

Diaspora builds bridges for Bosnia and Herzegovina's future

Acting High Representative Louis J. Crishock welcomed the opening of Diaspora Days Travnik 2026, recognizing the important role the BiH diaspora can play in strengthening communities, fostering investment, and preserving lasting ties with Bosnia and Herzegovina.

“Bosnia and Herzegovina’s diaspora represents a powerful resource. By contributing their knowledge, experience, investment, and international business connections, diaspora communities can create new opportunities for economic growth and local development. Initiatives such as the business forum ‘Investing in Travnik – Investing in the Future’ help transform those opportunities into lasting partnerships that can benefit communities across Bosnia and Herzegovina,” said Crishock.
