**Ashdown for  
BHTV 1 on  
meetings in  
Washington**

BHTV 1 – Senior BH delegation, lead by CoM Chairman Adnan Terzic, and High Representative Paddy Ashdown met today with leadership of the World Bank and International Monetary Fund.

The willingness of these financial institutions to continue with giving loans to BH will depend on readiness of BH authorities to implement reforms, stated Ashdown for BHTV. At the moment of airing news, Ashdown was meeting US Defense Minister Donald Rumsfeld. In dispatch for BHTV1, High Representative confirmed to talk with Rumsfeld on recent US warning on cutting its assistance unless BH authorities fight human trafficking more effectively. Ashdown added that trafficking is an issue Bosnia deals with for a longer time. As an improvement, Ashdown mentioned Milakovic's case before BH Court, which is the largest human trafficking case ever put on trial in BH. He added that it would be wrong to fight this problems separately from other crime related such as drugs smuggling, since they are all an act of organized effort.

Vecernje Novosti pg. 13 'Peace award to Richard Holbrooke' – High Representative Paddy Ashdown has started his ten-day international tour during which he will visit US, Great Britain and Greek with the aim to lobby for BiH. The tour will end with a meeting with the Pope during the Pope's visit to Banja Luka on 22 June.

<p><b>Colak says fears ungrounded that US will impose sanctions against BiH</b></p>	<p>Dnevni Avaz pg. 5, mentioned on the front page  ‘Fears ungrounded that BiH will impose sanctions against BiH’ – BiH Security Minister Barisa Colak does not believe that USA will impose sanctions against BiH because it has not done enough in fighting human trafficking.  “Even the basic document on the issue that will be submitted to US Congress does not specify at all that the 15 mentioned countries will be sanctioned,” Colak told the newspaper.</p>
<p><b>BiH Liberals leader proposes joint admission of Balkan countries into EU</b></p>	<p>FENA, Dnevni Avaz pg. 4 ‘Rasim Kadic proposes joint accession to EU’, Oslobodjenje pg. 5  ‘Admission into EU for all’ – The joint approach of the Western Balkans countries in the phase of determining the EU strategy for their inclusion into European integration and expressing of a clear stand regarding the admission must come simultaneously for all countries of this region, regardless of the current situation, which is crucial for BiH, the country that still faces necessity to change constitution and be established as a functional and sustainable state. President of BiH Liberal Democratic Party (LDS) Rasim Kadic will present these suggestions at a meeting of presidents of liberal parties of the Western Balkans, which will take place one day before the meeting of the European liberal party leaders on June 19 in Thessaloniki, LDS said in a press release. The meeting of the European liberal party leaders, which is taking place a bit before the EU Summit in the same town, will mainly focus on EU strategy for admission of the Western Balkans countries into the European Union. On the occasion Rasim Kadic is expected to meet with President of the European Commission Romano Prodi and with the Speaker of the European Parliament, Pat Koks.</p>

When it comes to BiH, Relota writes that analysts say that BiH is "light years" away from joining the EU.</p>
<p><b>SFOR ups its activities, looking for Karadzic?</b></p>	<p>Vecernji List (front and page 3, "SFOR in search for Karadzic") – reports that SFOR intensified its activities i.e. patrols and helicopter flights in eastern Bosnia along the BiH, Serbia and Montenegro border last weekend. The aim of the operation, as released by an SFOR HQ in Rogatica, is a search for ICTY indictees. In that context, VL assumes it is about Radovan Karadzic who is said to be hiding in east Bosnia and Montenegro.</p> <p>Glas Srpske, cover page story, 'No chase'; Nezavisne Novine, page 3, 'No SFOR operations at border with Serbia and Montenegro ' – The SFOR Spokesperson, Jim Billings, yesterday denied report of the Podgorica daily "Vijesti", that reported that the peacekeeping troops in BiH are searching for war crime suspects in the east part of the Republika Srpska, namely on the BiH border with Serbia and Montenegro. According to him, the more frequent patrols at this location resulted from the fact that there was a shift of troops in SFOR, and the new German-Italian battalion is getting familiar with its AOR.</p>

<p><b>SFOR operation in Knezevo</b></p>	<p>Nezavisne Novine, page 6, 'Still no comment by SFOR'; Glas Srpske, page 3, 'SFOR inspected police station' – According to NN, SFOR has not still released any information related to the weekend action at Knezevo/Skender Vakuf and Han Pijesak. **Political developments**

