<p><b>EU and BiH Parliamentarians meet in Banja Luka; Doris Pack: Failure of const. reform a step backwards for BiH, but will not endanger SAA talks; Chief Negotiator Davidovic: path to EU may be more difficult but not halted</b></p>	<p><b>PINK</b> - EU and BiH parliamentary delegations are holding eighth meeting, this time in Banja Luka, to discuss a wide range of topics including talks on the Stabilisation and Association Agreement, tackling corruption, the cooperation with the ICTY and constitutional reforms. Deputy Chair of the BiH Parliament's Commission for European integrations, <b>Vinko Radovanovic</b>, and Chief of the EU Parliament's Commission for the Southeast Europe, <b>Doris Pack</b>, chaired the meeting. <b>BHT1</b> - BHT1 says the main topic was failure to pass the constitutional changes, whereas the stance of the EU Parliament is that BiH made a step backward and lost a momentum in the process of the European integrations. Pack noted that the failure of the constitutional reform was not an obstacle in terms of further stages of the SAA talks, however said it was not a positive sign. The parliamentarians, said Pack, should bear full responsibility "because I think that BiH needs more functional institutions at all levels. This was the first step to have it achieved but unfortunately it did not happen". BiH MP <b>Halid Genjac</b> agreed with Pack: "It is sure that by failing to pass the constitutional changes, BiH' path towards the EU has been slowed down." <b>Hayat</b> - BiH Chief negotiator <b>Igor Davidovic</b> said the EU would not impose sanctions on BiH: "It's difficult to say how this would impact the SAA, it might prolong the negotiations, make them more difficult, but definitely the SAA negotiations will not be halted. Technically the negotiations can be finished by the end of this year. We all aspire to sign SAA this year but there is a chance for the signing to take place at the beginning of the next year". Davidovic believes that BiH could sign the SAA by the end of 2006. <b>Hayat</b> By ATV, Banja Luka -Pack noted that the non-adoption of the amendments to the BiH Constitution is not a tragedy as those changes were rejected democratically. <b>RTRS</b> - Pack hopes that institutional reforms would take place after elections in BiH. In terms of issue of war crimes at large, Pack said that Serbia should extradite <b>Ratko Mladic</b> while BiH was in charge of <b>Radovan Karadzic</b>. "If [NATO's] SFOR failed to find him, I cannot blame domestic politicians in failing to do that", said Pack. <b>Dnevni List</b> cover pf splash pg 2 'Negotiations with EU sill not be suspended' by T. Calic also carries Pack as saying that non-adoption of constitutional amendments is not an obstacle to further negotiations on SAA but it would be an obstacle to other things and conditions that BiH must meet on way to the EU. <b>FTV, Oslobodjenje</b> pg 7 'Momentum in EU integrations is being lost' <b>Dnevni Avaz</b> pg 4 'Mladic is obligation of SCG and Karadzic of BiH authorities' by N.Diklic, <b>Glas Srpske</b> cover pg splash 'Police in line with system' by G.Dakic, <b>Glas Srpske</b> pg 3 'Accession without obstacles' by Z.M._ - also covered.</p>

He added that the domestic authorities have full responsibility in the course of this process of changing the Dayton Peace Agreement. The RS National Assembly Speaker <b>Igor Radojicic</b> noted the RS could not wait anymore for the passage of the law at the state level, and announced that unless the BiH parliament adopts it by the summer break, RSNA would do so by the beginning of the new school year. Radojicic added the RS is not ready to loose another school year so “<i>we are going to adopt the entity higher education law based on the Bologna declaration i.e. EU standards</i>”. EU Parliamentarians stressed that this was not the right way for RS noting that higher education law must first be adopted at the