

HR Receives Mostar Petition, Urges Participation in Talks

The High Representative Valentin Inzko received a delegation from Mostar, which included Mostar Mufti Seid Smajkic, Salem Maric and Arif Fazlic.

The High Representative urged all political parties to participate in talks to find a way to implement the BiH Constitutional Court decision relating to Mostar.

The High Representative called on his interlocutors to help ensure that political leaders take advantage of the facilitation effort undertaken by the international community under the auspices of OHR to end the deadlock in Mostar. He also reiterated his conviction that a just settlement – that threatens no one – can be achieved.

During the meeting delegation members handed a petition to the High Representative.
