Ganic responds to SDA recommendation for him to resign - TV BiH program Zarista

In an interview with the TV BiH program Zarista, BiH Federation President Ejup Ganic answered the question whether he would resign or not. "At this moment in time, when BiH central institutions are not functioning, when we do not have a government, when the Presidency is holding 'formal sessions' only, when the RS, from time to time, acts as if was a state within the state, do we need more chaos? The Bosniak people need people that will take them to the world, not the ghetto. I have decided to remain at my post.

I am the President of the citizens of the BiH Federation."

He stated that the SDA would not vote for Tihomir Gligoric (for Chairman of the BiH Council of Ministers) because Gligoric is unable to cooperate efficiently with the International Community.

The aim of the conference is to inform BiH experts in the copyright field of international expertise in this area. IMC Director General Krister Thelin stressed that the absence of legislation in the area of copyright is not the main problem, but the failure to respect and implement them. The full implementation of copyright is possible only after legislation is adopted in accordance with European standards at the BiH state level, Thelin concluded.
