# JMDP Elektroprivreda RS leaflet

The leaflet hereto encompasses instructions and procedures with regard to electricity connection procedure not only for returnees but also for the first-time power consumers.

The leaflet assumes that there is a functional electro distribution network in the area you live in.

The network reconstruction is not the subject of this leaflet.

We would like to mention here that the returnees are exempted from paying special single flat sum for power capacity irrespective of the fact that s/he has left the object more than 10 years ago.

The aforesaid requires that the size and purpose of the object has remained unaltered.

The leaflet offers general instructions and data. For more detailed information please contact the below given phone numbers.
