Brcko Arbiter, Owen is planning to postpone the decision on Brcko, as reported by the Washington Post, calling upon its sources in the US administration. Owen also postponed the decision in February last year, for the period of 13 months. According to WP, the decision will be postponed, because the western officials would not like to take the city away from Serbs, for it could undermine the new RS Government. BiH Federation President Ganic also made a statement, saying that rightful decision must be brought, otherwise the Dayton Agreement might be turned back to the beginning.

IPTF and local joint police forces in Brcko were put under a higher level of readiness. IPTF spokeswoman in Brcko said these are protective measures aiming to prevent unwanted surprises in the area after the decision is announced. She also said that no disorder is expected regardless to the decision.
