## LATEST NEWS OF TODAY

<b>PRC session continues</b>	<b>BH Radio 1, Herceg Bosna Radio</b> - The Police Reform Commission has continued its session today. The HR <b>Paddy Ashdown</b> stated that unless the members of the PRC come up with the proposal with the regard to police structure until Wednesday, he will announce the solution on Thursday.
<b>Removed PRC member Karapetrovic statement</b>	<b>RS Radio - Ranko Karapetrovic</b> , the removed member of the PRC, gave a statement to RTRS, saying that: <i>"After other members of the PRC informed me of the meeting, I contacted Commission and was told that I will not get any invitation to the PRC session, since my mandate was linked with mayors' mandate. Bearing in mind my mandate expired, my membership in the Commission has consequently terminated, although I have previously obtained written assent from the RS Association of Municipalities to continue assuming this duty. However, nobody has contacted the RS Association of Municipalities regarding nomination of new candidate, neither was the new Mayor of Laktasi municipality invited to attend the PRC session. This is somewhat strange."</i>

<b>PDHR Hays visits Mostar</b>	<b>Herceg Bosna Radio</b> – PDHR <b>Donald Hays</b> is in Mostar today where he met with recently elected heads of municipalities. PDHR Hays stated that he was happy that the heads of municipalities were united in efforts to improve level of assistance to the citizenry, who elected them. PDHR Hays feels sorry that the heads of municipalities are being neglected by more senior levels of authority, noting that as long as the law on local self-government is not implemented, there will be problems, including efforts to join the Euro-Atlantic integration. When it comes to the said law, PDHR Hays says the law is not yet being discussed in the FBiH, whilst the authorities in Banja Luka see the problem in the law itself, believing it has to be changed.
<b>New economic strategies</b>	BH Radio 1 – New economic development strategies for BiH were presented in Sarajevo today. The strategies, prepared within the EU project of assistance for economic development in BiH, seek to establish self-sustainable economy and increase the number of working places in the country.
<b>Protests in Bosanska Gradiska</b>	<b>BH Radio 1</b> – Sixty workers of state owned meat factory ‘Levita Proteinka’ from Bosanska Gradiska have protested today demanding from the RS authorities to re-launch the production in the premises. <b>Police reform</b>	
<b>PRC session started</b>	<b>FTV, RTRS</b> – BiH Police Restructuring Commission continued on Sunday its work with a task to make recommendations for establishment of united/single police structure at state level in BiH, which can function without political interference, capable of serving the citizens and fighting criminals at all levels. Police system will be organized at two levels, State level that will be responsible for legislature and budget, for work of agencies like State Information and Protection Agency (SIPA) or State Border Service (SBS), and second level will be local, non-political level, stated Commission’s Chair, <b>Wilfred Martens</b> .

