

OHR BiH TV News Summary, 08 Feb. 1998

08 February 98, 19:30

Sarajevo – Relating to the reaction of the SDA party representatives towards the initiative for unification of the social democratic powers in BiH, UBSD issued a statement accusing the SDP of rejecting their project of unification. SDA leadership has practically turned down the initiative of UBSD for unification, reads a Statement. Such decisions, and especially the content and discussions by some of the highest SDP leaders, can only please representatives of some ruling structures, especially those of the SDA. UBSD is disappointed with such an outcome, but will continue consultations with various associations and parties in the Federation and RS in order to find the modalities for the unification of Social Democrats in BiH as the basic alternative to the ruling nationalistic structures, concludes the statement.

Vienna – The Arbitration hearing on the Brcko future continued in Vienna. A decision of the Main Council of the Croatian Community Herceg Bosna to create various sections for the relevant activities was received with protests at the Arbitration. It weakens the Federation from inside especially during the Arbitration and reminds of the duality which once existed in the Federation, but was eliminated after signing of the DPA, Ejup Ganic told the news. I will ask the HR to urgently call a Federation Forum session to discuss this issue. It is felt here that this is a new course for division, he concluded.
