## **TV BiH News Summary:**

War in BiH must be called by its real names 'aggression' and genocide – Party for BiH President Haris Silajdzic (00:38)

"People use to come to BiH because of Radovan Karadzic, who was indicted for war crimes by The Hague Tribunal, today they come here for a dead poet, Party for BiH President Haris Silajdzic told a press conference in Sarajevo on Saturday. Silajdzic insisted on the use of the terms "aggression" and "genocide" instead of the term "war" because this is used to transform genocide committed in BiH into a plain ordinary ethnic conflict, he told the gathered journalists.

Shameful OSCE decisions will not stop HDZ from winning elections – Jelavic (00:34)

In spite of the shameful OSCE decision on the election of delegates to BiH Parliament House of Peoples, the HDZ BiH will participate in November elections and is certain of its convincing victory, HDZ BiH President Ante Jelavic told an election rally in Bugojno on Saturday. Jelavic also addressed the issue of preparations for an all-Croats congress and referendum that are due to take place in November.
