<b>Paravac, Covic meet EU and NATO delegation</b>	<p>RHB, BHTV 1, Oslobođenje pg 4 'Three priorities for Partnership', Dnevni Avaz pg 4 'To fulfil three conditions for PfP', Vecernji List pg 2 'Brussels closer with 3 basic conditions', Dnevni List pg 2 'Army and Intelligence Services at first place', Dnevni List pg 5 'Presidency supports EU intention for defining of new mandate' – On Wednesday in Sarajevo, the chairman of the BiH Presidency Dragan Covic and a Serb member to the Presidency Borislav Paravac met EU and NATO delegation led by Deputy General Director for Political and Military Issues Pieter Feith. The delegation arrived in BiH on behalf of EU High Representative for Security and Foreign Policy Javier Solana. They discussed the transformation of the international forces in BiH, future status of BiH armed forces and the accession to the Partnership for Peace. The EU/NATO delegation stressed that BiH faces three key issues before joining Partnership for Peace: appointment of the state Defence Minister, arrest of the indicted war criminals and full functioning of the Security and Information Protection Agency [SIPA]. BiH Presidency members supported the intention of the EU to define a new mandate and transfer authority from SFOR to EU forces. They also stressed the need for a stronger participation of BiH representatives in the process of transferring the SFOR mission to the EU. Covic also assured officials that BiH would fulfil specified conditions regarding defence and that it would meet the deadlines, including appointment of the BiH Defence Minister by 15 February. Covic also stated that the issue of SIPA would be solved soon.</p> <p>FTV – Chairman Dragan Covic was very optimistic and said that deadlines will not be broken: "The agreement [regarding the appointment of BiH defence minister] was reached five or six days ago, [but] everyone avoids to say what we have agreed on. Meaning... some three options were created and we have agreed that each side should declare on the best modality and that is why I am optimist, I think that we are very close to an agreement. There is a readiness, even though some say that it should be a Serb representative, others that it should be Bosniak and third Croat – but the readiness from all three sides to accept other solutions exists. Now, it is the issue of certain [extend of] compromise, and we left seven days for ourselves for that agreement. When it comes to SIPA I think that is an issue we have to solve urgently, because we have been dragging it for five or six months and I see no reason for it not to be solved."</p> <p>RTRS – While Covic claims that agreement has already been reached, Chairman of the Council of Ministers Adnan Terzic stated that the "the number of Ministries shouldn't determine and restrict our agreements".</p>

<b>Tihic meets Solana who urges for defence reforms</b>	<p>BHTV 1, FTV, RHB, Oslobođenje pg 10 'Arrest of criminals before SFOR's departure', Vecernji List pg 3 'Tihic and Solana on defense reform', Slobodna Dalmacija last pg 'Europe ready to help BiH', FENA – BiH Presidency member Sulejman Tihic discussed reform of the defence system in BiH with EU High Representative for Security and Foreign Policy Javier Solana in Brussels on Wednesday. Tihic told FENA after the talks that they also discussed the need for reorganising security services as soon as possible, and the possible replacement of SFOR by EU forces. Tihic and Solana agreed that BiH authorities need to participate in that process and that it would be good if indicted war criminals, especially Ratko Mladic and Radovan Karadzic, were arrested by that time. Discussing the fulfilment of the remaining 16 conditions from the Feasibility Study for starting talks on the Stabilisation and Association Agreement, Tihic presented his thoughts on why this process is taking too long and what is holding it back. He stressed that FBiH institutions are prepared to transfer their authorities in all necessary sectors and that they can fulfill these measures. "The problem lies in passing specific reform measures and laws for transferring authorities from RS institutions", Tihic said.</p> <p>RTRS – Following the meeting with Solana, Sulejman Tihic stated: "We exchanged opinions regarding the replacement of SFOR with EU Military Forces. We wish BiH Authorities were actively involved in making decision on this. I think that EU Military Forces need to keep mandate of current SFOR."</p> <p>Dnevni Avaz cover 'Dismissal agreement deserted', pg 5 'Party for BiH deserted that plans on dismissal of Ahmet Hadzipasic' – Tihic said in an interview to DA: "We are afraid that someone from RS could slow down the defence reform. Looking at the national composition, it is very hard to accept that Foreign Minister and Defence Minister are from the same people" and stressed that the ethnicity is not the only important criteria in selection of the minister.</p>

