# Political developments/statements

Tihic: Mikerevic and Ivanic should apologize **Dnevni Avaz** cover page, pg 5 'Mikerevic and Ivanic should apologize' – In an interview with the daily, BiH Presidency Chairman **Sulejman Tihic** decisively rejects all the criticism against him coming from the RS in the past days. "The top RS politicians including **Mladen Ivanic** and **Dragan Mikerevic** are trying to transfer their responsibility and their failures to the SDA," said Tihic. **Nezavisne Novine** cover and pg 4 'Ivanic is trying to destabilise BiH' – In an interview to NN, **Sulejman Tihic**, Chairperson of BiH Presidency, says that demand of **Mladen Ivanic** (for early elections and removals of SDA ministers from RS Government) is an attempt to destabilise BiH.

As for timing of deliberation on removals, he says that nobody could have made choice, noting that "these measures have resulted from the NATO Summit. If time could have been chosen, it should have been done much earlier." He says he would not ask from **Adnan Terzic** to remove PDP ministers from BIH COM, noting that "it does not have logic that **Ivanic** remains BiH Foreign

Minister if party, whose President he is, left authority."
He also stresses SDA would oppose to early elections, not because it is afraid of such, but because "SDA is of the view early elections would hinder further reforms' processes. I do not think such proposal would get any support from

serious parties."
He also adds that "measures against RS and 59 officials have resulted from nine-year long lack of cooperation between RS and the Hague Tribunal. RS has not processed a single crime committed during the war – 90% of mass crimes were committed in RS during the war."

Paravac described Tihic's war crimesltendentious

BHTV, RTRS, Oslobodjenje pg 4 'Tihic's statements bad message for BiH', **Dnevni Avaz** pg 5 'Dangerous playing with percentages return us to the past', related statement as FENA - Serb Member of the BiH Presidency Borislav Paravac, on Monday described as tendentious the statement by BiH Presidency chairman **Suleiman Tihic** who had said that Serbs were responsible for 90 per cent of the crimes committed during the war in the country. "Such a tendentious attitude to our history and Tihic's dangerous games with percentages are pulling us back, dividing us and confronting us again," Paravac said.

> Glas Srpske pg 5 'Running away from truth' - Borislav Paravac, Serb member to BiH Presidency, commented on the latest statement by **Suleiman** Tihic (who said that Bosniaks in BiH committed 3% of war crimes during the war in BiH, Croats committed 7% and Serbs 90% of crimes). Paravac said that **Tihic** is again trying to get us back to past, divide and then confront us. Paravac also said this is the peek of **Tihic's** pre-election campaign, during which, over the past month, he has marked Serbs as obstructionists.

#### RS President Cavic: BiH not to unite under current president

BHTV, RTRS, Oslobodjenje pg 9 'There will be no reconciliation in BiH under Tihic', **SRNA** - There can be no true reconciliation of peoples in BiH with Sulejman Tihic heading the country, the RS President **Dragan Cavic**'s cabinet stated on Monday.

Glas Srpske pg 5 'Politics grounded on hatred' - Dragan Cavic, RS President, yesterday commented on latest statement by **Sulejman Tihic (**who said that Bosniaks in BiH committed 3% of war crimes during the war in BiH, Croats committed 7% and Serbs 90% of crimes). According to press release issued by Cavic's information service, "in the manner of history alchemic, Sulejman **Tihic** is again presenting untruth and promoting the thesis on the guilt of all Serb people, trying to ascribe collective guilt to Serbs, although he is aware of the fact the Hague Tribunal ahs amnestied a single side from crime. There will be no true reconciliation of people with **Suleiman Tihic** on the top of BiH."

#### PDP's Miloievic criticises Tihic

Herceg Bosna Radio, RTRS, Oslobodjenje pg 4 'HR encouraged Tihic', Dnevni Avaz pg 4 'Tihic's statements anti-Dayton' - Goran Milojevic, PDP Vice Chairman, said that the latest statement of **Suleiman Tihic**, Chairman of the BiH Presidency on percentage of war crimes committed in BiH, would cause nothing but inter-ethnic intolerance and political destabilization, and that those making such statements should be sanctioned. "It is obvious that recent dismissals made by High Representative **Paddy Ashdown** encouraged Sulejman Tihic", said Milojevic.

