## **Political developments/ reforms**

<b>SCMM session</b>	BHTV 1, FTV, RTRS, Dnevni Avaz pg. 4 'Accession to PfP by mid next year', Nezavisne Novine, page 5, 'BiH in PfP by middle 2004'; Glas Srpske, page 2, 'A step away from Partnership' - In the middle of next year Bosnia-Herzegovina might meet the requirements for Partnership for peace. This was stated on Wednesday after the meeting of the BiH Standing Committee for Military Matters by Enes Becirbasic, the Committee's Secretary. He also added that such plans are ambitious, but not unachievable. A recent decision by HR Paddy Ashdown enabled faster fulfilment of conditions for BiH becoming a member of Partnership for peace. At the meeting Committee reached agreement on how to remove obstacles for civilian command over the armed forces, as well as passing of the BiH Law on defence. According to FTV, The SCMM has accepted a modified text of the plan of activities regarding BiH joining the Partnership for peace. The amendments to BiH Constitution and passing the state level defence law were taken out from the plan. Instead it includes identifying difficulties in establishing command and control over armed forces at the state level with attempt to overcome them in line with existing Constitutional solutions. Deadlines remained the same. RTRS also reported on the issue.
---------------------	---

<b>RSNA on defence reform</b>	<p>BHTV 1, Croat radio Herceg Bosna, FTV, RTRS, Glas Srpske, page 2, 'Defence on new foundations'; Nezavisne Novine, page 4, 'Commencement of reforms at Republika Srpska Army', Vecernje Novosti pg. 21 'Less soldiers, shorter military service', Dnevni List p 10, by <u>Onasa</u> - Defence reforms were also discussed at the special session of the RS National Assembly. Basic reforms and the plan of their implementation, as part of the RS defence system, were adopted. This created a framework for the work of RS representatives in OHR defence reforms commission and supported BiH entering Partnership for peace. Majority of the Assembly agreed for the end result of reforms to be further existence of the RS Army as territorial army. RS President Dragan Cavic repeated joint command, civil control and administration, as well as affordable armed forces were conditions for acceptance in Partnership for peace. The adopted document drafted by the President's cabinet and government anticipates RS Army with 5,000 professional soldiers. Three ministers from SDA party did not agree with solutions suggested in the document by Dragan Mikerevic's cabinet. Deputies of this party had the same position.</p>
-------------------------------	---

