<p>BiH Presidency discusses appointment of generals; Tihic says IC also responsible for delays</p>	<p>RTRS, Dnevni Avaz pg 2 'Generals positions to go to Pleh, Milojcic, Tep[sic and Foric', Oslobođenje pg 8 'Proposal of candidates established', Nezavisne Novine pg 5 'BiH got first four military commanders'; Glas Srpske pg 2 'Parliament to line officers', Blic pg 12 'Four future Generals were nominated' – The BiH Presidency on Wednesday defined the proposal of candidates who have been approved by SFOR for appointment to the positions of generals in the BiH defence institutions. Brigadier Rizvo Pleh has been proposed for general inspector in the BiH Defence Ministry and Colonel Miladin Milojcic for deputy commander of the BiH Joint Headquarters for Resources. Colonel Mirko Tersic has been proposed for deputy commander of the Operational Command for Operations and Brigadier Sakib Foric has been proposed for deputy commander of the Operational Command for Support, said BiH Presidency chairman Sulejman Tihic said. This proposal will be sent to parliamentary procedure. Due to the non-transparent process of SFOR vetting of candidates for generals, the Presidency decided to meet again with SFOR commander Virgil Packett and High Representative Paddy Ashdown in order to provide that the further process of vetting be made available to the authorized institutions. "Presidency concluded to hold a meeting one more time with SFOR commander, High representative with the goal to make this procedure of further check up, since other appointments are due, transparent and accessible to authorized institutions and that it is in accordance with the law and constitution of BiH," says Tihic,</p> <p>FTV – "The Bosniak candidate Dzevad Radzo, who got approval, but meanwhile OHR sent us an official letter requesting additional information regarding the traffic accident in which he was involved that happened in 1996," said Sulejman Tihic, President of BiH Presidency. He added: "It has to be clear that it will be very hard to find candidates who will accept to be in process which is not transparent, where the reason for not nominating someone is not obligatory to tell and the responsibility relies on the ones who act and behave that way."</p> <p>BHTV 1 – Presidency members Dragan Covic and Sulejman Tihic did not suggest new candidates for the positions of the BiH Army general. According to Tihic, the international community carries a part of responsibility for slowing down of the appointment process and implementation of the defense reform by dragging the vetting procedure and disqualifying candidates without any reason.</p> <p>Vecernji List, p 4, "Names of new candidates to be submitted by Minister", Slobodna Dalmacija, back page, "New candidates for generals' positions", Dnevni list, p, "Pleh, Tepsic, Foric and Milojcic proposed for generals" – also reported.</p>

FBiH HoR adopts draft Law on Veterans' Rights	<p>RHB, RTRS, Dnevni Avaz cover 'Veterans Law adopted', pg 2 'Delegates adopted Veterans Law', Oslobođenje pg 7 'Law valid for HVO as of 1 January 2006!', Dnevni List, front & p 2, "Unified Fund for Croat and Bosniak war invalids", Slobodna Dalmacija, back page, "Proposal of Veterans Law adopted", Vecernji List, front page splash "Status of participants in war regulated uniquely", pg 2 "Veterans Law adopted yesterday nevertheless" – FBiH House of Representatives has, after 9 years, passed a draft law on rights on Veterans' Rights at the special session held on Wednesday. Ibrahim Nadarevic, the competent FBiH Minister, said that the Law implementation would start 8 days from the date of publishing it in the Parliament's Official Gazette. According to the Law, members of the BiH Army (Bosniak component) will be receiving the necessary allowances as of January 1 2005, i. e. the time when the revision is over, while the members of the Croat component will be receiving the allowance in the same amount as it is now until the Inter-state Agreement is signed with the Republic of Croatia. The deadline for signing the Agreement is December 31, 2005.</p> <p>FTV – "Applying this Law for HVO members has been postponed for the period of one year, till December 31st next year, or until the agreement between BiH and Republic Croatia is signed. I think that this presents enough time for BiH to find solution and sign agreement with Republic Croatia," commented Ahmet Hadzipasic, FBiH Prime Minister. There were several reactions to this new proposal, with SBiH asking for the law to be the same for all, and SDA was also not satisfied however accepted it. Federal House of People will also discuss this issue Friday.</p> <p>BHTV 1 – The FBiH House of Peoples will vote on this law on Thursday. If it adopts the Law, Federation will fulfil the condition posed by World Bank to negotiate 51 million dollars loan intended for social care in BiH.</p>
RTRS feature on RS Veterans' Law	<p>RTRS by Daliborka Predragovic – The decision of the RS government to withdraw the draft Law on Veterans' Rights from the Assembly procedure not only endangered approval of the World Bank loan, but also 'rocked' the majority in the RS National Assembly. Joint deputy club and SRS created confusion, while 2 votes were a problem. In the second attempt for the law to get the majority, RS Prime Minister Dragan Mikerevic will offer cooperation to others. Speculation has it that he would approach SDP and SBiH. "There could be political consequences because of this position of RSNA majority, especially Serb majority which is obviously obsessed and imprisoned in partial party interests and not in the interests of RS and its citizens," said Dragan Mikerevic. "The intention is not to endanger the stand-by-arrangement with the World Bank but an attempt to satisfy interest of veteran's population," said Milanko Mihajlica, SRS Chairman. For the opposition the latest Government move is the proof that the executive government in RS has no parliamentary support. "I think it is time for this Government to check the trust it enjoys in this Assembly and for Mr. Mikerevic to ask the Parliament to vote on their trust as obviously numerous projects suggested by the government have not been passed lately," said Milorad Dodik, SNSD Chairman. "I really don't think that one rejected law, which was withdrawn by the government from further procedure, is to be taken as a confirmation of the crisis of Serb majority regarding support of the current RS government," said Dusan Stojicic, SDS spokesman.</p>

