

OHR BiH TV News Summary, 19 Jan. 1998

19 January 98, 19:30

Sarajevo HR Carlos Westendorp will make a decision tomorrow on the design of the provisional BiH monetary unit, since the members of the BiH Presidency could not bring their stances any closer on this issue today even though they convened for more than 5 hours without break. The key obstacle to making a decision is still the insistence of national symbols on the bonds, Mirza Hajric, Presidency Chairman Advisor told the media. The Presidency decided on a Working Group which should work out a draft Presidency Budget. The name of the new BiH Ambassador to Washington is still not ready to be announced.

Pale, Banja Luka and Bijeljina - In order to enable a smooth and peaceful take over of power by the new RS Prime Minister Milorad Dodik and his crew, SFOR deployed extra troops around official buildings on the streets of the larger RS towns from last night. The RS Ministry for Internal Affairs was surrounded by five personnel carriers. It is presumed that the action was meant to allow documentation from the Ministry which is not loyal to RS President Plavsic to be taken out, Beta informed. The Italian soldiers did not try to enter the building in which only the Ministry's team was on duty.

Talking to Spanish State TV on the new situation in RS, HR Carlos Westendorp opened a new possibility for Radovan Karadzic to be handed over by the RS authorities to appear before the Hague Tribunal. Karadzic will have it much more difficult now, since his effect on the authorities has been annulled with the new Government, Westendorp said. Simon Haselock, HR's Spokesman, sees in the new Government a final solution to the Constitutional and economic crisis in RS. US State Secretary Albright, German Foreign Minister Kinkel and EC Officials have already shown their good will to assist RS.

If this Government really takes over and stays in power in the whole RS territory, I think it is a step in a good direction, Mirza Hajric said commenting on the changes in the RS. Still I think that the IC should clearly say what is the aim of these changes. It is a multi-ethnic Government which will represent all peoples who live and have the right to live on the territory of RS, he concluded. Edhem Bicakcic, in his name and the name of the Federal Government sent congratulations to Milorad Dodik wishing him success in his very responsible work in realising the implementation of the DPA. Momcilo Krajisnik said that last night's session reminded him very much of 1992 when we in the BiH Parliament at that time gave our efforts to finding a joint language and to achieve a consensus, but it came down to electoral engineering and in the end - chaos. Zlatko Lagumdzija believes that the election of Dodik means an end to the SDS party.