state level. Hayat notes that Pack and the RS officials have not discussed the cooperation with the ICTY almost not all “<i>due to more urgent questions</i>”. RS Prime Minister <b>Milorad Dodik</b> said they “<i>immediately got caught on the police</i>”. Pack also urged Dodik to devise the plan for return to Posavina. <b>BHT1, Oslobodjenje</b> pg 7 ‘Momentum in EU integrations is being lost’ <b>Dnevni Avaz</b> pg 4 ‘Mladic is obligation of SCG and Karadzic of BiH authorities’ by N.Diklic, also carried. <b>Glas Srpske</b> cover pg splash ‘Police in line with system’ inset ‘A call’, <b>Nezavisne Novine</b> pg 4 ‘To reach solution on police reform asap’ by D.Risojevic, <b>EuroBlic</b> RSpg 2 ‘RS for a compromise’ by Rajna Radosavljevic – also carried. <b>Nezavisne Novine</b> pg 5 ‘RS will adopt its own high education law’ by D. Reacting to SDA public statement (where they criticized SBiH for leaving negotiations) SBiH reminds that SDA leader <b>Sulejman Tihic</b> was once against preservation of entity vote, but in the meantime he “saw the epiphany” and changed the stance, of which “<i>inert SDA bureaucracy wasn’t informed on time</i>”. SBiH stressed that information from “informal talks” could be of help, where SDA and SDP leaders accepted everything that RS PM <b>Milorad Dodik</b> offered, under condition that international factors provide them with exclusive support in assuming power after October elections.</p>

Kaminin announced the official Russia would confirm this devotion during the official visit of BiH Foreign Affairs Minister <b>Mladen Ivanic</b> to Russia on May 4 and 5. VL underlines that such solutions do not require a two-third majority backing of the MPs.</p>
<p><b>GS op-ed: non-adoption of const. changes showed - it is not RS, it is BiH that is in crisis</b></p>	<p><b>Glas Srpske</b> op-ed pg 2 '(Un)fair (un)truth' by Tomo Maric - Referring to the non-adoption of constitutional amendments, the author notes this event confirmed the thesis it is not RS but it is the state of BiH that is in crisis. He also believes that it is not RS as an entity that is disputable, but it is the unity of multi-national state, which is powerless to endure even the smallest test, that is disputable. The author says: <i>'regarding the same issue, those who dare, those who are without prejudices and without any complexes, would ask the international community and High Representative: how stabile and prosperous RS as an entity would have been if it had even a tenth part of the support the state of BiH has'.</i></p>

SD says that on the ground of this decision the end was put on the stories about creating of a big coalition of Croat parties led by HDZ 1990. Also reported by <b>Dnevni List</b> pg 19 'Rightists accuse International Community and HDZ' carries that HSP Djapic-Jurisc believe that apart from HDZ BiH and HDZ 1990, the International Community is also responsible for the difficult position of Croats.</p>

<p><b>Police reform and other police issues</b></p>	
<p><b>EU MP for SEE Pack:</b>  <b>Obstacles in police reform are not as large as it seems;</b>  <b>RSNA Speaker Radojicic: decisions made without consensus mean nothing</b></p>	<p><b>PINK</b> by Ljubisa Davidovic - The Chief of EU Parliamentary Commission for the South East Europe, <b>Doris Pack</b>, met the RS Prime Minister <b>Milorad Dodik</b> discussing the police reform in BiH. Pack stressed this was one of main conditions to conclude the talks on the Stabilisation and Association Agreement with the EU. <i>"I feel the obstacles (in the police reform) are not as large as they seem to be"</i>, stated Pack. Dodik repeated the RS has nothing against the reform, adding issues are police budget and internal organisation. Dodik also stated that if issues of the budget and salaries are not agreed upon at the PRD meeting than the talks on police reform would be interrupted. <b>Nezavisne Novine</b> pg 4 'To reach