<b>OHR did not approve 3 ministers from HN Canton</b>	<p>Croat Radio Herceg Bosna, BHTV 1, FTV, Oslobođenje pg. 4 'OHR did not approve appointment of three ministers', Dnevni Avaz pg. 4 'Bilic, Raguz and Isakovic have no OHR's approval', Nezavisne Novine, page 4, 'Three ministers did not pass OHR vetting procedure' – Three persons suggested for the ministerial positions in Herzegovina-Neretva Canton were not approved by OHR. According to information obtained by BHTV 1 Mostar correspondent HR took such decision in the first place because of past and illegal acts committed by the suggested candidates. The ministers in question are Kemal Isakovic, suggested for Justice Minister, Goran Bilic, nominated for Minister of Police, and Zeljko Raguz, proposed for Education Minister. The OHR refused to give details regarding why the suggested candidates were rejected, and stressed they expected the political parties to suggest as soon as possible new candidates for the given positions. Avis Benes, OHR Spokesperson in Mostar: "As for the reasons, as you know from earlier processes of checking, OHR does not give additional or more detailed reasons for denying approval for certain candidates."</p> <p>Dnevni list (p 14, "Bilic, Raguz and Isakovic did not pass the OHR vetting", by <u>Fena</u>), Slobodna Dalmacija (p 4, "3 Cantonal Government Ministers did not pass the OHR vetting procedure", by <u>M. Landeka</u>), Vecernji list (front page "Three Ministers did not pass the OHR vetting" &amp; p 4, "The OHR does not want Bilic, Raguz and Isakovic for ministers", by <u>Zoran Kresic</u>) and Vjesnik (p 2, "Mostar: OHR against 3 Ministers", by <u>Hina</u>) also report that, following the vetting procedure, the OHR did not give its consent to the Minister of Interior, Education Minister and the Minister of Justice to perform their duties in the newly-appointed Herzegovina-Neretva Canton (HNC) Government. Avis Benes, the OHR Mostar Spokesperson, said the criteria the IC was governed when deciding whether one was (un)fit for a position were: war crimes record, record of obstructing the peace process implementation and serious criminal record. Benes would not give the details or the justification to the final OHR decision. She said the political parties were now to propose new candidates for those positions to be vetted again, hoping those would be people who would be ready to fully implement reforms the citizens of the HNC desperately need. VL comments this is yet another delay in establishment of the Government 8 months after the elections adding it is assessed that this OHR move is an attempt to ease strong criticism of the Bosniak public to fining the SDA and Party for BiH. VL also says that a source close to the OHR claims the IC declined to verify Zeljko Raguz to the position of the Minister of Education over abuse of funds; unofficially, Goran Bilic was declined for the position of the Interior Minister over a vehicle scandal and his refusal to subordinate himself to the former FBiH Minister of Interior, Ramo Maslesa, in the Kostajnica murder case. HDZ is said to have claimed the OHR had no arguments to find the two unfit and the HDZ doubts the sincerity of the OHR decision.</p> <p>DL (page 14) carries a public opinion poll where the citizens were asked to comment on the fact that three proposed Ministers did not pass the OHR's vetting procedure. Questioned citizens mainly support the OHR's decision. One of the interviewed persons says that politically fit persons have always been in power and not the capable ones and that it is a high time that this situation changes.</p> <p>Slobodna Dalmacija (last page, "Filling the Cantonal Government to be urgently solved", by <u>Zoran Zekic</u>), Vecernji list (front page "Three Ministers did not pass the OHR vetting" &amp; p 4, "The OHR does not want Bilic, Raguz and Isakovic for ministers", by <u>Zoran Kresic</u>) and Dnevni list (front page &amp; p 13, "HNC Government in session in incomplete composition", by <u>Miso Relota</u>) report that, due to the result of the OHR vetting procedure, the Herzegovina-Neretva Canton (HNC) Government held yesterday its first session in the new but incomplete composition. Miroslav Coric, the HNC Prime Minister was somewhat surprised with the OHR decision, saying he had already called upon the parties to propose their new candidates for the 3 vetted positions. "This time, the proposals will not be forwarded to the Assembly before we get the approval from the International Community", Coric said. SD carries the Minister of Finance Semin Boric as saying that the Government would in a couple of days pay April salaries to budget beneficiaries. VL reports that, due to the OHR decision, the HDZ HNC Board's Presidency held its session on Wednesday morning when it was announced the party already had 2 candidates to be sent to the OHR for vetting. This was confirmed by Josip Merdzo, the president of the HDZ HNC Board, in DL: "We regret the OHR had no understanding for integration of the Cantonal Government's work at the moment. It would have been more pragmatic if the Government had started working in the full capacity and no one could prevent the OHR from sanctioning either Ministries or the Government for their possibly bad work afterwards".</p>

<b>Humphries for BHTV 1 on BiH-US-EU relations</b>	BHTV 1 By <u>Laura Bosnjak</u> – European Union has understanding for BiH decision to ratify agreement on immunity of US citizens before the International Criminal Court, though it does not agree with it. EU is aware the US would sanction non signing of the given agreement, said head of the European Commission delegation in BiH, Michael Humphries, said in an interview with BHTV 1 in Thessalonica where he was attending the EU summit.
<b>SDA's Palavric: SDA has never betrayed Mostar</b>	Dnevni Avaz pg. 4 'Cantons with special regime were abolished by the Alliance for Change', Oslobodjenje pg. 9 'SDA has never betrayed Mostar', Dnevni List page 4, by <u>Fena</u> , FENA – Vice-president of the Party of Democratic Action (SDA) Seada Palavric said that the frequent attacks of media in Mostar, certain weekly magazines in BiH and individuals from the former Alliance for changes against SDA related to the activities in forming the Government of Herzegovina-Neretva Canton (HNC) are "a poor and very expensive manner of collecting political points, but also of creating a climate of misunderstanding and hatred". "Unlike the Alliance, during the struggling eight-month long negotiations SDA has managed to ensure the same number of Bosniaks and Croats in the HNC Government, which is the closest solution to those once being valid in the cantons with a special regime. Unfortunately, in these negotiations SDA has not managed to insure that the Serb representative club in HNC Assembly itself proposes the Serb minister, but the fact remains that this club did not help resolving the situation much with its behaviour", said the SDA Vice-president. SDA, she added, has never betrayed Mostar or any other town in BiH.
<b>Editorials in Dnevni List on Komarica's statement, Pope's visit</b>	Dnevni List (page 2, by <u>Ilko Barbaric</u> ) carries an editorial which says that the speech of Banja Luka Bishop Franjo Komarica disturbed political ghosts in the Republika Srpska, while the Federation of BiH has been as always indifferent, bloodless and not interested in this issue. The editorial also says: "What has Bishop Komarica said on Sunday that disturbed the Arcadian idyll of the Dayton's dreamland, that is, its most loyal guard the Republika Srpska, whose life-long President Radovan Karadzic is still laying wreaths on graves and sends 'last good by to his General Momir Talic" in front of SFOR and all this-world public and secret services and Police that God gave. Bishop Komarica dared to warn once again of injustice that Catholics of the Banja Luka region have been suffering for over ten years." Dnevni List (page 6, by <u>Bakir Hadziomerovic</u> ) carries an editorial dealing with the Pope's visit to Banja Luka. The editorial says that according to reliable information the speech that Chairman of the BiH Presidency Borislav Paravac delivered on the occasion of the Pope's visit was corrected for three times in the OHR. The editorial also says that 'Paravac was talking as nothing has happened in this country and as if he and his party did not kill, expel and send to prison camps thousands of Pope's believers about ten years ago'. The author is making comparison between this visit and visits that survived Bosniaks are paying to Srebrenica every year. "In both stories the RS Police and authorities are behaving in the same way. During a few protocol hours in both, Petricevac and Srebrenica, there is no hatred towards uninvited guests, however, after TV cameras are shut down everything returns to the old positions gained through crime."
<b>DL: "BiH is leading country in Europe when number of persons employed in administration is in question"</b>	Dnevni List (page 8, by <u>De.L.</u> ) carries that according to High Representative Paddy Ashdown about 63% of funds from all budgets are being allocated for the public sector every year. DL says that such information say that BiH is a leading country not only in the region but in Europe when the number of the persons employed in the administration is in question. Member of the working group, which is in charge of the public administration reform, Sahbaz Dzihanovic stated: "According to my estimations, the number of the employees in the administration should be reduced from 15 to 45%, that is, many institutions which were established simultaneously with various Ministries, state authority bodies should be abolished or maximally reduced.."