#### Other reactions to Tihic's war crimesrelated statement

Glas Srpske pg 5 'Blacksmith of false history' - GS brings some reactions on the latest statement by **Sulejman Tihic (**who said that Bosniaks in BiH committed 3% of war crimes during the war in BiH, Croats committed 7% and Serbs 90% of crimes).

Slavko Jovicic, the Vice President of the RS Association of former inmates, strongly condemned the statement of **Suleiman Tihic. Jovicic** added that **Tihic** 's statement is a further contribution to still complicated situation in BiH. (EuroBlic RSpg 2 'RS Association of inmates: Tihic insulting again') **Savo Cvijetinovic,** President of RS Veteran's Association, expressed surprise over the fact that **Tihic** admitted Bosniaks did commit some crimes during the war in BiH at all.

Nevenka Trifkovic, PDP MP at RS NA, says that it is a common practise of Suleiman Tihic to shift all the responsibility onto one people. She says: "I would not go into any counting of percentages. I find it to be extremely irresponsible and unserious. There is no exact number to support such figures." Igor Radojicic, SNSD MP at RS NA, says that Tihic's statement must be regarded from two aspects: "On one hand, this is a hard position by SDA regarding the need for abolishment of RS. On the other hand, extremely pragmatic, daily-political attempt to gain as much election points as possible during pre-election campaign."

# EU Ambassadors at lunch

Mikerevic meets with FTV - Dragan Mikerevic, RS Prime Minister, was presented at the working lunch in the Dutch Embassy in Sarajevo on Monday. Besides him at this lunch were ambassadors of 25 countries members of EU, and countries candidates for entrance to EU. FTV source claims that Mikerevic was criticized for his recent public statements. They suggested him to ensure normal functioning of RS Government and to influence on **Mladen Ivanic** in order for the political party's daily politics to be separated from the work of RS Government.

> Glas Srpske cover page story 'My concern should fall on RS' - GS reports on yesterday's meeting in Sarajevo Dragan Mikerevic, RS Prime Minister, had with EU member-states Ambassadors, when he said that "if BiH has troubles over large administration, meaning existence of 169 ministries, it should be born in mind that there is only 16 ministries in RS. It means that RS takes part to extent of 10 top 20% in these BiH difficulties".

> According to press release issued by RS Government Bureau for Public Affairs, Mikerevic agreed with claims that BiH is a hostage of RS, claiming that "the problem of BiH is not the existence of RS and F BiH, but the existence of ten cantons, ten cantonal constitutions and governments in F BiH. Being unable to resolve these difficulties in F BiH, F BiH authorities are trying to place these problems at BiH level and to also transfer them onto RS."

Speaking of police reform commission, he expressed support to its work, noting reform that police reform must be implemented in accordance with constitutional provisions.

#### EC's Maroevic on SAA talks

Nezavisne Novine pg 5 'BiH is not ready for negotiations with EU' - Frane Maroevic, Spokesperson of the EC delegation to BiH, yesterday stated that BiH has achieved progress in fulfilment of conditions, noting it still is not enough to launch Stabilisation and Association Agreement talks with EU. He also noted that under most ideal circumstances, the talks could be launched sometime middle next year.

#### NN interview with Mikerevic

**Nezavisne Novine** pg 4 'First institutions then party' – In a brief interview to NN, **Dragan Mikerevic,** RS Prime Minister, says that he has not still received any official stance of SDS regarding PDP demand for removal of SDA ministers from Government. He backs the statement given by his Party President, Mladen Ivanic, who said that "a part of Bosniak establishment wants to shift the crisis from F BiH onto the entire BiH, identifying RS as the one and only responsible."

Regarding request of his party of SDA ministers' removals, he says "as Premier, I must take care of institution I am leading. And my deliberation on this issue will follow publication of official SDS stance on this issue."

