EU Parliament member Pack meets RS officials: Failure of const. reform will not impact SAA talks, but will be an obstacle for 'other negotiations'	BH Radio 1 by Radmila Grubisa - The Chief of EU Parliamentary Commission for the South East Europe, Doris Pack , met the RS President Dragan Cavic and RS National Assembly Igor Radojicic in Banja Luka today to discuss a failure of the constitutional changes and the issue of framework Law on higher education in BiH. Pack said that non-adoption of amendments to the BiH Constitution would not significantly impact the current stage of the talks on the Stabilization and Association Agreement with the EU, however added it would represent an obstacle for "other negotiations" [without specifying which]. Stressing the current situation following a halt in the constitutional reform slows down reformatory processes in general, she noted the responsibility for the former is still with the BiH Parliament, not the High Representative. Radojicic stressed that if the BiH parliament fails to adopt the higher education law, the RSNA would do so by the beginning of the new school year. Pack is expected to meet the RS Prime Minister Milorad Dodik later today. RHB - announced Pack meetings with RS officials.

Singing of the petition was organized in Banja Luka and several other RS cities.
