## Political parties/new government

Silajdzic won't be BiH	Avaz pg. 1 and 8, Oslobodjenje pg. 1 and 6 – Sahbaz Dzihanovic stated
РМ	yesterday after a SBiH Presidency session that 'due to personal reasons and
	after analysing the overall political situation, SBiH Presidency supported
	Silajdzic's decision not to be SBIH's candidate for the CoM Chair'. As for the
	talks with the SDA, Dzihanovic stated that they were sticking to their original
	offer to the SDA. According to the offer, SBiH wants to split Bosniaks seats in
	the future government with the SDA. According to Oslobodjenje, SBiH
	Presidency members had different opinions on whether to co-operate with the
	SDA. Apparently, Beriz Belkic and Spomenka Micic were against the idea. They
	insisted on co-operating with moderate parties, and suggested that at entity
	and state level SBiH was in charge of the opposition. Avaz reported that Safet
	Halilovic, SBiH President and Adnan Terzic, SDA Vice-President 'met for a coffee
	yesterday and talked about possibilities of bringing closer positions of the two
	parties. Slobodna Dalmacija pg. 15 by <u>Blanka Magas</u> – according to the current
	distribution of forces at the BiH political scene, SBiH will not participate in the
	executive authority at both the Federation and state level. "After two-months
Opposition vs.	long negotiations, during which the SBiH leadership was arrogantly demanding
Mikerevic	two thirds of Ministerial positions, their unrealistic demands resulted in the
	situation that along with SDP this party will be the biggest opposition to the
	authority. The national parties will form authority at the state and entity levels
	with the support of smaller parties," reads the article. Namely, the ruling parties
	are willing to give smaller parties high-ranked positions at the Federation
SNSD on new RS	authority, such as the position of the President and Vice President of the BiH
government	Federation as well as the managerial posts in some public companies and
-	steering boards.
	Avaz pg. 8 'Mikerevic is Ivanic's extended arm' – according to daily's sources, it
	is becoming more evident that Mikerevic will distribute eight ministerial posts
	for Serbs between the PDP and SDS. Those better-informed claim that the
	combination will be more satisfactory for both parties rather then an option of
	the PDP getting five and the SDS three ministerial seats. There have also been
	rumours about names of future ministers. Simeun Vilendecic has been
SDA on supporting RS	mentioned as the possible candidate for the Finance Minister (currently working
PM	in the same post), and Sinisa Djordjevic, Ivanic's Hague Advisor, as the new Mol
	head. There have been warnings from the opposition that Mikerevic is Ivanic's
	'extended arm' and shall carry out whatever lvanic wants.
	Oslobodjenje pg. 6 'Dodik for the premature parliamentary elections'. Glas
	Srpski pg. 2 'SNSD wants early elections' – SNSD President, Milorad Dodik,
	stated on Tuesday that his party will advocate for the holding of premature
	parliamentary elections at the next local elections because the current coalition
	in the RS government was deadly for the RS. "It is not SNSD's goal, as the SDS
	tries to present it, the ruining of the RS Parliament, but the RS Assembly Chair
	Dragan Kalinic," said Dodik. According to Dodik, his party holds information
	about a new customs affair related to the import of shoes at the price of 0,95
	KM. As for the state VAT, the SNSD supports the VAT in BiH, but requests a
	mechanism that would ensure that VAT incomes remain the entity incomes. The
	Head of the SNSD caucus, Krstan Simic, said that the aim of SNSD's activities in
	the Parliament would be to expose a political philosophy, which had deceived
	the people in the RS for ten years. (Reported in Blic on pg. 2 'Srpska's
	Parliament in crisis').
	Blic pg. 2 'SDA conditions support to RS PM', Nacional pg. 11 – the SDA
	Presidency member, Adil Osmanovic, confirmed that the SDA was ready to
	support the nomination of the RS PM, Dragan Mikerevic, under condition that
	the SDA proposed the Vice-Premier and three ministers. He further confirmed
	that during the meeting with the SDA President, Sulejman Tihic, he was
	informed that the SDA would demand to assume one of the key ministerial
	positions, most probably the ministerial positions of finance, defence or internal
	affairs.

BiH budget adopted	
	Avaz pg. 4 'State budget of 530 million KM adopted', Oslobodjenje pg. 8 'Budgel of BiH institutions amounts 530 million-KM' - members of the BiH HoR adopted at yesterday's session state budget of 530 million-KM. Out of the amount, 205
	million-KM is intended for financing BiH institutions, and the remaining 325
	million-KM for returning foreign debts. Ante Domazet, BiH Minister of Treasury, stated that the budget was the core part of the IMF stand-by arrangement. Nikola Spiric requested that out of the money for the Presidency 1 million-KM be
	allocated for the SIPA, and 500,000-KM meant for the European Integration Ministry for the Election Commission. His amendments were rejected. The RS
BiH Presidency in NY	reps requested that the financing of international trials and arbitration (includes the lawsuit against FRY) be excluded from the paragraph on budget reserves.
	The proposal was not adopted. The news was also reported in the RS media. Nezavisne Novine pg. 3 'BiH HoR passes BiH budget - PDP and SDS support

aw on Citizenship	reforms', Oslobodjenje pg. 3 'The Presidency with Annan' – the BiH Presidency members vesterday met in New York with the UN SG Annan. They thanked UN
	SG Annan for inviting them to personally address the UN General Assembly. They expressed hope that the UN will continue to support reforms via their agencies remaining in BiH. Tihic met with representatives from BiH associations
	of citizens who live and work in the US. They expressed their concern over the

	of the year where one of the agenda points should be the Law on Citizenship. He stated that one of the big problems was that the state HoP was still not constituted, as this institution should confirm the Law changes. According to

