

High Representative welcomes election of delegates to FBiH House of Peoples

High Representative, Valentin Inzko, commends delegates of Central Bosnia and Posavina cantonal assemblies for their commitment to elect delegates to the FBiH House of Peoples in timely manner and in accordance with their constitutional and legal obligations.

“I encourage elected officials in other eight cantonal assemblies to follow the positive example of their colleagues from Central Bosnia and Posavina cantonal assemblies who met the deadlines for convening the legislative authorities and for electing delegates to the legislatures. The sooner the authorities at all levels are in place the real concern of citizens – job creation, economy and the Euro-Atlantic agenda – can be addressed. This is what was promised to the voters and this is what voters expect from elected officials,” High Representative said.
