

High Representative reminds of the deadline for FBiH authorities to adopt their solution for further smooth appointment of the FBiH Government

Nearing the year after the adoption of the Decision on unblocking the Appointment of the Government of the Federation of Bosnia and Herzegovina, High Representative Christian Schmidt reminds that pursuant to his 27 April 2023 decision, the Amendment CXXXI to the Constitution of the Federation, will come in effect on 1st of May without requiring further normative act to ensure its legal effect.

The HR calls on political stakeholders to keep this deadline in mind should they have constructive proposals to improve the amendments.
