BiH HoR discusses VAT effects	BH Radio 1 by <u>Mustafa Karahmet</u> – BiH House of Representatives has commenced the session discussing the information on the first effects of the VAT introduction in BiH, which was submitted by the BiH Council of Ministers. The deputies were addressed by the Indirect Taxation Administration [ITA] Director Kemal Causevic instead of BiH CoM Chair Adnan Terzic , who was late for the session. Causevic said that tax revenues in the first quarter of 2006 is 52% higher than those collected in the same period last year. He noted this amount for 2006 was approx. 1,471 billion KM [out of which 981 million KM came from VAT]. He underlined that VAT introduction had positive effect on foreign trade exchange: revenue earned from export was equal to 28% of import expenditures before the VAT introduction, while this percentage in May 2006 increased to over 50%. Causevic also stated that VAT refund has been functioning well. On two previous occasions, the BiH HoR failed to discuss the Information, which was to be presented by Terzic, because the MPs from the RS walked out of session as the Sarajevo Commission had not been established. RHB – announces the session.

Association for Protection of Old Foreign Currency Savers called on all foreign currency savers not to break their contracts with banks	BHT1 – The Assembly of the Association for Protection of Old Foreign Currency Depositors in BiH urged all foreign currency savers not to break their contracts with banks, and not to sign the agreement according to which they would each be given KM 100 immediately, while the rest of their saved money would be paid in shares during next thirteen years. President of this Association's Steering Board Amila Omersoftic said that the Parliament [in April 2006] passed the law on foreign currency savers under the pressure of Council of Ministers Chair Adnan Terzic ; she argues this law does not guarantee that depositors would ever see their money again. Hayat – Omersoftic stated: <i>"We are forced to change the debtor and break the contract with the banks to get 100 Km by verifying the savings, 1000 Km will be given in 2007 and after that 13 years of bonds that we have no guarantees for. We also have to renounce the rights to file charges against Government in case they fail to pay the old foreign currency savings."</i> She added in this way the FBiH taxpayers would be paying the savings, adding that the Association will focus on the BiH judiciary and the filed charges. FTV – Association welcomed Constitutional Court's decision to repeal the law from 2004, which basically postponed the return of foreign currency savings; Omersoftic expressed hope that the latest law will be repealed as well. Dnevni List , pg 3 'Unsuccessful Cengic's pre-election speech', by <u>Mensud Zorlak</u> – carries comments by Omersoftic. DL also notes that the Assembly of foreign currency holders was abused by Muhamed Cengic , who called on savers to vote for him in the October elections. <p>Igman Initiative two-day conference commences in Sarajevo, discussion focused at media</p>	<p>BHT1 by <u>Marina Martinovic</u> – Two-day conference of the Igman Initiative under title “Monitoring of Media Reports in the Dayton Triangle States” commenced in Sarajevo on Sunday. The Initiative was established in 2000 and it comprises of more than 140 NGOs from Serbia, Montenegro, BiH, and Croatia, with a goal to facilitate renewing cooperation and normalizing inter-state relations within the Dayton Triangle. This year’s conference concluded not only that media in these neighbouring countries do not cooperate enough, but instead they even contribute to deepening of social, cultural, political and informative gap between the citizens of those countries. According to BHT1 reporter, this is the main conclusion of the monitoring media reports conducted by experts of the Igman Initiative with the help of Norwegian Embassy to BiH. Director of the Radio Free Europe [RFE] Nenad Pejic stated: <i>“The thing we used to call ‘a profession’ has slackened sharply, criteria are extremely low, so almost anything is allowed... That is a direct consequence of a political control over media.”</i> The first step out of such media reality, according to BHT1 reporter, is a weekly television magazine, which would be broadcasted in all four countries in the region, in cooperation with the RFE. Hayat – It was stressed that media in the former Yugoslavian countries are politically influenced which is against the European standards. The conference also agreed to publish the series of relevant texts urging the higher rate of professionalism. FTV – Representatives of Governments and non-governmental organisations from BiH, Croatia, Serbia and Montenegro are attending this session, along with eminent journalists and heads of OSCE missions in those states. RTRS – The project showed that media in BiH and neighbouring countries is more dedicated to writing about break-up of former Yugoslavia than about way of BiH, SCG and Croatia to EU. Dnevni List pg 2 ‘Journalists promoting neighbouring countries’ by <u>R. <p>Possible new blockade of ITA account over distribution coefficients</p>	<p>Nezavisne Novine pg 2 ‘A new blockade as of 1 July possible’ by <u>R.Cengic</u> – Daily notes that although session of the ITA Steering Board is scheduled for Tuesday to discuss and determine permanent distribution coefficients, it is still uncertain whether they would be defined. Daily notes referring to its source close to the ITA Chair Board President Joly Dixon that <i>“ITA SB members, Finance Ministers and experts are defining methodology for determination of coefficients. However, there will be nothing from the agreement until premiers within BiH Fiscal Council agree on specific methodology.”</i> ITA SB member Sefika Hafizovic says that at this point, three proposals are in game: the one she proposed, the one proposed by RS Finance Minister and proposal of ITA Department for Macro-economic analyses (without elaborating on contents on each).</p>

