RS Communications Minister Cubrilovic: Minimum €400 million for privatization of 'Telekom Srpske'; tender in June	<p><b>RTRS</b> By Sinisa Mihajlovic -RS Traffic and Communications Minister <b>Nedeljko Cubrilovic</b> said on Saturday in Banja Luka that 'Telekom Srpske' should be privatized by the end of the year. RS Government reported that the minimum price of the 65% of the state capital of 'Telekom Srpske' and 5% of the RS restitution fund would be 400 million Euros. Price will be even higher since Pension and Disability Insurance Fund will offer 10% of its stocks. According to Cubrilovic, RS Government will not consider lower amounts. 'Telekom Srpske' had profit of 80 millions and 400.000 KM last year. Stockholders will get 70 million KM of the profit. New potential buyer of 'Telekom Srpske' can expect to have 800.000 users of steady phones and 1,5 million users of mobile phones. 'Telekom Srpske' HQ must remain in Banja Luka. New buyer would have to respect the contract with the syndicate and invest at least 50 million Euros in the first year. Five to seven big European mobile telephone companies are interested for sale of 'Telekom Srpske'. The underground network would be included in the privatization. RS Finance Minister <b>Aleksandar Dzombic</b> said that the new buyer would have to obligate by the contract to provide permanent access to the RS Government to this underground network. Stockholders will keep 20% of stocks. 'Telekom Srpske' believes that the first privatized telecommunications company would earn the most. 'Telekom Srpske' believes that competition at the market will be good for the users due to the better prices. New building of 'Telekom Srpske' would not be included in the privatization and will be sold to the RS Government. <b>PINK</b> - According to Cubrilovic, tender will be opened after the RS National Assembly session, which should be held on June 20. <b>BHT1</b> - In order to conduct the privatization procedure, RSNA will have to adopt the new law on privatization, which is expected to happen in June. <b>Hayat, FTV</b> - also carried.</p>

RS Finance Minister Dzombic: Session of Fiscal Council to be held in Sarajevo on Monday	<b>RTRS</b> – RS Minister of Finance <b>Aleksandar Dzombic</b> said that blockade of Indirect Taxation Administration single account does not affect RS finances, adding that the session of Fiscal Council would be held on Monday in Sarajevo. Dzombic also said that the VAT application of BiH Telecom in FBiH is disputable since shows higher expenditures adding that this affects the establishment of the allocation coefficients. <b>Dnevni Avaz</b> pg 4 ‘Dzombic: Extraordinary session of Fiscal Council tomorrow’ by N.Diklic, <b>Nezavisne Novine</b> pg 3 ‘Tomorrow about allocation of VAT incomes’ by R.S., <b>Dnevni List</b> pg 5 ‘Blockade due to Telecom’ – also carried.
BiH CoM Chair Terzic: RS PM Dodik blocked all the reforms; stance towards him must be re-examined	<b>Dnevni Avaz</b> cover splash ‘Dodik blocked all the reforms’, pg 5 ‘We have to re-examine stance towards Dodik’ by Tarik Lazovic – Commenting recent issues regarding allocation of VAT incomes [blockade of Indirect Taxation Administration single account], in an interview for daily BiH Council of Ministers Chair <b>Adnan Terzic</b> stated: <i>“As a result of VAT collection, we have significant surplus, even more than planed 150 million KM. We have situation now that the entire surplus goes to entities and I am afraid that they are using it improperly at the moment... It should not have been used without any plan or budget rebalance.”</i> Observing objection set by the International Monetary Fund how administration is spending too much money, Terzic noted that state institutions have little opportunity to digress from the budgetary plan, while entities and cantons are spending money without control. Talking about other reform processes, BiH CoM Chair said: <i>“Reforms are on hold since new RS Government came into power. Government of <b>Milorad Dodik</b> is not only holding processes, it is taking them back. Whole this story about coefficients is aiming to show how system of taxation is not working, implying that we have to go back to the previous system. This won’t happen, but it clearly reveals Dodik’s intentions. I think that FBiH parties that supported him must not keep their eyes closed, they must take stance towards his behaviour. I am not talking about rhetoric, but about processes that are blockaded due to RS Government.”</i>

<b>Debate on RS referendum initiative/police reform</b>	
US highly ranked official DiCarlo on RS referendum	<b>Hayat</b> – USDeputy Assistant Secretary in the Bureau of European and Eurasian Affairs <b>Rosemary DiCarlo</b> said that the referendum in RS is not expected and that the issue of BiH borders is regulated by Dayton Peace Accord, adding the RS is a part of BiH. <b>RTRS</b> , <b>Dnevni Avaz</b> pg 2 ‘DiCarlo: RS is part of BiH, Kosovo is something else’ by Fena – also covered.