Cavic stressed that it was in RS interest to join Partnership for Peace, but admitted that it was very important for future organization of BiH when this and SAA would be signed. "If that Agreement is to be signed at the time of this constitutional structure of BiH, meaning with its entities, which is the only possibility, that will be a confirmation that values of Dayton's solutions are valid and long-term."- said Cavic.</p> <p>RTRS – "If we want to become independent, we must accept responsibility for processes that are very difficult and painful, but necessary. Delaying of those processes would mean delaying the agony and moving away from the road that all countries take in the region "- said Cavic.</p> <p>FTV – Hays also met with the RS National Assembly Speaker Dragan Kalinic, who repeated that BiH Defence Minister should be a Serb.</p> <p>BHTV 1 – Dragan Kalinic thinks that agreement will be reached and that there will be no need for anybody outside to impose solution to this issue. "We haven't yet agreed whether [Minister] will be Bosniak or Serb. In that regard, our position is the same as said by President Cavic and myself yesterday during the negotiations"- said Kalinic.</p> <p>Dnevni Avaz pg 2 'We need minister which will get us close to PfP', Oslobođenje pg 6 'Reforms must be implemented by the end of March', Glas Srpske pg 2 'Srpska meets its duties' – Dragan Cavic and RS NA Speaker Dragan Kalinic also met Chair of CoM Adnan Terzic to discuss the appointment of defence minister, and repeated their demands for the appointee to be a Serb and to fulfil all professional criteria.</p>

Locher also said that the appointment of Defence Minister by 15 February will be a key test. According to FBiH Defence Minister Miroslav Nikolic, harmonization of the entities' laws with the law on BiH defence is one of the preconditions for BiH's appointment to the Partnership for Peace.</p> <p>RTSR – "One of the very important issues is to analyse current storage locations for weapons and ammunitions"- said Miroslav Nikolic. He stated that one team would inspect parallelism in FBiH Army. Commission also concluded that the annual budget for the state defence ministry should be 4.9 million KM.</p> <p>Oslobodjenje pg 8 'Deadline for Partnership for Peace by May' – Locher said that all deadlines must be met by the mid May, in order to allow time for NATO to analyse everything achieved.</p>

"I have decided based on conscience and facts presented to me in favour of or against dismissal of the Government. At this time I really wouldn't like to prognosticate what will be reactions following this decision, but I would bring the same [decision] in any case as it is the statement of my full belief that at this time, the replacement of FBiH Government would be harmful for situation in both FBiH and BiH"- said Sahbaz Dzihanovic.</p>

<p><b>Reactions following Dzihanovic's rejection</b></p>	<p>FTV – Following the decision by Sahbaz Dzihanovic, FBiH President Niko Lozancic stated that thought that constitutional preconditions for the government's reconstruction through Federation leadership haven't been fulfilled at this time. Until now, the only relevant thing for SBiH was to stay in Government." FTV speculates that it is unknown why did SBiH leader, Safet Halilovic, changed his mind regarding the dismissals, but according to its source, that was a decision of SBiH founder dr. However, FBiH Constitution allows two options in order to reaplace the Government: first was this one – for the President and Vice- Presidents to make decision to replace the Government – and the second is for the Parliament, and its both Houses, to vote mistrust to the Government by simple majority. If this decision of Mr. Dzihanovic turns to be final we will approach to this second option"- said Seada Palavric, SDA Vice President.</p> <p>Dnevni List pg 3 'Destiny of FBiH Government is hands of Parliament' – Speaker of the FBiH House of Representatives, Muhamed Ibrahimovic, says he is not officially informed about Dzihanovic's decision adding that he will act accordingly should there be an initiative for removal of the Govt. After those three mandates, we have a very good chance to check the results, but it seems that for some it is more important to be on the power."
