The OHR and EUSR welcomes the unanimous adoption of the National War Crimes Strategy by the BiH Council of Ministers of within the prescribed deadline given by the Peace Implementation Council at its November 2008 meeting. The implementation plan requires the BiH Prosecutor's Office to establish a centralized database on all open war crime cases and the BiH State Court to establish a centralized and updated record on the number of indictments confirmed and rendered.

The BiH Ministry of Justice and the Council of Ministers, in close coordination with Judiciary authorities, are now responsible for ensuring the implementation of the strategy. The relevant laws must be amended, the necessary resources provided, and a permanent and professional supervisory body to monitor the implementation of the strategy established without delay.
