**Sarajevo** – SDA, Party for BiH, LBO and GDS signed an official document on the establishment of a coalition 'For the Unified and Democratic BiH'. The newly established Coalition registered at the OSCE for the upcoming elections. The Coalition will hold its first press conference on May 17.

**Sarajevo** – BiH President Izetbegovic met Nuncio Monterisi, who conveyed the Pope's greetings to Bosnians and his satisfaction with regard to the visit to Sarajevo this April. The Vatican is ready to help BiH, especially with regard to return of refugees.

**Sarajevo** – Izetbegovic and Vice-president of the Federation, Ganic, held separate meetings with the representatives of the International Crisis Group and discussed the implementation of the DPA.

**Sarajevo** – 4th session of the Federation HoP – MP's should have discussed and adopted the Law on Municipalities by consensus. However, today's session was similar to the HoR session held the day before. SDA and HDZ MP's just argued about the disputable Usora Municipality instead of trying to solve the problem. HDZ MP's said that the Republic of Bosnia and Herzegovina should be called 'so-called Republic of BiH', since the same term is used for Herceg-Bosna. HDZ MP Ivan Bender asked for the report on the Djedovic case, claiming that his arrest was unconstitutional and demanding punishment for those ordered it. The Federation Government held its session during the three-and-a-half-hour recess of the work of the HoP, on which it decided to appoint working groups which will be tasked with reaching an agreement on the Law on Municipalities by May 24, until when the HoP session was postponed.

**Sarajevo** – Ejup Ganic talked with the PEC Deputy Chairman, Robinson about the Brcko elections, modalities of the election rules which should create conditions for a multi-ethnic society after the elections, and strengthening of democracy in the spirit of the arbitration decision and the DPA.

**Brcko** – International Helsinki Committee for Human Rights of the RS and FRY is concerned about the Brcko elections. They think that the elections should include the whole of the pre-war Brcko Municipality, saying that the OSCE decision could definitely destroy the multi-ethnicity which the town used to have.

**Sarajevo** – At the extraordinary panel discussion of the Congress of Bosniak Intellectuals, the members of the Council talked about the BiH position in the world and the DPA, stressing that the Serbs got their part of the land and the Bosniaks verified that, believing that all peoples would return to their places of origin and live and move throughout BiH freely. However none of that was fulfilled. The main obligation of Sarajevans and BiH citizens is to constantly remind the world about the tragedy that occurred here and appeal to its sense of morality to help them.
