Commenting on this issue SDS Vice President Bosko Siljegovic stated: <i>'SDS will do everything to implement the amendments on constituency in the RS, however, new census should be made, which will show that the demographic picture is different now...The RS is not the problem. In an open letter to Covic, the presidency of the Bosniak League noted that Covic made this statement straight after his return from Zagreb where he was invited by the ruling Croatian HDZ.</p> <p><i>"We ask you whether Zagreb requested from you, as the member of the BiH Presidency and the plaintiff country, to make this statement and whether you, much like the HDZ in Croatia, fear the BiH lawsuit against its eastern neighbours and a just verdict by the Hague-based International Court of Justice given that it is almost certain that this lawsuit will be followed by BiH filing another lawsuit against its north-western neighbour on the same grounds,"</i> the letter said. The presidency of the Bosniak League - Movement for Equality said that it expected from Sulejman Tihic, the Bosniak member of the BiH Presidency, to react adequately to this statement because it was clear, the letter said, that the Serb Chairman of the Presidency, Borislav Paravac, and Dragan Covic were opposed to the lawsuit against SCG, and that they were publicly acting on behalf of the countries which carried out aggression against BiH rather than in the interest of their own country, which bestows on them the highest state privileges.</p>

The article further carries extract from Dragan Covic's statement to RTRS regarding this issue, as well as the statement of the Bosniak League Presidency – Equality Movement, that condemned such a statement Covic gave, saying that Covic might be afraid that BiH would file a lawsuit against Croatia after lawsuit against SCG is settled.</p>
