Bosniak Caucus asked for protection of vital national interest, giving no consent for ratification of contract between BiH and Croatia on cooperation in realizing rights of BiH war victims

Pink By Zeljko Mandic- Bosniak Caucus in BiH House of Peoples started the issue of protection of vital national interest due to the agreement that BiH and Croatia signed on cooperation regarding protection of rights of war victims in BiH. This contract, signed on December 23, 2005 by BiH Minister of Security **Barisa Colak** and competent Croatian minister, should provide additional financial resources to HVO victims and their families from Croatian budget in order to make equal their compensations with compensations that are being paid in Croatia. Croatian deputies in BiH HoP objected request of Bosniaks. **BHT1** by Vanja Filipovic – Bosniak representatives also claim that this contract violates the BiH Constitution, and that it would produce discrimination within certain categories of veterans' populations in BiH. **Hayat** By Nebojsa Radulovic – Presenter stated that Croat caucus has warned that unless the agreement is adopted they will leave the BiH HoP. Serbs were ready to support the agreement only if it read that the HVO victims died in armed combat and not defending BiH. **FTV** by Adisa Ruzdic – Bosniak Caucus requested that this contract is returned to the competent commission for finishing off, which other two caucuses rejected. Bosniak delegates deem that giving consent for ratification of this contract will only mean new obligations, instead of help to invalid funds.
