**Tihic sends
monsignor
Tomasevic an
open letter**

Oslobodjenje pg 5 "Media misinterpreted my statements', mentioned on cover, **Devni List**, pg 7 'Cases of destruction of Catholic churches unknown to Tihic', mentioned on front, by **NINA**, **Vecernji List**, 'Statement about wartime leadership', by **vr**, **Slobodna Dalmacija**, 'I respect Pope and Catholic Church', by **D. Pasic**, **Z. Rerig**.

Nezavisne Novine, pg. 2 'Misunderstanding with Catholic Church in relation to returnees' by **Beta** – The Chairman of BiH Presidency, **Sulejman Tihic**, has sent the Secretary General of BiH Bishops Conference, monsignor **Ivo Tomasevic**, an open letter regarding the media interpretation of Tihic's statements from the recently held 'Igman initiative' conference in Zagreb, according to which he blamed the Catholic Church as one of accomplices for lack of return of Croats to their pre-war homes. Tihic regrets the way some media interpreted his statements, believing that all 'disputable' statements should be resolved in a direct contact, rather than through open letters. Saying that he especially respects the role of the **Pope John Paul II** during the war when he called for stopping of the war, genocide and all injustice, Tihic says that his statement in fact was related to the responsibility of the people who were running the policy on behalf of the Croats at the time, both in BiH and Croatia, who in fact advocated the '*creation of ethnically pure territories through so-called human resettling of peoples*'. As for cases of destruction of Catholic churches that monsignor Tomasevic cited in his letter, Tihic notes that those cases in general are not known to him, and Tihic is convinced it is about cases '*who were not controlled and were outside the system*'. In that context, Tihic says it would appear from Tomasevic's allegations that those churches were located in rural areas and in villages, where it was impossible to establish a full control of BiH authorities.

RHB – At the press conference following the session of BiH Presidency, Tihic expressed his sorrow for being misinterpreted in media.

The Church claims that they receive threats almost on daily basis, thus they don't feel safe in Sarajevo.
