

Vehicle Registration Document

Common Vehicle Registration Document – Specimen

From 1 June 1998 all vehicles from Bosnia and Herzegovina must have the new common license plate and corresponding common vehicle registration document to cross international borders.

Side 1

Side 2

The specimen above depicts the new common vehicle registration document which will be issued together with the new common BiH license plates. The new common license plate number shall be typed on the front cover of the document in the format depicted above. The common license plate shall contain only one of the following letters: A E J K M T. The use of both Latin and Cyrillic scripts on the vehicle registration document is of particular note.