solution on police reform asap' by <u>D.Risojevic</u> - Dodik said that BL has accepted that budget framework for police is reached at state level, but it should be financed through entities and should be accompanied with extensions of powers of the state security ministry, adoption of state law on police and unobstructed work of police from one entity on the territory of another. <b>BHT1</b> - Dodik stressed: <i>"Some have certain idealistic ideas; namely they want to abolish the RS police, to have its budget abolished which we find unacceptable"</i>. RS National Assembly Speaker <b>Igor Radojicic</b> commented the issue: <i>"Any unilateral decision does not present a decision since any solution, reached without consensus would bring no dynamic but cause other problems"</i>. Pack noted: <i>"I am not the one in charge of this particular reform but I have to say that there is a political agreement everyone agree with but the problem is in its implementation"</i>. <b>Hayat</b> by <u>Lejla Gutlic</u> - Dodik recently stated that RS Mol can be integrated into BiH structures with the joint coordination body at BiH Council of Ministers regarding the major issues of state importance but he would not accept the abolishment of RS Mol. Hayat also features Radojicic's earlier statement on nothing new solved because PRD keeps proposing <i>"failed Martens' proposal"</i>. <b>FTV</b> - carries both. <b>Glas Srpske</b> cover pg splash 'Police in line with system' by <u>G.Dakic</u>, <b>EuroBlic</b> RSpG 2 'RS for a compromise' by <u>Rajna Radosavljevic</u> - carries Dodilk. <b>Nezavisne Novine</b> pg 4 'To reach solution on police reform asap' by <u>D.Risojevic</u>, <b>EuroBlic</b> RSpG 2 'RS for a compromise' by <u>Rajna Radosavljevic</u>, <b>Dnevni List</b>, pg 7 'Unilateral decision would cause problems!', by <u>not signed</u> - carried Radojicic.</p>
<p><b>RS PM Dodik: police financing can be decided on the state level, but implementation must go trough entity institutions</b></p>	<p><b>BHT1</b> current affairs program 'Posteno Govoreci' by <u>Duska Jurisc</u>- Commenting the police reform, RS Prime Minister <b>Milorad Dodik</b> stated that RS Government accepts all principles set by the European Commission, but added that these principles could be interpreted in many different ways. Dodik stated that police work should be regulated by common law, police financing and its budget can be decided on state level, but the implementation of budget must go through RS institutions. RS Prime Minister agrees that the entity lines shouldn't block police, but he stresses that RS Police and RS Ministry of Interior must remain a part of BiH police structure.</p>

<b>PRD Steering Board meets today to discuss police structure</b>	<b>FTV, PINK, RTRS</b> - The Steering Board of the Police Reform Directorate is expected to vote on the future structure of the police forces in BiH at a session scheduled for Wednesday. This structure has been defined at a session previously held on 26 April, however the proposal has not received support of the RS representatives.
<b>Sead Lisak not to attend PRD SB session, but submitted written endorsement for plan</b>	<b>Dnevni Avaz</b> cover splash 'Day of decision for police reform' and pg 4 'Lisak: This is a Day D for police reform' inset 'A letter to Vinko Dumancic' - According to report, member of the PRD Steering Board <b>Sead Lisak</b> will not attend today's session of the PRD SB, owing to which reason he has addressed a letter to <b>Vinko Dumancic</b> , PRD SB Chair, informing him he supports the agreed decision. Daily adds that last week's session of the SB agreed that owing to absence of compromise, decision is to be reached through plain majority vote of attendees. <b>Dnevni List</b> , pg 7 'Police structures must be integrated', by <u>Erna Mackic</u> - Lisak calls for integration of police structures in BiH between the entity and cantonal Mols.