Responding to press guestion as to what sort of measures party could undertake against him owing to his disobedience, he says that "PDP is far most democratic party.. We are far too serious to have any misunderstanding on issues, on which we do not share the view."

He denies speculations that **Ivanic's** statements represent a part of political marketing, stressing that "PDP does not need any sort of marketing, because we are completely aware of the situation we are faced with."

#### Cavic's letter to Ivanic

Nezavisne Novine cover and pg 3 'Will PDP leave authority' - NN learnt from a senior official of PDP that **Dragan Cavic,** RS President, yesterday addressed a letter to Mladen Ivanic, PDP President, in which he demands explanation of the latest PDP demand for early elections. Source claims that **Cavic** asked from Ivanic to provide answer to the guestion as to whether this would imply PDP would leave parliament majority and whether Prime Minister would file resignation.

The letter reads: "Since the official stance of your party is not clear to me, and in order to solve the current situation, I demand responses to the following questions: will PDP ministers at RS Government file resignations and whether PDP Ministers at BiH COM will file resignations."

**Cavic** kindly asked **Ivanic** to deliver responses by 12:00 hrs today (Tuesday). Cavic also noted that all constitutional pre-requisites need to be met in order to convene early elections.

However, he is also of the view that "Ashdown should have done this at the beginning of this mandate, because in that manner, he would have saved RS of many affairs and thefts, whose main executors are those removed"  He also reiterates that Mladen Ivanic is still No. 1 criminal in RS, while Branko Dokic is his closest associate. Babic also assed "Ivanic is in panic, since his most loyal man, Zoran Djeric, who was supposed to hush up all his crime, was removed."  Branko Todorovic, President of RDS Helsinki Board for Human Rights, stated that HiRep's decision on removals resulted from the failure of RS to cooperate with the ICTY, noting it is inadmissible that authorities obstructed cooperation process. He stressed: "Nobody has a right to drag RS into problems and leading it towards sanctions, in order to preserve war crime suspects."  Nikola Sekulovic, President of the Coalition "Movement for Trebinje" is of the view that SDS has profited over these removals, noting that the party would improve its rating at the upcoming elections.
SD on HR Ashdown's interview for Vecernje Novosti	Slobodna Dalmacija, pg 16 'Lord calls Serbs an exceptional people', mentioned on cover, by Darko Juka – reflecting on the interview that the High Representative for BiH, Paddy Ashdown, gave for Belgrade-based 'Vecernje Novosti' in which he stated that he was 'a protector of the Republika Srpska' since he was a 'protector of the Dayton Peace Accord', and in which he called the Serb people an exceptional people, the author notes that every person is entitled to an opinion, however in this case, considering the office HR Ashdown is executing, the author says this and similar statements are only sending messages that support the Serb(ian) aggression on Croatia and BiH, and monstrous genocide and killings of non-Serb population in BiH and Croatia. "By calling himself a protector of creation that arose from genocide, killings, aggression and idea of Great Serbia, Ashdown declared himself a protector of criminal and murderers", notes the author. The author stresses that such statements should result in HR Ashdown's resignation and sharp reactions from international circles.

SD says that the biggest criticism on this statement were heard from former Yugoslav official <b>Dragutin Kosovac</b> . According to the author, it is interesting that Kosovac is more irritated by the High Representatives' statements about Tito than by the mistakes made by the High Representatives in BiH. SD says that allegedly it was announced that Ashdown's departure has been expected by the end of the year and the author says that according to the present situation it seems that Ashdown will leave BiH in a bigger chaos than it was at the time when Ashdown assumed the current position.

