

Gregorian Welcomes Progress on Brcko

Supervisor of Brcko District and Acting High Representative Raffi Gregorian has been in consultation with all leading political parties on a draft constitutional amendment on Brcko. He believes this text should be acceptable to all and provides for a solution for Brcko.

“The text incorporates all needed technical language and clarifications, as a result, we have a draft that is in conformity with the awards of the Arbitral Tribunal and the Constitution while providing Brcko District effective access to the Constitutional Court of BiH,” he added. “I am pleased that the concerns of the President of the Tribunal are addressed and that US Government has endorsed the text.”

“I hope that the members of the BiH Parliamentary Assembly will heed the PIC SB’s call of November 2008 for the amendment to be adopted as a matter of urgency, a call unanimously echoed by all 31 councilors of the Brcko District Assembly,” stated Gregorian.