<p><b>HNC Government established</b></p>	<p>Croat Radio Herceg Bosna, BHTV 1, Oslobođenje pg. 6 'HNC Government appointed', Dnevni Avaz pg. 2 'SDA and HDZ deputies elected HNC Government ',Nezavisne Novine, pages 1 &amp; 3, 'Herzegovina-Neretva Canton gets Government' – Deputies in the Hercegovina-Neretva Cantonal Assembly on Monday confirmed a new government. After several adjournments and objections by the floor group of the Bosniak deputies, who demanded that a minister from the ranks of the Serb people be elected at a later date, the ministerial posts proposed by Prime Minister-designate Miroslav Coric were confirmed after all. Eight months after the elections and after several months of negotiations between the HDZ and the SDA and following two ultimatums by the High Representative and fines imposed on the SDA and the Party for BiH, the deputies in the Hercegovina-Neretva Canton confirmed the new government of Prime Minister with a two-thirds majority. The new finance minister is Semir Boric, the interior minister is Goran Bilic, the culture and science minister – Zeljko Raguz, the construction and urban planning – Esad Dzelilovic, the health and welfare minister – Dusan Racic, the justice minister – Kemal Isakovic, the transport and communications – Stjepan Krasic and the economy minister – Samir Sunagic. On this occasion, Prime Minister Coric said: "Truly there was no need for us to take up so much time to complete this, which will benefit all citizens and peoples of our county. This government is certainly facing enormous tasks. This government's task is – and you've heard certain deputies – above all to restore trust." Since the government was confirmed before the 1800 deadline set by the High Representative, it is most likely that the SDA and the Party for BiH will not be fined. Still, the question remains whether this government will be capable of resolving accumulated problems in the Canton.</p> <p>Dnevni Avaz pg. 2 'Tihic: Vote in the interest of the peoples and citizens' – Sulejman Tihic, the SDA President, welcomed the election of the HNC Government. "It is good the job has been completed. This is in the interest of the peoples and citizens of the HNC. The agreement I signed with Barisa Colak is a correct one and it ensures full equality of all constituent peoples," Tihic told the newspaper.</p>

<p><b>CRO Press on HNC Government formation with reactions</b></p>	<p>Dnevni List (front and page 5, by <u>V. Soldo</u>, "Bosniak parties give in under High Representative's ultimatum") – Herzegovina-Neretva Canton (HNC) yesterday got a new cantonal government as a result of yesterday's voting in the HNC Assembly owing it to votes from the HDZ and SDA MPs. MPs from the SBiH and SDP abstained from voting. The daily reports that everything did not go as smoothly, namely as soon as the session started it was interrupted for some 15 minutes because the Speaker of the Assembly, Omer Cevra, did not have the support of the Bosniak Caucus and there were speculations about his possible resignation. Furthermore, the President of the Bosniak Caucus, Enver Mujala, requested that the HNC Government be appointed without a Minister from the line of the Serb people (Dusan Racic) because a vital national interest issue was invoked at the last session of the HNC Assembly. HNC Prime Minister, Miroslav Coric, rejected the motion reminding of the previous agreement between Presidents of HDZ and SDA and the High Representative's deadline. Finally, as reported earlier in the article, 21 MPs from the HDZ and SDA voted for the Government.</p> <p>Reactions:</p> <p>Newly appointed HNC Prime Minister, Miroslav Coric, says he was not sure whether the Government would be appointed yesterday stressing that too much time had been spent in the process. He adds that a huge task is awaiting the Government, foremost to restore trust. PM Coric also expressed hope that this composition of the Government will show it is a Government that represents all three peoples in the HNC.</p> <p>Nusret Abdibegovic, an MP from the line of the Bosniak people, addressing the PM Coric, alluding to names of new Ministers, said that nobody gave in. "You think the Bosniak people is fine that the Police Commissioner and Minister of Interior are from the line of the same people. Do not think the High Representative's decision shook MPs from the line of the Bosniak people who voted the way they voted last time around, regardless of papers which are being waved here", said Abdibegovic stressing that the Bosniak MPs are ready to confront any sanctions and solve problems with political means. Abdibegovic also said that Miroslav Coric will be opposed if he lets down the trust of the Bosniak people.</p> <p>Enver Mujala, President of Bosniak Caucus in HNC Assembly, on circumstances under which the HNC Government did not get the support last time around and reactions i.e. sanctions by the OHR: "Considering all the situations and believing that we protected interests of the Bosniaks in this canton, you saw the result of today's voting", said Mujala.</p> <p>(also reported in Slobodna Dalmacija, page 6, by <u>M. Landeka</u>, "Cantonal government established", Vecernji List, front "HNC government voted for" and page 2 "HNC government established", by <u>zk</u>)</p>