	Dodik said that he is against the role of the OHR as an absolute ruler in BiH,

#### BHTV doubts NATO successful in searching for war crime indictees

BHTV - Despite last week's statements by international officials on the imminent arrest of **Radovan Karadzic**, the most wanted war crime indictee is still at large. SFOR has withdrawn from Karakaj and Han Pijesak and is no longer undertaking intensified activities in any location. They say that all their operations are successful, although they have not found Karadzic anywhere. More than 150 SFOR operations to arrest Karadzic and Mladic have failed. Despite this, after each operation including the most recent one in Han Pijesak SFOR is satisfied. SFOR did not want to comment on what constitutes their success then. Nevertheless, as of late they have intensified their search for Karadzic, while the media are even speculating about his alleged surrender. Political analysts believe that the operations have become more frequent because of SFOR's departure from our country. "What is indubitable is that in the period to come we will have intensified activities in hunting war criminals. This is above all a result of the fact that the most powerful military alliance, NATO, is withdrawing from BiH and that it would be disastrous for the image of the world's most powerful alliance to withdraw from BiH with business unfinished," said **Senad Slatina** of International Crisis Group. As for local forces, a special unit for arrests of war crime indictees will be established at the state level only towards the end of the year. So far these activities (arrests) should have been undertaken by the entity police forces, who have not arrested anyone yet. "I think we have to be completely realistic: this fragmentation of police structures above all the lack of links and coordination has largely, largely made it practically impossible to arrest war crime indictees," said **Sredoje Novic** of SIPA - State Information and Protection Agency. It is a fact that in the 10 years since the issuance of the indictment against Radovan Karadzic there has never been more talk about his arrest. The British Independent has placed him before Ossama bin Laden, proclaiming him the first of the world's four most wanted indictees for crimes against humanity. The international community may finally be determined to arrest him.

#### **HDZ-CCD-HNZ** with PDHR Havs, WB on old savings

Vecernji List, pg 3 'New law being awaited', by Zdenko Jurili, Dnevni List, front and pg 6 'Croat MPs against deception of foreign currency savers', by Miso Relota – report from yesterday's meeting between Principal Deputy High Representative, **Donald Hays**, and representatives of World Bank and representatives of the HDZ-HNZ-CCD Caucus from both chambers of the FBiH Parliament. According to Deputy Speaker in FBiH House of Representatives, Josip Merdzo, representatives of the OHR reiterated the importance of adoption of law on settling of internal claims, law on citizens' claims in privatization process and law on changes and amendments to law on privatization of companies in sense of improving the economic stability of the state. Merdzo notes that PDHR Hays stressed the importance of the laws, however Merdzo says the proposed solutions are unacceptable to the Coalition. "A representative of the World Bank and Ambassador Hays said they were in permanent talks with associations of savers and that there were certain chances to submit some amendments to the laws. Considering that an extraordinary session of the Federation Parliament's House of Representatives. at which the laws will be discussed in an urgent procedure, will be taking place tomorrow, we expressed hope that associations of savers would be declaring themselves towards the OHR. The current solution, which envisions only 105 million KMs to be paid out in cash in next 4 years in amount of 1000 KMs each, whilst the rest would be turned into bonds whose value would materialize in only 20 years, does not seem as a just solution. We cannot support such a solution", stated Merdzo. Merdzo adds that the issue of old foreign currency savings should be should be defined by a special law.

#### VL: BiH first in Europe when it comes to number of diseases

**Vecernji List**, front and pgs 6-7 'BiH first in Europe when it comes to number of diseases', by <u>Ivana Brkic-Cubela</u>, <u>Zvonimir Banovic</u> – carries the President of Association of BiH Veterinarians, **Dr. Jasmin Ferizbegovic**, as saying that in the area of Herzegovina-Neretva Canton alone, some 400 livestock, mostly sheep, were destroyed because of outburst of diseases, such as brucellosis. However, he expects worsening of situation. Ferizbegovic explains: "The worst thing is that there are no systematic measures at the State or Federation level (...) BiH is the only country in Europe that does not have a national programme of control of protection of animals, which can hit us like a boomerang in the process of getting closer to European integration. BiH is literally the most endangered in Europe when it comes to number of registered animals infected with diseases. Diseases can appear anywhere, but what we have here is not normal". He goes on to criticize the FBiH authorities for not providing enough funds to combat diseases and for importing livestock without observing the normal procedure related to the quarantine of imported animals.
