' has a 12% share) because numerous Croatian companies have strong business ties with 'Aluminij', such as 'TLM' (imports 50.000 tons of aluminium per year from 'Aluminij'), Ploce Port (through which 'Aluminij' exports its products, and Croatian 'Elektroprivreda' (HEP) (which provides certain amount of electricity for 'Aluminij'). VL learns that Siroki Brijeg-based 'Feal' also has an interest to take part in the privatization (two companies have strong business ties).