Dukic used the opportunity to present SPONA and explain its organisation claiming that they present 70% of the population in RS. He said that the referendum initiative is based on human rights on expressing determination, which embedded in the BIH Constitution and the International Conventions: <i>“International Community (IC) participated in the disintegration of former Yugoslavia, declaration of Montenegro independence and Kosovo status. We deem that RS has legitimacy to express its will regarding the country it wants to live in.”</i> Wondering how come that NGO is working together with the RS Government, Ajanovic said that to RS everyone else is guilty but their criminal ideology. Ajanovic stressed that RS is undermining the historical integrity of BIH adding: <i>“It has been created only under the insistence of IC, <b>OHR</b> etc. Thank you for waking up the lethargic citizens by releasing the beast from the Karadzic’s hotbed of evil”</i> . After this statement, Dukic accused Ajanovic of shooting at people during the war on what Ajanovic sarcastically noted: <i>“now the victim will be accused because it was defending from the criminal”</i> . Noting that if the constitutional changes were adopted, Ajanovic said that RS would have the legal opportunity to organise the referendum and separate from BIH. Dukic protested because Ajanovic talked about 1992 since the organised referendum on independence led to the war. <i>“If this continues, we will organise the petition for removing [RS Prime Minister <b>Milorad</b>]Dodik and prohibiting the right for organising referendum,”</i> underlined Ajanovic.

He noted that some of the bitter remarks made by the Serb officials on the independence would not ruin the general feeling. Commenting the statements of RS politicians that referendum on separation should be organised in RS, Krivokapic stated: <i>"Parallel cannot be drawn since Montenegro existed as the state in the history while that is not the case with RS. I told this to [RS Prime Minister <b>Milorad</b>] <b>Dodik</b>. Nevertheless, Montenegro refuses to interfere. We want to be good neighbours, which can help but not interfere"</i> .
Author Vesovic: RS PM Dodik is trying to continue Karadzic's plan	<b>Hayat By Senad Hadzifejzovic</b> – In an interview to Centralni Dnevnik, author <b>Marko Vesovic</b> commented Montenegro independence as their escape from the failed ideology since they were first to support 'idea on Greater Serbia'. Commenting the issue over Kosovo, Vesovic stated that the late <b>Slobodan Milosevic</b> gambled and lost Kosovo and that <i>"the attempt of (RS Prime Minister) <b>Milorad Dodik</b> to connect Kosovo with status of RS is just the second phase of <b>Radovan Karadzic's</b> plan. Karadzic had ethnical cleansing in RS so that Dodik can now organise referendum and declare the separation from BiH. And they could win because only Serbs are now in RS"</i> . Vesovic refused to believe that this was only Dodik's pre-election campaign because <i>"he is too radical with this issue"</i> . Vesovic has been arguing for abolishment of RS because <i>"if it remains than it would present the reward for the monstrous war crimes"</i> .

Without its police, RS is an entity. With it, it is much more than that. It is, as some believe 'state'. This is why the police reform was the heaviest issue from the very beginning, it remained the issue of dispute for years. Principality of International Community is on test now."</i> Noting that RS politicians does not care if talks on Stabilisation and Association Agreement [SAA] are put on hold due to eventual failure of police reform, for it would only put BiH's position closer to Serbian, author concludes: <i>"It is obvious that this issue will have to wait the next year. [RS Prime Minister <b>Milorad</b>] <b>Dodik</b>, that has ambition to become state PM, could be in position of signing SAA which would say that RS is not a 'state' and that it has no [its own] police."</i>
