TV Hayat editor's	TV Hayat by Senad Hadzifejzovic – BiH Council of Ministers decided to direct
	accumulated income surplus of Communication Regulatory Agency (CRA) to
decision to allocate	Public Broadcasting Service. The sum is worth KM 1.156.000. Hadzifejzovic
1,15 million KM to PBS	announces this as the subject for the next CD, having in mind that those
	funds were aimed to market regulation, creation of fair relations and
	improvement of monitoring system. As Hadzifejzovic says, commercial
	electronic media and cable TV operators financed PBS satellite broadcast. He
	also comments that creator of this decision is BiH Minister of Transport and
	Communications, Branko Dokic , recently sentenced to six months on
	probation and 25.000 KM of fine for misconduct in managing with State funds.
	Hadzifejzovic says that Dokic is constantly lobbying for Bijeljina TV station BN,
	requesting from the CRA wider covering of BiH territory, especially in
	Sarajevo area. Hadzifejzovic also said that conflict between Dokic and CRA
	last for some time now.
CRA Director	Nezavisne Novine pg 2, announced on cover 'Dokic illegally transferred
Huseinovic: Dokic	money' by R. Cengic - CRA Director Kemal Huesinovic says the decision of
illegally transferred	CoM to transfer more than one million KM to BH Radio and BH TV is
money to BH Radio	unsustainable and he claims manipulation of Minister of Transport and
and BH TV	Communications Branko Dokic was behind this illegal transfer of funds. CRA
	thinks this transfer of funds was a kind of a revenge for the recent CRA 's
	penalty for BN TV. CRA announced it would file a denunciation against Dokic.
BH politicians'	Oslobodjenje pg 6, announced on cover 'Is single president unrealistic
comments on idea of	option for BiH?' by Sanita Rozajac - SDS's Momcilo Novakovic finds HR
having single BiH	Paddy Ashdown's statement on a single BiH President to be unrealistic
President: Novakovic,	because, as he explains, a decision on elections must be reached at least six
Lagumdzija,	months prior to elections, while the Constitution would have to be changed,
Dzaferovic, Tokic,	as well as the Election Law, in order to have a single president, which is
Raguz	impossible to do in such a short period of time. SDP's Zlatko Lagumdzija
ituguz	says leading parliamentary parties are discussing Constitutional changes for
	more than a half of year now and he says, should it be agreed that BiH should
	have a single BiH President, equality of peoples would be achieved through
	mechanisms of protection of vital national interests, as well as through
	distribution of state president, Government and parliament from among
	different constitutive peoples. SDA's Sefik Dzaferovic supported the
	statement of HR, while SDU's Sejfudin Tokic thinks one could hardly expect
	from the current political parties to change BiH Constitution. Hence, he
	expects from the American administration to undertake an initiative that
	would be crucial for all future changes in BiH. Deputy Chairman of HoR
	Martin Raguz says changes with regard to election of BiH state president
	are needed, but not sufficient. 'It is important to strengthen BiH CoM, give it
	both constitutional and legislative strength and implement a thorough
	decentralisation in this country', Raguz says. Inset 'Ashdown unwanted in the
	process of BiH negotiations with EU' – Lagumdzija stated he is afraid
	involvement of HR in the process of negotiations on SAA might have a
	negative influence and he said he would 'recommend him to step aside'.
Zubak asks from OHR	Dnevni List pg 2 'A letter to OHR on renaming' by Nina – NHI Chairman
	Kresimir Zubak has sent a letter to OHR, in which it proposes to OHR to
	organise a round table discussion at which the issue of renaming of streets
and squares	and town squares would be discussed.
