

Brcko Supervisor Met With the Brcko Women's Volleyball Team "Jedinstvo"

Today Brcko Supervisor Raffi Gregorian met with the Brcko District women's volleyball team "Jedinstvo" and congratulated them on their most recent success – winning the BiH Female Volleyball Tournament.

During the discussion with team members and their coach Mr. Goran Hadzic, Supervisor Gregorian expressed regret that problems of the BiH Volleyball Association prevented the team from competing in the European Champions League last year.

«I would like to congratulate the team for their exceptional performance in the past and wish them success in the future. Hopefully, they will enjoy more support by both local and the State authorities,» said Supervisor Gregorian. «These achievements in sports are something to be proud of, reminding us of Brcko's proud tradition of sports achievements that we need to cherish and develop.»