HR Ashdown in Moscov	Slobodjenje pg. 3 'Significant help of Russia for BiH reforms', Avaz pg. 3
	'Russian help of vital importance', Glas Srpski pg. 3 'Ashdown in Moscow', Nezavisne Novine pg. 4 'Ashdown: Russia plays important role in the process of
	reforms in BiH' - HR Paddy Ashdown met yesterday in Moscow with the Russian
	Minister of Foreign Affairs, Igor Ivanov. Ashdown stated that the IC was united concerning the common program, which is the establishment of the rule of law.
	Minister Ivanov emphasised the importance of the economic reform, especially
	when it comes to the issues of state customs and VAT. Dnevni List carries a
Round table on	representative of the Russian Foreign Ministry, Alexander Jakovenko, as saying that 'the Dayton Agreement represents the basis of the peace process and
customs reform	securing of balance of interest in BiH'. "The failure to respect the agreement
	could undermine the foundations of the yet fragile stability and relations between two entities and three peoples that live in BiH. All more important
	decisions on political-economic system should be taken on basis of freely
	expressed consensus of all sides". Avaz pg. 4 'BiH is the only state in Europe that does not have single customs',
	Glas Srpski pg. 3 – Renzo Davidi, the Chief of Working Group for Reform of BiH
	Customs, stated that introduction of the joint BiH administration would be the only way to increase the efficiency in collecting customs. Davidi said that the
OHR campaign in RS	existing customs system in BiH is expensive and inefficient and does not ensure
	the application of customs legislation at the BiH level. According to him, the
Platform for united	main problem is the existence of three different customs administration, which are not capable of fighting the customs fraud, smuggling and crime in an
Mostar	efficient way.CAFAO Chief, Alan Jensen, spoke on the necessity of introducing
	the state VAT. The statements were made during a round table discussion entitled 'Reform of the customs system in BiH' held yesterday in Banja Luka.
	Nezavisne Novine reported on the same issue pg. 2 'VAT will not endanger
	entities' – Davidi's statement that 'the fiscal sovereignty of entities will not be endangered with introduction of a joint customs and tax administrations.' "This
	is because the revenues, which will be collected on one account, will be further
	distributed to entities," said Davidi.
	Please note that the ATV reported last night in its prime time news at 19:00 that there was some misunderstanding regarding a meeting that PDHR Donald Hays
	had with representatives of the RS parties the day before yesterday. ATV
	reported that Hays said that all the RS parties agreed on the introduction of VAT and that the SDS and RS Prime Minister denied that.
	Avaz pg. 10 'Experts will present advantages of VAT to businessmen',
	Oslobodjenje pg. 2 'OHR continues its campaign' – OHR Spokeswoman in Banja Luka, Sonja Pastuovic, confirmed yesterday that representatives from the OHR
	Economic department continued their campaign of presenting advantages of
PDHR Hays on VAT	introducing the state VAT. The discussion on the topic will take place on
	December 16 this year at the Banja Luka University for Economics. Oslobodjenje pg. 6 'Egual and democratic community' – head of OHR in Mostar,
	Jean Pierre Bercot, received the Platform for Action that outlines the
	construction of Mostar as a multiethnic, equal and democratic community. Eighteen Mostar city councillors from the Coalition for united and democratic
	BiH (includes members from the SDA, SBiH, SDP and independent councillors)
	adopted the Platform on December 3. The news was announced during a press conference in Mostar yesterday. Slobodna Dalmacija pg. 1 and 15 by <u>Marijan</u>
	Sivric – an editorial regarding the unification of Mostar. It says that the
	administrative and political unification of Mostar will not go smoothly even after the constitutional changes have taken place. This is because Bosniaks, who
	loudly advocated for unified city, now claim that Mostar and Bosniaks are now
	threatened with 'Croatization' requesting the status quo. The author also suggests that Mostar should become one constituency in order to avoid the
	situation that the strongest party in the elections, which has always been the
	HDZ, does not have most number of councilors in the City Council. Dnevni List
	pg. 7 by <u>Darko Jukic</u> – carries a similar editorial to the one featured in Slobodna Dalmacija. The author, however, notes that the SDP and SDA are in coalition
	only in Mostar, which, according to Jukic, speaks for itself. The author also says
	that OHR and other representatives of the IC should come up with stances regarding the future organization of Mostar as one normal city. "Than, some
	things would be clearer, from what the establishment of Mostar's going to be
	like to who is going to implement it", says Jukic. Nacional pg. 11 'VAT comes into force in 2004' – reports that preparations for
	introducing VAT in BiH do not go as planned. PDHR Donald Hays recently told
	representatives of political parties that participate in the work of the RS Parliament that VAT should replace current sales tax by 2004. According to his,
	that would increase the budget revenues. "VAT is much better solution than
	sales tax," Hays said. However, not everyone shares his opinion. President of
	the RS Government, Mladen Ivanic, thinks that collection of taxes and customs duties on BiH level would be an additional problem in relations between the
	entities. "The problem would be reallocation of collected revenues among
	entities," Ivanic said. On the other side, OHR thinks that the VAT system of collecting should be single one, and that revenues should be reallocated to the
	entities on equal parts. "I will not say that everyone agrees on the issue, but
	they support the introduction of VAT with single tax rate, single tax policy and administration," Hays said. He warned that those opposing VAT want in fact to
	evade tax paying.
