

Decision establishing the BiH Institute for Standards, Metrology and Intellectual Property

In the exercise of the powers vested in me by Article V of Annex 10 (Agreement on Civilian Implementation of the Peace Settlement) to the General Agreement for Peace in Bosnia and Herzegovina, according to which the High Representative is the final authority in theatre regarding interpretation of the said Agreement on the Civilian Implementation of the Peace Settlement; and considering in particular Art. II.1.(d) of the last said Agreement, according to the terms of which the High Representative shall “Facilitate, as the High Representative judges necessary, the resolution of any difficulties arising in connection with civilian implementation”;

Recalling paragraph XI.2 of the Conclusions of the Peace Implementation Conference held in Bonn on 9 and 10 December 1997, in which the Peace Implementation Council welcomed the High Representative’s intention to use his final authority in theatre, regarding interpretation of the Agreement on the Civilian Implementation of the Peace Settlement, in order to facilitate the resolution of any difficulties as aforesaid “by making binding decisions, as he judges necessary” on certain issues including (under sub-paragraph (c) thereof) “measures to ensure the implementation of the Peace Agreement throughout Bosnia and Herzegovina and its Entities”;

Considering the seriousness of the problems faced by Bosnia and Herzegovina arising out of the absence of legislation in the field of standardisation, and in particular the difficulties facing producers wishing to export their products

to markets within the European Union;

Noting that the European Union “Road Map” for Bosnia and Herzegovina recommends the establishment of a single Bosnia and Herzegovina Institute for Standards;

Noting further that in the Annex to the Declaration of the Peace Implementation Council which met in Brussels on 23 and 24 May 2000 it was stated that the authorities of Bosnia and Herzegovina should act promptly as to the adoption of the Law on Standardisation, including the creation of the Bosnia and Herzegovina Institute for Standards;

All this considered, borne in mind and noted, I hereby issue the following decision which shall enter into force with immediate effect on an interim basis, until such time as the Parliamentary Assembly of Bosnia and Herzegovina shall adopts this Law in due form, without amendments and with no conditions attached.

Pursuant to, and as an integral part of this my Decision herein, I require the appropriate authorities of the Federation of Bosnia and Herzegovina and of the Republika Srpska to take all necessary steps to ensure that the laws and regulations of the Federation of Bosnia and Herzegovina and of the Republika Srpska respectively are and remain fully harmonised with the law on the Institute for Standards, Metrology and Intellectual Property of Bosnia and Herzegovina hereinafter set out. In the event that changes are required to be made to the laws and/or regulations of the Entities in consequence thereof, such changes are to be effected no later than six months after the entry into force of the said Law on the Institute for Standards, Metrology and Intellectual Property of Bosnia and Herzegovina.

DECISION

ON LAW ESTABLISHING THE INSTITUTE FOR STANDARDS, METROLOGY AND INTELLECTUAL PROPERTY OF BOSNIA AND HERZEGOVINA