<p><b>HR calls on PRC to eradicate politics from police reform</b></p>	<p><b>Herceg Bosna Radio, BHT, FTV, RTRS, Dnevni Avaz</b> cover page, pg 3 'To create a single police structure in BiH', <b>Oslobodjenje</b> pg 2, mentioned on cover 'To eradicate politics from police reforms', <b>Dnevni List</b>, pg 2, mentioned on front 'Destiny of Police to be made known on Wednesday', by <b>Erna Mackic</b>, <b>Vecernji List</b>, pg 2 'It is necessary to create single Police system', by <b>eme</b>, <b>Nezavisne Novine</b>, cover 'Paddy Ashdown stated BiH must have a single police structure' and pg. 2 'Paddy Ashdown: BiH must have a single police' by <b>M. Cubro</b>, <b>EuroBlic</b>, pg. RS3 'For a uniform without politics' by <b>Rajna Radosavljevic</b>, <b>Glas Srpske</b> pg 3 'Police beyond the politics' by <b>N. Zelenovic</b> - Speaking on Sunday at the start of the final Police Restructuring Commission (PRC) session - which is due to run until Wednesday this week - the High Representative, <b>Paddy Ashdown</b>, said <i>"the PRC's task is unambiguous; to create a single police system, free from political interference, capable of serving the citizen and taking on criminals from low-level car thieves to organized, international networks"</i>. Commenting on public's view of the quality of service that the Police structures in BiH provide the High Representative said: <i>"More than half of those who had themselves been a victim of crime were unsatisfied with the police response. Over 80% in both the RS and the Federation believe that criminals get away with their crimes and 87% feel that politicians should do more to make the police more effective"</i>. <i>"They know what most of the professionals in this room know: That the fight between the police and the criminals is not a fair fight. That the deck is stacked in favour on lawbreakers, not law enforcers. That the system doesn't work,"</i> he added. Police reform is one of the 16 pre-requirements for BiH's accession to the EU. The High Representative reminded members of the PRC that the European Commission clearly stated its requirement as <i>"a single structure of policing with competency vested at the state level operating in functional areas based on technical policing criteria"</i>. Expecting this to change, when the European Commission's functional review found BiH's police forces to be <i>"divided, over staffed, under-resourced, and unable to operate across the IEHL"</i> is unrealistic and undermines the EU integration process. The High Representative underlined that the fractured system of BiH's crime fighting structures are juxtaposed with the unity of BiH's <i>"criminal space"</i> and expressed his disappointment with the politicisation of the PRC debate process which is aimed at effectively providing one of the most basic public services - public security. <i>"Moreover, without this kind of reform and a truly effective policing system it is impossible to expect a liberalisation of visa regimes for BiH citizens,"</i> said the High Representative.</p>
<p><b>OHR removed PRC member Ranko Karapetrovic</b></p>	<p><b>Nezavisne Novine</b>, pg. 2 'Without one Serb member of the Commission to police reform', mentioned on cover, by <b>V. Popovic</b> - OHR removed a member of the Police Restructuring Commission, <b>Ranko Karapetrovic</b>, explaining that he does not meet legal pre-requisites to be a member of the Commission, since he is not a Mayor of any Municipality any longer. <b>Karapetrovic</b> has stated he was surprised with the decision of OHR on his removal without appointing a new Serb representative to the Commission. OHR Spokesperson <b>Oleg Milisic</b> rejected any possibility that the intention of OHR was to reduce the number of Serb representative at the Commission in order to "pass a demand on single police in an easier way".</p>

<p><b>Terzic: BiH needs a police system adjusted to European standards</b></p>	<p><b>BHT, Oslobođenje</b> pg 3 'Less police officers – more security', <b>Dnevni Avaz</b> pg 3 'We need police structure meeting European standards', <b>FENA</b> – The BiH Council of Ministers Chair, <b>Adnan Terzic</b>, on Sunday stated that BiH requires an optimal security system that is adjusted to the European standards. Stressing that he absolutely supports the work of the Police Restructuring Commission in BiH, Terzic told the press that he would not prejudice any final solutions, but noted that the Council of Ministers would debate and support the proposals prepared by the Commission. When asked whether the Entity police structures should be abolished, and whether one police structure should be established at the state-level instead, Terzic said that it is necessary to establish a certain state-level managing mechanism in the security system. <i>"It has been proven so far that a system with the current number of police officers has simply not ensured security to anybody. It is impossible to take responsibility for the security situation, which is expected from us in Europe and the world, if you have a light, observatory and coordinating role"</i>, underlined the BiH Council of Ministers Chair. In this context, it is inevitable that such a managing mechanisms <i>"comes to the state"</i>, and it is impossible to create a police structure that will be interrupted vertically, because the principle of subordination must exist, he declared. Terzic is of the opinion that the police officers in BiH cannot have different salaries, and expressed hope that the Commission would resolve this issue as well. When asked to comment on the announcements about the possible abolishment of the RS Ministries of Interior and Defence, he said that nothing could be abolished in the RS, without abolishing the same structure in FBiH, and added that he was not in favor of the repressive methods. <i>"There are many intelligent people in BiH who can understand what BiH needs in its police structure at this moment and who can recognize what Europe expects from us"</i>, said the BiH Council of Ministers Chair.</p>
<p><b>NN op-ed on police reform</b></p>	<p><b>Nezavisne Novine</b> op-ed pg 7 'Reform should untie the hands of policemen' by <b>Mirza Cubro</b> – The author starts the article by referring to the abduction of <b>Mak Varesanovic</b> and successful police action, which saw his release. The author notes this was the first time Sarajevo Canton police has faced with such a problem, but succeeded although their resources and technical applications are limited. The author concludes that the BiH population expects police to continue doing this as best as they can, owing to which reason the barriers, which very often tie the hands of policemen, are removed. The author is supportive of the establishment of police structure, which would be able to protect the citizens, exchange information without any restrictions, etc.</p>
<p><b>VL op-ed on growing crime, Police structure in BiH</b></p>	<p><b>Vecernji List</b>, pg 2 'Kidnappers among us', by <b>Dejan Jazvic</b> Commenting on the recent case of boy kidnap in Sarajevo and the problem of growing criminal in BiH, the author says that the problems are related to the mild criminal law in BiH and the fact that the Police forces in BiH do not have a single organization. <i>"To put it simply, each criminal knows that he or she will be usually free as soon as he/she crosses the entity border, and even in case he/she gets arrested, there is no reason to be afraid because the current legislation in BiH envisions symbolic punishments for serious crimes"</i>, says the author.</p>
<p><b>Colak (HDZ): More money needed for State institutions, SIPA</b></p>	<p><b>Dnevni List</b>, pg 4 'Colak: We will ask for more money for State', by <b>J. Petrovic</b> – Following the news that an agreement was reached that the State authorities will be funded with 336 million KMs in 2005, the BiH Security Minister, <b>Barisa Colak</b>, argues that more money is required to fund the State bodies. Colak stresses that he will personally advocate that the State gets more money, especially in order to have operational the newly established institutions. In that context, Minister Colak notes it is especially related to the SIPA because finances are one of key problems for the SIPA.</p>

