The Main SNS Board dismissed Ostoja Knezevic, SNS Vice President from the party. SNS press statement: The Executive Board and the Main Board of SNS of RS, at the meeting held on November 1st in Banja Luka, discussed the newly-created situation on the occasion of the adjournment of the inaugural session of RS NA since October 29/30, 1998, as well as the behaviour of the SNS deputies at the session. The Executive and the Main Board agreed that the adjournment of the inaugural session had to happen as the SDS and SRS representatives that participated in negotiations with representatives of other NA parties, as well as with the members of the Electoral Commission, had been changing their stands very often and finally had given up the agreed and harmonised proposals to elect the RS NA leadership and RS Government in a package. The Executive and Main Board of the SNS RS concluded that two SNS deputies, Ostoja Knezevic and Milorad Vujovic, had not held to conclusions of the SNS Deputies' Club. It was concluded that deputy Ostoja Knezevic had abstained from voting on adjournment of the session, although it had been visible that the mentioned session had had to be adjourned. Likewise, deputy Milorad Vujovic also abstained from voting on adjournment of the RS NA session. All members of Executive and Main Board of the SNS accepted the reasons for the behaviour of deputy Milorad Vujovic, which he had provided, while the personal explanation of stands and behavior of deputy Ostoja Knezevic could not be accepted as valid. During the meeting of the SNS Main Board, it was suggested to Mr. Knezevic through a democratic discussion that he should return his deputy mandate to the Party, on the basis of which he received the mandate, as it was obvious that the reasons he stated would still exist at the majority of the future RS NA sessions. Deputy Ostoja Knezevic categorically refused to return the mandate, as well as to hold to decisions of Deputies' Club on the occasion of voting in the NA on particular issues. Having in mind the inflexible, and for the Party unacceptable and harmful attitudes of Mr. Knezevic, the SNS Main Board, as suggested by the Executive Board, made a unanimous decision to terminate Mr. Knezevic's membership in the SNS. Besides the above mentioned, the Main Board also adopted the following conclusions

- Harmonized stands of the SNS in the “Sloga” Coalition are obligatory to the SNS Deputies’ Club
- In case of disagreements and non-acceptance of the stands harmonised on the level of the “Sloga” Coalition, the deputies are obliged to return their deputy mandates to the Party
- Mr. Ostoja Knezevic’s resignation from the membership of the “Sloga” Coalition Presidency as well as to the SNS negotiating team.
- Prof. Dr. Snezana Savic, Head of the SNS Deputies’ Club is appointed instead of Mr. Knezevic for the member of Presidency of “Sloga” Coalition and in the negotiating team.
- It is concluded that a joint meeting of the Executive Board and Deputies’ Club should be held before each RS NA session and that a meeting

of the Main Board should be held too, in order to agree as clearly and precisely as possible on stands which will be represented by the Deputies’ Club, when there are especially significant issues on the agenda of the NA sessions.
