

Condemnation of the attack on Slavo Kukic

In the strongest possible terms the OHR condemns yesterday's violent attack against Professor Slavo Kukic in his office at Economic faculty of Mostar University. The OHR expects competent police and judicial institutions to investigate this case swiftly and bring perpetrator to well deserved justice. Violence of any sort, including politically motivated attacks, has no place in a civilized discussion. Everyone who thinks otherwise or supports such actions is on the wrong side of accepted democratic behavior.