## Political developments

<p><b>Round-table on constitutional changes in BiH takes place in Banja Luka</b></p>	<p><b>Herceg Bosna Radio, BHT, FTV, RTRS, Dnevni Avaz</b> pg 2 'Terzic: Constitutional structure should meet needs of European integration', <b>Nezavisne Novine</b>, cover and pg. 5 'There is no political will in RS to change BiH Constitution' by <b>Z. Galic</b>, <b>EuroBlic</b>, cover and pg. RS1 'Kunic: Changes are unrealistic, RS will not accept them' by <b>Rajna Radosavljevic</b>, <b>Glas Srpske</b> pg 2 'Opening of Pandora's box' by <b>N. Diklic</b>, <b>FENA</b> - The BiH Council of Ministers Chair, <b>Adnan Terzic</b>, on Sunday stated that it is necessary to adjust the BiH constitutional structure to the requirements of European integration and that it is clear that only the State, and not the Entities, can be the partner in negotiations with the EU. <i>"When I am speaking about the amendments to the BiH Constitution, this does not refer to some radical changes, drawing of new charts and other things, but to adjusting our constitutional structure to the requirements of European integration"</i>, stressed Terzic at a roundtable on the constitutional changes in BiH that took place in Banja Luka. <i>"This absolutely does not mean centralization or unitarization of the country, but instead creating of a flexible structure that can respond to the need of presenting the country in Brussels and the EU"</i>, indicated Terzic and reiterated that Brussels and the EU expect from a candidate country to take over the responsibilities it has accepted. Terzic is of the opinion that the amendments to the BiH Constitution should be discussed and possibly adopted exclusively by the political structures in BiH, which will also include the public so that the citizens could understand the inevitability of amending the Constitution. The BiH House of Representatives Deputy Chair, <b>Nikola Spiric</b>, said that BiH is passing through different phases and that the first phase was a stage without any talks or meetings, and that today BiH is in a phase of talking, but its representatives are not listening. <i>"Now, the question is are we going to enter the third phase in which the constitutional changes will be possible"</i>, said Spiric. President of the RS Helsinki Board for Human Rights <b>Branko Todorovic</b> said that it is <i>"crystal clear"</i> that the BiH Constitution should be amended and that certain elements of the Constitution are not in accordance with the European Convention on Human Rights, and that some changes are necessary for BiH's European integration for the purpose of advancing the degree of democracy and human rights. Professor <b>Kasim Trnka</b> declared that the constitutional amendments should be made in accordance with the 16 priorities BiH must fulfil on the road to the EU. According to the media, BiH House of Representatives Constitution and Legal Commission Deputy Chair, <b>Petar Kunic</b> stated that constitutional changes in BiH are not realistic and there is no political will for that. The roundtable on amendments to the BiH Constitution, which was organized by the Banja Luka newspaper <i>Nezavisne Novine</i>, was attended by the representatives of authorities and political parties in BiH. None of the RS senior officials have attended the debate.</p>

