## Constitutional changes

Constitutional-Legal Commission concluded that there is constitutional and legal ground for debating amendments to BiH Constitution

**BHT 1** Report by M. Cosic – The Constitutional-Legal Commission with the BiH House of Representatives established that there is a constitutional-legal ground for debating amendments to the BiH Constitution. The public debate on amendments to the BiH constitution will last about fifteen days. *"We call upon all the institutions and BiH citizens to submit their stances on changes to the BiH Constitution in a written form"*, stated President of the Constitutional-Legal Commission **Mirsad Ceman**, announcing that the public debate will be organized in the building of BiH Parliamentary Assembly. It was expected that the Constitutional-Legal Commission would discuss the amendments to the BiH Constitution proposed by representative **Mladen Potocnik** as well, however this item was removed from the agenda. Potocnik deems that political leaders did not like what they saw in his proposal. On the other hand, member of Constitutional-Legal Commission **Momcilo Novakovic** claims it would not be reasonable to discuss two different proposals of the constitutional changes at the same time. **RHB, Hayat, FTV, Dnevni Avaz** pg 8 'Amendments to Constitution have ground, public debate in mid April' by A.M., **Oslobodjenje** pg 6 'Amendments to BiH Constitution at public debate' by A.T., **Nezavisne Novine** pg 4, mentioned on cover 'Discussion in Parliament in mid April' by N. <p>BiH Constitutional Court concluded that certain Articles of FBiH Law on coat of arms and flag and RS Law on flag, coat of arms and anthem are not in accordance with BiH Constitution</p>	<p><b>BHT 1</b> – The BiH Constitutional Court (BiH CC) has concluded that certain Articles of the FBiH Law on coat of arms and flag, and the RS Law on flag, coat of arms and anthem are not in accordance with the BiH Constitution. Therefore, the FBiH Parliament and RS National Assembly have been ordered to harmonize those Articles with the BiH Constitution within 60 days from the day of publishing this decision in the BiH Official Gazette. Namely, the BiH CC concluded that the Article 2 of the RS Law on flag, coat of arms and anthem (which says that the flag, coat of arms and anthem represent the statehood of RS) and the Article 3 (which says that the symbols of the RS are used in accordance with ethical standards of Serb people) are not in accordance with the state Constitution. The BiH CC explained that the Serb people in the RS, as well as Bosniaks and Croats in the FBiH, are entitled to preserve their tradition, culture and identity through legislative mechanisms; however, the BiH CC deems that the same right should be given to Bosniaks and Croats in the RS and Serbs in the FBiH. I believe that RS would do something, especially regarding the regulations on statehood’</i>, said <b>Rajko Kuzmanovic</b>, from the RS team before the BiH Constitutional Court. <i>“We in SNSD would insist that at the same time with implementation of the BiH CC’s decision and looking for solutions at the entities’ level, ask for a change of the symbols at the BiH level so Serb people symbols are equally included in the BiH coat of arms”</i>, said <b>Krstan Simic</b>, SNSD. <i>“In my opinion, this is a political decision that would have consequences on life and future of this country.