RS Veterans Association to hold protests on 11 May	Nezavisne Novine pg 10 'Peaceful protest on 11 May'; Glas Srpske pg 5 'Protests announced', Blic front, pg 13 'They defend their rights on streets', Vecernje Novosti p 21, 'Amendments full of pain' – At a press conference, representatives of the RS Association of Veterans and Families of Fallen Soldiers stated they could not accept the adoption of the Law on Rights of Veterans and Families of Killed Soldiers without their amendments and because of this they will seek their rights through peaceful protest on streets. The Association explained their decision regarding the protest with the fact the Government has withdrawn the Law from the Assembly procedure because the majority needed for the adoption of the Law did not exist. The Association also underlined they cannot accept blackmails of the World Bank "because nobody asks where did the Federation of BiH got 274 million KM from for veterans and disabled persons, while RS has got only 101 million KM" although the difference in the numbers of beneficiaries is only 14,000. The RS Government claims such a law has not been adopted in the Federation of BiH either, yet there are less stories about this and RS is again being held responsible for possible loss of the credit.

Update to the Law on higher education	RTRS by <u>Branka Kusmuk</u> – The draft Framework Law on Higher Education in BiH, which was passed by the BiH House of Representatives, opens a door of Bologna process to BiH. Although sides are divided, everyone agrees that BiH needs a higher education reform in order to bring the education closer to European standards. BiH House of People will vote on this law on Friday, and if it is passed, the deadline set by the World bank will be met in order to receive 42 million dollar loan. In that case entity governments will have to make a new legislate on entity level that will be in accordance with the law at BiH level. University gets integrity but loses autonomy claim university professors. Agreement on University statute is given by the entity so representatives of Croatian people think that there are no strong mechanisms to protect their national interest. "We don't have a guarantee that the right will be respected regarding the usage of Croatian, Serbian and Bosnian language where it is objectively demanded and normal in higher education institutions, and when it comes to that the right to study in ones own culture, that is [where the law] is not understandable," said Tomislav Limov, deputy in BiH House of Peoples. "It is a hard compromise where jurisdictions are divided between the state of BiH and entities because World Bank insisted that finance funds are at least on entity level," said Safet Halilovic, BiH Civil Affairs Minister. Dnevni Avaz pg 8 'If dissatisfied, HDZ can appeal to BiH Constitutional Court' – "I hope that the Law will be adopted following the contacts with the international community and the [authorized] Ministry, as well as with the HDZ," states Halilovic adding that HDZ can always appeal before the Constitutional Court in case of dissatisfaction with the adopted Law.

VL's source also says that, despite the fact that it was rejected to have the mentioned appointments at today's FBiH Government session, the point could nevertheless be included on Agenda.

The Chairperson of BiH Council of Ministers, Adnan Terzic, assessed that there is no reason to withdraw support to his Cabinet. Nikola Spiric, Co-Chairperson of the BiH House of Representatives, said that the opposition was aware vote-of-confidence would not get necessary majority vote. However, he also said that this opposition initiative was aimed at underlining that the opposition could not tolerate "stupidity and crime".