<b>PRD SB member tells NN majority of SB members agree on model defining state in charge of judiciary and finances</b>	<b>Nezavisne Novine</b> pg 4 'To reach solution on police reform asap' by <u>D.Risojevic</u> - Daily learns from one of members of the Police Reform Directorate Steering Board that that: <i>"Majority of members of PRD SB supports the model stipulating that the state is in charge of finances and judiciary, and to have certain competencies in security sector covered by SIPA and SBS powers. In line with this model, the operational police job would be entrusted to local police regions."</i>
<b>PRD SB member Lisak not to attend SB session, sending letter to SB Chair informing him he supports agreed decision on police reform</b>	<b>Dnevni Avaz</b> cover splash 'Crucial day for police reform', pg 4 'Lisak: This is a D Day for police reform' by <u>E.Sarac</u> - The Member of the Police Reform Directorate's Steering Board, <b>Sead Lisak</b> , believes that PRD SB's session on Wednesday is of vital importance for BiH. He adds he expects the Board to adopt the proposal of the police structures earlier proposed to be adopted as eight out of nine members of Directorate were in favor of it expect the member from the RS. <i>"I am free to say that this is the D Day. By passing or rejecting the decision, the BiH would demonstrate if it is in favor of the reform processes and EU association, or in favor of maintaining the current status"</i> Lisak told DA, adding everybody is aware that current police structure is inefficient. Lisak emphasized that this is a moment to decide whether BiH wants professional police, or police under political patronage, reminding that three EC principles are very clear. <i>"European principles stipulate common law at the state level, single budget and prevented political interference and organization of functional police regions. Thus, the regions would refer to the operative police work and not the administration"</i> said Lisak. He also emphasized that solution that RS officials proposed foreseeing the three levels of the police [state, medium and local] is not new and is in fact just a replica of the current status. Lisak deems the decision on single police structure also means that approx. 80% of the job is completed and it would enable PRD to finish its job by September 30, as it was foresaw by the Agreement on police restructuring. Inset 'Politics has a chance after September 30'- Lisak deems that interference of politics in this phase is counterproductive. <i>"They should let us professionals finish the job and politics would have chance after September 30 to declare on our proposals"</i> said Lisak, adding that OHR, EUPM and US Embassy support their proposals.
<b>RS PM Dodik met EC' Humphreys and Austrian Ambassador reiterating RS Govt.'s commitment to police reform</b>	<b>Dnevni Avaz</b> pg 4 inset "Talk with Humphreys and Almhofer", <b>Nezavisne Novine</b> pg 4 'To reach solution on police reform ASAP' by <u>D.Risojevic</u> , <b>Glas Srpske</b> pg 3 'Government supports reform' by <u>D.Mo.</u> - <b>Milorad Dodik</b> , RS Premier, Tuesday met with <b>Michael Humphreys</b> , Head of EC delegation to BiH, and <b>Werner Almhofer</b> , Austrian Ambassador to BiH, discussing police reform in BiH. According to press statement released from Dodik's Cabinet, <i>"RS Government is committed to police reform in line with European principles and professional standards."</i> Release reads that Premier stressed it is acceptable that legislation defining police field is single at BiH level.

<p><b>CoM Chair Terzic: RS officials are not acting in line with the agreements and are performing pressure over PRD's work</b></p>	<p><b>Oslobodjenje</b> cover splash, pgs 4-5 'Terzic claims Dodik and Cavic are applying pressure on the Directorate' <a href="#">by Azhar Kalamujic</a> - Daily comments that the EC wants to see fully functional police in BiH, but avoids explaining whether this means establishment of two- or three-level police forces [as it was proposed from the RS]. EC spokesperson <b>Frane Maroevic</b> told daily that the Commission would take the stance on the police structure model only after the Police Reform Directorate passes its decision. He added the EC has not received the RS proposal. <i>"In last three months we haven't seen any progress in the work of the PRD and therefore we expect things to speed up"</i> said Maroevic, reminding of reform's importance. PRD member and FBiH Police Director <b>Zlatko Miletic</b> expects the session today to be dedicated only to a proposal stipulating two-level police, emphasizing solution has to be in line with three EC principles. <i>"Demand of the RS officials to preserve entity structure is unsustainable and in contradiction with EU