And it will be very difficult to complete negotiations if remaining indictees are not handed over. So, they must be handed over."</i> Speaking of speculation that police reform may be implemented within three instead of planned five years, Humphreys said the sooner reform is implemented, the better. He also said that the European Union will not interfere in selection of the negotiating team of BiH on SAA talks, stressing that EU will negotiate with those BiH authorities appoint.</p>

At the same time, the Chair of the BiH CoM, <b>Adnan Terzic</b>, wants to see <b>Mladen Ivanic</b> as chief negotiator and claims Dodik doesn't meet all conditions. SNSD delegated in the BiH Parliament, <b>Milorad Zivkovic</b>, says this is not true, and adds that Dodik has rejected the position that Cavic offered to him. I absolutely agree with Cavic that chief negotiator should be from the strongest opposition party in RS and that this issue needs to be settled inside RS institutions."</i>
SNSD leader Dodik: Chief negotiator has to have everyone's support	<b>Oslobodjenje</b> pg 3 'Dodik: everyone must support negotiator' – SNSD leader, <b>Milorad Dodik</b> , told daily he is still not certain whether he will accept for SNSD to suggest him as the chief negotiator. <i>"Person who goes to Brussels must have strong support of institutions, and not only of the Council of Ministers, but all. It will be Sizif's job,"</i> said Dodik.

And as long as that is the case, there will be no internal agreement on any of the fundamental questions on which European future of this country depends."</i>

He also notes, even though <b>Milorad Dodik</b> is in every way supporter of SCG and not BiH, he is a leader of the opposition thus it is normal that he leads the negotiators. According to the 'forged' proposal, even candidates who do not have the necessary police experience would be entitled to senior police ranks. An OHR spokesman, <b>Mario Brkic</b>, confirmed that the OHR stopped the adoption of the Book of Rules because it was in collision with the state law on police officials. According to available information, the Americans will come up with a proposal that is a result of months long negotiations, on basis of which constitutional principles will be made, which should be eventually signed by the members of BiH Presidency on the 10<sup>th</sup> anniversary of the DPA. According to the proposal, there should be one BiH President, who would be elected in the BiH Parliament, however it is yet unclear whether the President would have one or two deputies or none whatsoever. The State Parliament would have a more important role, namely the House of Representatives, whilst competencies of the House of Peoples would decrease, especially with regards to invocation of the vital national clause. The BiH CoM would become the BiH Government with more power and more ministries (resources, healthcare, trade, agriculture), whilst the chairman of the future Government would have a similar position/status of any EU prime minister.</p> <p><b>Slobodna Dalmacija</b>, pg 19 'Parties 'tailoring' constitution in America', by <u>Zlatko Tulic</u> - Notes that representatives of 8 parties left for Washington on Sunday to talk about the enactment of a new BiH Constitution.