During the same meeting, HR Ashdown stressed that problems would soon start with the BiH Croats. VL learns this from an anonymous participant of the said meeting. The source reveals that Ashdown did not explain his claims and that Tadic was not particularly interested in the issue. Questioned in what context the Croats were mentioned during the meeting, the source says it was in the context of new constitutional changes in BiH.</p>

Building conscience is a process and it is impossible to change it with a decision, decree or constitution"</i>, says Brkic.</p>

<p><b>PDHR Hays to meet Herzegovina Mayors to discuss more effective governance</b></p>	<p><b>Herceg Bosna Radio, Dnevni Avaz</b> pg 2 'A quiet revolution can bring benefits to citizens', <b>Oslobodjenje</b> pg 6 'A quite revolution possible', <b>Nezavisne Novine</b>, pg. 4 'Hays in Mostar today' by <u>Onasa</u>, <b>FENA</b> – The Principal Deputy High Representative, <b>Donald Hays</b>, will visit Mostar on Monday, where he will participate at a forum of mayors from the region, OHR said in a press release issued on Sunday. Ambassador Hays will urge local authorities to seize the historic opportunity that has been created by the direct election of mayors. He will point out that a “<i>quiet revolution</i>” that can bring real benefits to citizens throughout the country is possible if the mayors use their popular mandate to generate real change in the municipalities. To do this, they must adopt best practices that have already been proven in successful municipalities, listening to constituents, understanding what they have to do to make their municipalities compete for investment, working together in groups of municipalities to achieve economies of scale. The forum will, among other things, consider the need for adoption of the Law on Local Self-Government (LSG) in the Federation BiH and problems regarding implementation of the adopted Law on LSG in Republika Srpska. It will also examine the need for the streamlining of revenue allocation – among Entity, canton and municipality – so that the bulk of spending goes towards services for citizens rather than towards maintaining an unwieldy and inefficient bureaucracy, according to the OHR press release.</p>

I hope they will accept the Agreement. If we want multiethnic authorities, government without crisis, than it must be supported,</i>” concluded Jahic.</p> <p><b>BHT, Oslobodjenje</b> pg 3 'SDA Councilors from Mostar with Sulejman Tihic' by <u>BHT 1</u>, <b>Dnevni List</b>, pg 5 'Mostar youth to be hit hard by SDA pinnacle', by <u>Nermin Bise</u>, <b>Vecernji List</b>, pg 4 'Attempt to discipline SDA of Mostar', by <u>Miso Relota</u> – Daily also carries that following the request by SDA leader <b>Sulejman Tihic</b>, SDA councilors from Mostar will meet today in Sarajevo.</p>

VL notes that the SDA and SBiH prepared a scenario according to which the Federation Privatization Agency, which has taken over the competence from the cantonal privatization agency, will give the priority to groups close to <b>Bakir Izetbegovic, Ahmet Hadzipasic, Hasan Cengic</b> and <b>Haris Silajdzic</b> . VL also notes that SDA and SBiH previously had problems with the FBiH Privatization Agency (APF), but after FBiH Minister of Industry, <b>Izet Zigic</b> (SBiH), filed a criminal report against APF Director, <b>Resad Zutic</b> , things changed and Zutic started playing for "the team".

VN inset 'Secret meetings' - <b>Momcilo Mandic</b> claims former RS President <b>Radovan Karadzic</b> and current High Representative <b>Paddy Ashdown</b> have been meeting during the war in Pale, Lukavica and Trebevic. ' <i>A meeting on Trebevic had taken place in a house of one of Karadzic's advisors.