<p>DA: Proposal of RS Finance Minister Dzombic for allocation of money from single account is blackmail</p>	<p>Dnevni Avaz cover splash, pg 2 'New blackmail by Dodik's ministers' by <u>T.Lazovic</u> – Daily learns that RS Finance Minister Aleksandar Dzombic would propose fixed coefficient for the RS [32% of total income] in allocation of money from the Indirect Taxation Administration [ITA] single account. FBiH Finance Ministry expert Hajrudin Hadzimehanovic confirmed for daily, that Dzombic earlier announced this as one of the possibilities to solve this inter-entity dispute by setting fixed coefficients independently on how much revenues come from each entity/ Brcko District. According to the current legislation, money is to be allocated in such way that more entity is spending more it would receive from collected public revenues, whereas this sum is calculated every month. Hadzimehanovic stated Dzombic's proposal would mean change to the law on allocation of the public revenues from the single account : <i>"Even if the coefficients could have been fixed, there would have to be a basis for that, whether it would be territory, number of dwellers, they cannot be groundlessly fixed, without formula by which these [coefficients] would be calculated."</i> Article carries that Dzombic's proposal would mean that FBiH and Brcko District would lose almost 3% [approx. 10 million KM monthly], adding that such demand <i>"has a form of blackmail... and it could lead to blockade in allocation system again"</i>. Author concludes that this is maybe one of aims of RS Prime Minister Milorad Dodik's Government, for all of his ministers are resisting the reform processes at the state level.</p>

EuroBlic: BiH diplomats spend 41 million KM per annum	EuroBlic RSpG 2 'Diplomats spend BAM 41 million' by <u>Mirna Soja</u> - Daily reports that BiH currently has 55 embassies throughout the world, that spend the total of BAM 41 million on annual basis. Owing to limited financing, BiH Foreign Ministry does not plan to open new Embassy offices this year, neither to close any of the existing ones., the analysts are of the view that the effects of the work of diplomatic and consular representative offices of BiH are weak, since many embassies and consular missions do not deal with economic diplomacy neither do they contribute to improvement of image of the state in the world. Adnan Hadzikapetanovic , Secretary with BiH Foreign Ministry says that Foreign Ministry is satisfied with the work of BiH missions, being aware of the fact that <i>"effects of their work are minor. Generally speaking, they should be working more on improvement of BiH image and to engage in economic diplomacy."</i>

