Terzic in Brussels with Solana, Rehn and Frattini; talks on cooperation with ICTY, liberalization of visa regime

Pink– Report from meetings that the Chairman of BiH Council of Ministers, **Adnan Terzic**, had with the EU High Representative for Common Foreign and Security Policy, **Javier Solana**, and EU Commissioner for enlargement issues, **Ollie Rehn**. During his meeting with Terzic, HR Solana said that political solution for BiH should be reached by its citizens. Terzic says that the European Commission still points out the necessity for cooperation with the ICTY to be improved. Terzic said that he was about to face numerous tasks. He said: *“The first task would be to try to establish a team which would help in arresting of war criminals, which the Peace Implementation Council requests from the BiH CoM. The team should make Chief ICTY Prosecutor Carla del Ponte say that the cooperation with the ICTY is full.”*

According to **Dnevni Avaz**, front pg splash and pg 3 ‘Solana will help abolishment of visas for BiH, by S. Numanovic, Solana had promised Terzic that *“he would help as much as he could that visas for BiH be abolished”*. <p>VL on necessity to join PfP</p>	<p>Vecernji List pg 2 'Army takes BiH to Europe!' by <u>Z. Kresic</u> carries that the NATO's Partnership for Peace (PfP) is the next big task ahead of the BiH authorities during this year. The author says that because of any kind of possible conflicts the PfP must be a true orientation not only because of appearances but since then the world would recognize BiH as a secure and stabile country for foreign investments.</p>
<p>DL op-ed on role of HR Ashdown in BiH</p>	<p>Dnevni List pg 2 'Lord in bloom of reforms' by <u>N. Bise</u> carries an editorial in which the author says that the statement given by Head of the EC delegation in BiH Michael Humphreys, who said that BiH does not have to hope that it will join the EU as long as it has the High Representative, might be interpreted in many ways and the most probable interpretation is identifying of the real problem of BiH in the institution of the HR. The author also says that in this case this is not only about the institution but also about the HR himself, since according to the author's opinion the role and efficiency of Lord Paddy Ashdown is definitely the worst thing that arrived as an international assistance to our country.</p>

<p>Oslobodjenje's Beric wonders why the IC has not resolved crisis in BiH in the past nine years</p>	<p>Oslobodjenje pg 9 'Madly shirt' Op-ed by <u>Gojko Beric</u> – The author wonders why the international community has not succeeded to resolve crisis in BiH in the past nine years since the Dayton Agreement signing? The answer, according to Beric, probably lies in different views of the Western countries on the causes and consequences of the political developments in BiH. Beric also wonders if the Dayton Agreement's provisions are leading BiH to Europe or distancing the country from the Euro-Atlantic integration? Describing the Dayton Agreement as a straightjacket for BiH, Beric emphasizes that citizens in BiH are becoming patients of a large psychiatric clinic, whose physicians do not properly perform their duties. Beric concludes that the real question is who is going to take this 'shirt' off the BiH citizens (resolve the crisis in the country through change of the Dayton provisions) since those who want to do it are actually not able to do it. On the other side, those who can resolve BiH problems do not want to do that, according to Beric.</p>

**HR Ashdown in
Tesanj, Usora
on Police
reform**

BHT – The High Representative **Paddy Ashdown** emphasised that the political discussions on Police reforms should be finished by the end of April. HR visited Police stations of Doboј, Tesanj and Usora. According to the Police Reform Commission, this region will be integrated with FBiH Police after the reforms are completed. Police officers both from RS and FBiH expressed cooperativeness. Political top in RS, on the other hand, rejected the suggested solution for integration in this region. They feel that all the changes should be made by a compromise and that the final word has the RSNA. **Dragan Cavic**, President of RS stated, *“For reforms yes, principles yes, and organisation yes, compromise would be the existence of RS Police and MoI, as we said before.”* HR stated that one thing that cannot be changed is that European Union has set standards that must be accomplished in order to become a part of Europe . It set three principles and the first one is that there should be exclusive authority of BiH Ministries over Police. HR stated that the Police Reforms are not going to be imposed, but they have to be implemented.

Dnevni Avaz, pg 2 ‘Police reform would help save 140 million KM’, by M. Cabric– Also covered the issue. According to HR’s statement in Avaz, the result of the Police reform would be saving of some 140 million KMs. *“In that system, Police officers would get paid, not the bureaucracy. We can expect financial help of European partners in that case. Otherwise, the road to EU is closed”*, said HR Ashdown.

FTV, Oslobodjenje, pg 8 ‘Politicians care more about themselves than about security of citizens’, by M. Be, **Dnevni List** pg 8 ‘High Representative in police patrol’ by NINA, **Slobodna Dalmacija** pg 18, mentioned on cover ‘Policemen without winter shoes’ by B. Jelcic also reported on the issue.

<p>Sakan and Mikes criticize police reform</p>	<p>Glas Srpske pg 5 'Bad foundation – weak structure' by <u>N. Diklic</u> – The Chairman of the Board for Surveillance over work of defence and police institutions, Velimir Sakan, thinks the changes, proposed by HR Ashdown and Wilfried Martens, would lead to deterioration, and not improvement, of security. He warned that, in case Ashdown's model is adopted, it would create confusion in field because several courts and prosecutor's offices would have the jurisdiction over one police region. A lawyer from Banja Luka, Miroslav Mikes, warns that the model proposed by HR Ashdown would lead to Constitutional changes and he says RS would lose all elements of its sovereignty in case this model is adopted.</p>
<p>PRC member Zilic says establishment of five police regions only right solution</p>	<p>Dnevni Avaz pg 5, mentioned on cover 'Mountain of Trebevic a part of Foca police region' <u>E.S.</u> – According to the article, when one looks more carefully at the borders of the 'nine plus one' police regions map proposed by HR Paddy Ashdown, it is clear that there are a number of failures particularly due to extremely illogical solutions for some areas. The objections to the map have been more and more frequent particularly for the regions of Sarajevo and Foca. Advisor to the Bosniak member of the Presidency and the member of the Police Restructuring Commission Mehmed Zilic considers as absurd that mountains of Bjelasnica, Igman and Trebevic together with Trnovo municipality are planned to be part of Foca Police Region. He reiterated that the only right solution would be organization of police forces at the local level in five regions.</p>

The candidates are: Nedeljko Kesic, Nenad Dragisic, Dragomir Jovicic, Fadil Jaganjac and Dragomir Andan. The Chair of the Board Ilija Lukic says that the future police director cannot be a member of any political party. SDA representatives warns that nomination of new RS police director should be done in accordance with decisions of BiH Constitutional Court on constitutionality of nations, which means that the future director should be Bosniak.</p> <p>Pink TV – SDA representative Sefket Hafizovic said <i>"Due to police reform, my opinion is that there should be no hurry in nomination of new RS police director, since, according to the reform, the state is going to be in charge of authorities. Anyhow, we believe that a Bosniak is going to be nominated for the position."</i></p>
