Objective:

To perform an audit of the OHR's financial statements for the year ended June 30, 2017 in accordance with International Standards of Auditing and render an opinion as to whether the financial statements are prepared in accordance with International Accounting Standards.

The External Auditor should make observations with respect to the regularity and efficiency of the OHR's financial procedures, the accounting system, the internal financial controls and, in general, the financial condition of the OHR.

Coverage:

1. The External Auditor should examine and check the OHR's books of accounts and records, including the books and records of all special funds, as he/she considers necessary to enable him to report whether:
 1. the OHR's financial statements are in accord with its books and records;
 2. the financial transactions reflected in the OHR's financial statements complied with OHR Rules and Procedures, as well as with budgetary provisions and other applicable directives;

3. the securities and monies on deposit and on hand have been verified by certificates received directly from the OHR's depositories or by actual count;
 4. the OHR's internal controls are adequate in the light of the reliance placed thereon; and
 5. the procedures satisfactory to the External Auditor have been applied to the recording of all assets, liabilities, surpluses and deficits.
2. The External Auditor should be the sole judge of whether to accept, in whole or in part, the OHR's certifications and representations and may make such detailed examination and verification as he/she chooses of all financial records, including those relating to supplies and equipment.
 3. During the conduct of the financial audit, the External Auditor and his staff will be provided unrestricted access to all books, records and other documentation that are necessary for the performance of an audit. The External Auditor and his/her staff shall respect the confidential nature of any classified information provided and shall not make use of it except in direct connection with the performance of audits.
 4. The External Auditor may draw the attention of the Peace Implementation Council Steering Board (PIC-SB) to any denial of information that was required for their audit. Without prejudice to his/her duty to report to the PIC SB, the External Auditor and his staff shall comply with the OHR Policy on Confidentiality.
 5. The External Auditor will not have the authority to disallow items in the OHR's accounts. However, he/she should bring to the Director of the Resources Department and the High Representative's attention, for appropriate action, any transaction whose legality or propriety the External Auditor doubts or questions. Audit objections to transactions shall be immediately communicated to the Director of the Resources Department.
 6. The External Auditor should express an opinion on the audited financial statements, which must be signed and dated.
 7. The External Auditor should report in writing on the financial operations of the period. The External Auditor's report should include:
 1. a description of the nature and scope of their examination and any restrictions on it;

 2. any amounts which ought to have been received but which have not been included in the accounts;
 3. any amounts for which a legal or contingent obligation exists and which have not been recorded or reflected in the financial statements;
 4. expenditures not properly substantiated and
 5. the extent to which the presentation of statements deviates materially from internationally accepted accounting principles applied on a consistent basis.
 3. other matters that should be brought to the notice of the Steering Board and the High Representative including:

 6. expenditure in excess of appropriations as amended by duly authorized transfers within the budget; and,
 7. expenditure not in conformity with the authority governing it;

5. transactions accounted for in a previous financial period concerning which further information has been obtained or transactions in a later financial period with respect to which the External Auditor believes the OHR should be informed.
8. The External Auditor may make such observations on the findings resulting from his audit and such comments on the High Representative's financial report, as he/she deems appropriate to the Steering Board, its subsidiary organizations or the High Representative.
9. If the scope of the External Auditor's audit is restricted or he/she is unable to obtain sufficient evidence, he/she should note the matter in his opinion and report, making clear in the report the reasons for his comments, and the effect of any restrictions or lack of evidence on the financial position and the financial transactions recorded.
10. The External Auditor should not include any criticism in his opinion and report unless he/she has first afforded the High Representative adequate opportunity to explain the matter in question.
11. The External Auditor is not required to mention any matter which, in his opinion, is neither material to the financial position presented by the annual financial statements nor significant to the financial affairs of the OHR.
