

Mobile Monitoring Station for Telecommunications Regulatory Agency

On Thursday 24 February at 15.00 hrs, the International Telecommunications Agency (ITU), based in Geneva, will officially hand over a Mobile Monitoring Station to the Telecommunications Regulatory Agency.

This vehicle, with a value of KM 700.000, was built by the German firm Rohde and Schwarz, and is state of the art technology. Rohde and Schwarz will also provide a week-long training for the operators of the vehicle, starting next week.

The ceremony, to be held at Marin Dvor, will be attended by Mirsad Kurtovic, who as Minister of Foreign Trade and Economy, is responsible for frequency management in BiH.

Members of the press are cordially invited to attend
