

## **PIC Declaration - Annex**

### **Annex to the PIC Declaration: required actions**

The parties are reminded that the provisions of previous PIC declarations and their annexes remain in force and are urged to meet all outstanding obligations without further delay. The Council recalls the EU's Road Map and reminds BiH that the implementation of its steps is a pre-condition for rapprochement to the EU. The Council demands that the authorities of BiH act promptly on these and on the issues enumerated below. The fulfilment of the following points will be reflected in the strategy and programming of the donor community.

### **Economy**

- Complete dismantling of the Payment Bureaux (December 2000).
- A catalogue of trade and investment barriers in BiH shall be drawn up in consultation with OHR and international economic experts, and urgent steps shall be taken to remove these barriers, especially the full adoption and implementation of harmonised foreign direct investment legislation at State and entity level.
- Legislation on political party financing and conflict of interest must be passed by the BiH Parliamentary Assembly and Entity Parliamentary Assemblies (September 2000).
- The following legislation must be adopted by the BiH Parliamentary Assembly: Law on Competition (December 2000), Law on Standardisation, including the creation of a BiH Institute for Standards (December 2000), and Laws on Patents, Trademarks and Copyrights (March 2001).
- The following legislation must be adopted in a harmonised manner by the Entity Parliamentary Assemblies: Law on Land Registry (December 2000), Law on Obligations and Contracts (June 2001), Law on Public Procurement (December 2000), Law on Budget Transparency (December 2000) and Law on Public Corporate Transparency Law (October 2000).

The MCAC shall establish a unified social security numbering system and ensure adoption of ID card legislation (July 2000), and the Ministries of Interior shall begin issuing common driving licenses and ID cards (November 2000).

## **Exhumations**

- The Council welcomes the improved co-operation between the Entities in joint exhumations and the role played by the High Representative in co-ordinating this process. The Council urges the Entity authorities to give full financial support to this process, as agreed.

## **Military issues**

- Development of Defence Ministers' Working Group by SCMM through the establishment of membership, terms of reference and a work plan (July 2000).
- Provide SCMM with the necessary human and financial resources (October 2000).
- SCMM should concentrate on a clear definition of the mission and desired future configuration of today's Entity Armed Forces. This should be balanced against projected budgets. It SCMM should draw up, on a priority basis, a focused, roadmap for the development of a state defence establishment. In this process, the mission and desired future configuration of today's entity armed forces must be clearly defined and balanced against projected budgets. The implementation of this roadmap must commence in the year 2000 and must encompass a further 15% reduction in entity armed forces which must be completed in 2000.
- The competent BiH authorities, according with GFAP Annex 1B Article II, shall enhance confidence and security measures, including increased exchange of military information and increased evaluation visits and inspections and common military training and education at various levels.
- The competent BiH authorities shall create the necessary conditions to fully meet their obligations under the 1999 Vienna Document.
