

OHR Concludes Vetting Procedure For West Herzegovina Canton Government

The Office of the High Representative completed today the vetting procedure for three key Ministerial Posts in the Government of the West Herzegovina Canton.

Gordan Bradvica as Minister of Interior;

Vilson Crnjac as Minister of Justice and;

Mario Busic as Minister of Education, Science, Culture and Sport.

The Assembly of the Western-Herzegovina Canton was notified today that the vetting process has been completed and that the Assembly may now adopt a new Decision on Approval of the Government of the Western-Herzegovina Canton.

The OHR underlines that this vetting process does not prejudge the ongoing judicial review of the Assembly's earlier vote of no confidence in the Government of the West Herzegovina Canton.
