

Steering Board Ambassadors' Statement on Mosque Incident in Kljuc, Gacko Municipality

We unreservedly condemn the damage done to the mosque in Kljuc.

We welcome the statements by the Prime Minister of the RS, the mayor of Gacko and other responsible authorities in the RS, and their commitment to bring the perpetrators of this act of vandalism to justice.

This incident is an act of desperation by people who want to take Bosnia and Herzegovina back to the past.

Bosnia and Herzegovina will not go back to the past. But the only way to move forward is to vote for the future, and for reform, at the elections.
