Sarajevo – Two EASC members, Mitchell and Bowen resigned today, because of OSCE Ambassador Frowick's decision to repeal the EASC decision of cancelling Pale SDS participation in the elections. Mitchell and Bowen said that OSCE had made too many exceptions just before the elections, and also took a lot of liberty when they repealed the EASC sentences. EASC said that people should be worried because of OSCE tolerance for Karadzic's too transparent role in SDS matters.

OHR spokesman Bullivant said that the Contact Group acclaimed the successful election process in BiH. The CG concluded that all sides must recognise in future authorities, and to provide full implementation of the election results. BiH TV news commentary – BHTV addressed UN representatives and UN Media Watch Group, saying that in the BiH TV news broadcast from Sep. 15 at 19:30 the report was announced from the press conference held in "Holiday Inn" hotel. The report misinterpreted the statement of UN spokesman Ivanko saying that "UN spokesman Ivanko reported on an incident in Velika Kladusa, which occurred when a house owner shot at a man who was writing SDA graffiti on a house wall." Actually, the incident occured in the night of Sep. 13. Shots were fired on the house owner by those who were writing the graffiti, and in the moment when the house owner was going to inform the police about this event. BiH TV apologises to Ivanko and BiH TV watchers for making this rude professional mistake.
