RS NA session was opened by the RS NA Speaker, Petar Djokic who emphasised that the RS is facing great challenge and that the destiny of the RS depends on the work of RS NA deputies and conclusions adopted. "There is no dilemma that the main arbiter, Mr. Owen, with his decision, adopted the demands, ensured the interests, and accepted the proposal in full of one side, the Bosniak-Croat side, with a district which does not exist in Dayton as a principle to establish relations in BiH."- Djokic said. "It is a great question if the RS exists today, if it is territorially divided, if one part of its territory has been taken away which belongs to it according to Dayton. We cannot accept the use of force, whether it is preventive or something else, which has been displayed by SFOR almost in every town of the RS and especially in Brcko." There is just one item on the agenda with three sub points: discussion on Brcko decision, discussion on dismissal of the RS President and position of the RS NA regarding election of the new Government. Milorad Dodik recommended to the NA not to accept the Brcko decision and to start the initiative to revise this decision. Explaining why the RS Government has resigned Dodik said it was an act of moral responsibility. "We, as the Assembly, have to ask the High Representative to use his rights to suspend something that is against Dayton, or at least postpone it."- Dodik said and continued- "It is necessary to address this matter before the BiH Constitutional Court. We have to form a political-expert group which would try to talk with the arbiter and point out the inadmissible facts that were stated in the decision." RS arbiter in the Brcko arbitration, Vitomir Popovic explained the significance of this decision for Brcko, the course of the arbitration, and about fulfilment of the conditions necessary to reach the decision by the RS and Federation. "We can draw a conclusion that the decision had been reached much earlier."- Popovic said. RS legal representative in the arbitration, Radomir Lukic also spoke before the Assembly. Brcko Mayor, Borko Reljic stated the disappointment of Brcko people with the decision. After two hours' break the RS Vice President, Mirko Sarovic spoke before the Assembly emphasising that the RS delegation in Vienna had been united while "the delegation of the other side did not have a unified position on this matter". "I want to say that I would support every decision made by the Assembly which would display our national unity."- Sarovic said.