principles"</i> said Miletic, adding some of PRD members are under political pressure. Daily reminded of the "threats" by the RS National Assembly's Security Board which last week stated the police reform would fail if the RS representatives are to be outvoted. Daily added the RS PM <b>Milorad Dodik</b>, RS President <b>Dragan Cavic</b> and RSNA Speaker <b>Igor Radojicic</b> have all rejected idea of abolishing the RS Interior Ministry even at the price of halting the Stabilization and Association Agreement. PDP leader <b>Mladen Ivanic</b> and SIPA Director <b>Sredoje Novic</b> are of the same stance, even though - says daily - Novic was the one who drafted the Agreement along with Council of Ministers Chair <b>Adnan Terzic</b> and Security Minister <b>Barisa Colak</b>. Terzic claims that stances of Dodik, Cavic and Radojicic are in contradiction with the Agreement, adding: <i>"Establishment of the PRD, which would be released of political interference, was agreed. Instead to respect agreements and deals, RS officials are performing unseen pressure over the PRD"</i>.</p>
<p><b>OHR: PRD to find solution meeting three EC conditions</b></p>	<p><b>PINK</b> by <a href="#">Zeljko Mandic</a> - The OHR deems that the Police Restructuring Directorate should find a solution that meets the three EC principles if the police are to be effective in fighting crime within BiH's borders and if BiH is to be an effective partner in the international fight against crime. The spokesperson for the OHR, <b>Mario Brkic</b>, told a press conference on Tuesday that the focus of the meeting [today] is on the first principle, which states that all legislative and budgetary competencies for all police matters must be vested at the State level. <i>"Only the state will adopt the budget for all police matters, and all police bodies will be funded through this budget. This means that the entity or cantonal levels will no longer be competent to adopt budgets on police matters"</i>, stressed Brkic, adding that the importance of this reform must not be underestimated. <b>Hayat, FTV, Oslobodjenje</b> pg 3 'Solutions must satisfy EU principles' <a href="#">by Fena Dnevni Avaz</a> pg 4 'Laws and budget must be under state authority' <a href="#">by Fena, Nezavisne Novine</a> pg 4 'To reach solution on police reform asap' <a href="#">by D. <p><b>SDU's Tokic: SDA and SDP leaders overlook the fact that police reform is the largest problem on BiH's European course</b></p>	<p><b>Dnevni Avaz</b> pg 5 'We will not lose support of friends', mentioned on cover "I do not take Dodik seriously" by <u>Admir Malagic</u>- Commenting on statement of RS Prime Minister <b>Milorad Dodik</b>, who said that SDU leader <b>Sejfidin Tokic</b> "is not competent to be negotiated with on any issue", Tokic said that it is understandable Dodik wants to talk to SDA and SDP leaders, expressing surprise with their shortsightedness. "They are overlooking the fact that largest and the only problem on the BiH' European course is blocking of police reform...and it has to be reminded that this reform is a direct precondition for signing of Stabilization and Association Agreement" said Tokic. He stressed that Dodik and his statements on survival of RS Interior Ministry shouldn't be taken seriously, since RS officials have been against every reform conducted so far. Commenting on failure of constitutional reform, Tokic said that he doesn't believe that BiH would lose support of its friends, expressing his belief that full reform would be conducted after signing of SAA during preparatory phase for EU membership.</p>

He explained such audit would determine if there were any irregularities in this process, and if so whether there were only of systematic nature or the direct responsibility of the ITA officials. Terzic is convinced that ITA Director <b>Kemal Causevic</b> and the ITA Steering Board Chair <b>Joly Dixon</b> didn't deserve the lawsuit that RS Government filed against them last week. Commenting the latter, the RS Prime Minister <b>Milorad Dodik</b> stated the RS has been demanding an audit for months, however their request was not met. Dodik is convinced that Dixon and Causevic are directly responsible for unfair and unjust distribution allegedly causing 40 million KM damage for the RS, and that they have exceeded their authorities. He stressed the Government supports the ITA and recognizes the benefits, but adds that the lawsuit has been based on facts. Dodik expressed hope Dixon would not try to skip the lawsuit calling on diplomatic immunity. According to Dodik, Dixon's decision to freeze the assets on ITA single account [until final decision on coefficients was not reached; this was revoked] was entirely illegal and added such decision was to be made only by ITA Steering Board.</p>
