News Summary:

PDP RS holds press conference (00:48)

At a press conference in Banja Luka, the PDP RS called on High Representative <u>Wolfgang Petritsch</u> to re-examine his decision to impose a common BiH passport and requested that he reinstate the previously passed legislation. Over the past few months the common passport has been imposed as a topic for discussion in BiH common institutions, stated PDP RS Vice President and BiH House of Representatives member Branko Dokic. It is the PDP RS's position that the High Representative has lost his neutrality, overstepped his mandate and become the instrument of a single side in BiH politics. Dokic announced that in lieu of the law's imposition, the PDP RS would seek arbitration from the Council of Europe as well as the opinion of the Venice Commission.
