Following the violations of Articles 5 and 10 of the RS Law on public informing and the general situation in local media, the RS Government, at its session yesterday, passed measures introducing commissioners, who will be acting as directors and editors and will only be accountable to the Government, to run local radio and TV stations until the final legal solution has been reached.

3:22

(Commentary by the RS Minister of Information, Rajko Vasic)... Measures introduced by the Government are entirely logical, since the Government just could not tolerate illegal activities in this field any more...Aside from a number of violations of the Law on public informing, we have also had permanent threats by the IC that certain media shall be closed down and that international administration shall be introduced due to their one-sided reporting...