As for radicalisation of situation in BiH, he assigns responsibility for that to Party for BiH (SzBiH) and non-adoption of constitutional changes, underlining: <i>"While amendments to BiH Constitution were discussed, they committed a crime towards the state, whose consequences we cannot perceive as yet from realistic point of view."</i> According to him, it is still too early to speak about possible SDA coalition with SDP. Daily observes Tihic is the sole candidate of SDA for position of Bosniak member to BiH Presidency.</p>
<p>BiH CoM Chair Terzic: SDP leader Lagumdzija and SDA leader Tihic obviously have agreement to attack me</p>	<p>Dnevni Avaz pg 4, mentioned on cover 'Lagumdzija and Tihic obviously agreed attack on me' by <u>E.Sarac</u> – Commenting his statement at the occasion of SDA Main Board session in Tuzla held on Saturday, when he said that some from his party would love to see SDP leader Zlatko Lagumdzija at his position, BiH Council of Ministers Chair Adnan Terzic explains in a short interview for daily: <i>"I mentioned Lagumdzija for there is a, for me astonishing, relationship between president of my party [Sulejman Tihic] and Lagumdzija, that was obvious not only through a fight to have constitutional changes adopted, but also through a set of Lagumdzija's attacks on me, which is for sure part of their agreement."</i> Inset 'Personnel policy' – Commenting the fact that he is not list-holder for the BiH Parliament, Terzic said: <i>"It is matter of SDA personnel policy, leader Sulejman Tihic and his concept of setting new infrastructure of the party."</i></p>

She notes the objection Hasan Cengic and Adnan Terzic made regarding work of Sulejman Tihic, was in relation with his "coalition" with SDP's leader Zlatko Lagumdzija. She concludes by saying that regardless of how much it was unimaginable after the death of Alija Izetbegovic that Tihic would be a true leader of SDA, it has showed over years not so many people would have reached decisions in the interest of party goals, i.e. centralisation of BiH.</p>

Glibusic also warns of possible post-election scenario, which could make the position of the Croats even more difficult, namely Glibusic believes the winning Bosniak parties in the FBiH will form coalition with one of Croat coalitions that would request less seats in the future executive authorities.

What one has to do first is to make sure the system functions and after that, if it is not good, one has to make sure to change it. However, it is hard for me to think that anything can be worse than what you have had so far"</i>, said Davidson. Cartwright added that no single solution would suit everyone (in Mostar). <i>"Honestly, if Mostar authorities can get to a better solution than the present one, nobody would be happier than me"</i>, said Cartwright.</p>

He observes last few months have shown we are sliding towards darkness of intolerance and that bugaboo of nationalism is ruling our lives. Further commenting the request, SG Annan further noted that it is difficult to expect that ICTY and its Chief Prosecutor would be able to do what Governments in the region and NATO forces failed to do so far: to locate and apprehend Mladic and Karadzic. FTV, PINK, Nezavisne Novine pg 5 'Proposal of Carla del Ponte is unrealistic' by SRNA also covered.

<p>Patriot claims SIPA filed denunciation against PB ES Administrator Robinson before BiH Prosecution for criminal activities at PB ES</p>	<p>Patriot pgs 10-11 ‘Robinson robbed Privredna Banka’ by <u>Mirjana Miljanovic</u> – Author notes that Toby Robinson, Provisional Administrator of Privredna Banka East Sarajevo has obviously came to BiH to make more money. Author elaborates on last weeks’ claims of defence attorneys of defendants in case PB ES that a Report has been filed with BiH Prosecution against Robinson regarding criminal act she committed at PB ES. Weekly reports referring to reliable sources, SIPA did indeed file a denunciation against Robinson and other suspects in this case suspected of illicit personal financial gain of millions worth. Author alleges Robinson approved many loans to person(s) although PB ES’ property was supposed to be handled by Court, which was not the case here. In regard to partial stripping of immunity from Robinson by OHR Legal Representative, Anthony Sarkis, weekly notes that HR to BiH Christian Schwarz Schilling has decided to do this after acknowledging Robinson was “heavily” engaged in criminal activities and he did not want to be possibly linked with charges before a court he protected a criminal. Partial immunity stripping refers only to case of PB ES. It also means immunity for criminal proceeding before local court remains. Dusko Tomic, defence attorney of Momcilo Mandic, claims that he has already identified two persons in Texas who will sue Robinson before American Federal Court for crime committed at PB ES.</p>