The Main Board of the Union requests the relevant bodies to take all measures with the aim of insuring the security of President Biber and his family. Despite that, Head of Cantonal Civil Protection Agency Zdenko Tadic said that it is time for SFOR to start coordinating destruction of weapon with local authorities. <b>'Cantonal authorities are forcing BiH border service officers to leave Sarajevo'</b>	Oslobodjenje front page, pg. 7 'Cantonal authorities are forcing BiH border service officers to leave Sarajevo' - If they continue insisting on inappropriately high land fees for the construction of the BiH State Border Service central office in the Sarajevo suburb of Butmir, the Sarajevo Canton Government will be responsible for a forced removal of the SBS from the BiH capital to Lukavica (Serb Sarajevo, RS). The Sarajevo Canton authorities are requesting payment of a half a million KM for the issuance of the construction permits, as the Serb Sarajevo government offers 2,000 square meters of land to the SBS for free.

<b>SD on media attacks on FBiH Defense Ministry Chief Inspector Dragicevic</b>	<p>In light of media attacks on the FBiH Ministry of Defense Chief Inspector Drago Dragicevic, Slobodna Dalmacija (front &amp; p 17, "There is attempt to cover up crime in "Vitezit" through persecution of Dragicevic", by <u>Zvonimir Cilic</u>) carries a lengthy piece of denial of allegations against Dragicevic. The accusations range from privatisation and co-capitalisation of "Vitezit" and participation in the HVO rebellion at the time of the Croat self-rule to breaking of 10 luxurious Ministry's vehicles. The author of the article says that the sources of all the lies (N.B. for details, see the transcript of "60 minutes" programme of June 16) spread about Dragicevic which are served to (primarily) media with Bosniak prefix are the former FBiH Defense Minister Mijo Anic and his NHI protégés. According to Cilic, the aim of Anic's campaign against Dragicevic is to cover up his own illegal activities. Bearing in mind, SD goes on, that FBiH Financial Police, Customs, FBiH Ministry of Interior, FOSS and the FBiH Ministry of Defense have for the last 15 days been carrying out the audit of "Vitezit"'s business operations made over the last 7 years (including the period when Anic was the Minister, and "Vitezit" has undoubtedly violated the UN embargo on export of military equipment) and that Dragicevic heads the Inspection, it is obvious Dragicevic was the obstacle that had to be removed.</p>

## Other developments

<b>Helsinki Committee on position of Croats in Sarajevo</b>	<p>Croat Radio Herceg-Bosna, Oslobođenje pg. 6 'Jeopardised Croats are leaving Sarajevo' – BiH Helsinki Committee for Human Rights warned Croats mostly feel disrupted and insecure in Sarajevo. Recent incidents committed against Croats in Sarajevo have made the Committee to conduct research into the issue and position of Croats was assessed as typical for minorities. Reason for that is Bosniaks' wish to dominate in that part of BiH. Croats are not participating enough in the Sarajevo Canton governance and public companies. Intolerant policy of the national parties, police and education system contribute to the poor position of Croats in Sarajevo.</p>