<p><b>BiH Presidency to adopt document on BiH security</b></p>	<p>Vecernji List (page 2, by <u>FENA</u>, “BiH Presidency adopts document on security”) – BiH Presidency should on Wednesday adopt a document called “BiH Security Policy”, which is one of pre-requisites for BiH joining the Partnership for peace programme and subsequently the NATO, FENA learns from the BiH Presidency. The Presidency should also discuss a proposal of Platform for BiH appearance at the Thessaloniki summit. Sarajevo media also report on the issue.</p>
<p><b>DL’s editorial on situation in Mostar and Mostar SDP’s role</b></p>	<p>Dnevni List (page 6, by <u>Slavo Kukic</u>, “‘Mostar’ virus attacks SDP too”) – an editorial in which the author warns of growing nationalism in BiH taking an example from Mostar. Namely, Kukic claims to have been in possession of a document on future Mostar restructuring prepared by the Mostar SDP called “Political platform for development of Mostar and single and multiethnic City”. Reportedly, the document envisions a division of Mostar into four municipalities which, according to Kukic, goes against SDP HQ’s instruction that “citizens should be offered a political platform which will give them an opportunity to ‘actively participate in solving the situation and status of their city’”. According to the author, the Platform prepared by the Mostar SDP hints two things. First that the Mostar-branch is disloyal to the HQ and second, that the “national philosophy of conquering territory” is taking over the Mostar SDP. Kukic’s conclusion says if these two assumptions turn out to be true, or as he puts it “if similar virus is spread on this party, BiH would lose its last integrating factor”</p>

**CRA: Possible removing ethnic prefixes from names of public RTV stations**

Croat Radio Herceg-Bosna, FENA, Oslobođenje pg. 2 'Names of RTV stations without ethnic prefixes', Nezavisne Novine, page 5, 'Consultations on erasing ethnic prefixes from the names of RTV stations'; Glas Srpske, page 2, 'Signal for changes' – The Council of the Communications Regulatory Agency (CRA) decided that the Agency should commence public consultations on the matters of ethnic prefixes in the names of public RTV services in BiH. There are certain public RTV stations in BiH with ethnic prefixes in their names. The Council's stand is that this practice is questionable, having in the view the role of public RTV stations in insuring a programme for the entire population it covers with its signal, and not only for the members of a single ethnic group. Apart from this, the Council questioned this practice because these stations receive money from public funds. This is why the public stations with ethnic prefixes are recommended to re-consider their names and start making changes. CRA has the obligation to conduct the process of public consultations on this matter, considering that the recommended changes will influence the Rule on Public Broadcasting. Once the CRA receives comments from the public and RTV stations, it will design a recommendation for which the Council will issue a decision at its next meeting in September.

In light of an announcement by the Communications Regulatory Agency (CRA) that the Agency will conduct public consultations on possible removal of ethnic prefixes from the names of public broadcasters in BiH, Vecernji list (front page & p 2, "HTV Mostar without national attribute", by M.S.) reports that all the 3 TV stations which broadcast the programme in BiH in Croatian language and which were granted the CRA licence, do contain the national prefix in their names: HRT Kiss (Kiseljak) – KISS TV; HTV Oscar C (Mostar) and HRTV Mostar. Out of these 3, HRTV Mostar, which was recently issued CRA broadcasting licence for the wider Herzegovina region, is the only public one. Vlatko Menix, its director, was bitter over the CRA announcement saying such a CRA intention is contrary to the UN Universal Declaration on Human Rights, the European Charter on Languages of Nations and National Minorities, European Convention on Protection of Human Rights and Freedoms, as well as to the BiH Constitution. The CRA Press Releases are also covered by Slobodna Dalmacija (last page, "71 000 KM for annual permit", by Blazica Kristo) and by Dnevni list (front page & p 4, "Private telecom operators in BiH soon", by M.R.).

<p><b>Property laws implementation in Banja Luka</b></p>	<p>Glas Srpske, page 4, 'Who calculates badly?' – The question as to whether the municipality of Banjaluka is the worst municipality in the Republika Srpska, when it comes to the implementation of the property legislation has been raised: whose information is exact – OHR or local authority?</p> <p>Sonja Pastuovic, OHR Regional Spokesperson, denied claims by Miladin Djuranovic, Head of Banjaluka OMI, who said that 76% of property reinstatement claims have been resolved in Banjaluka. Pastuovic made a correction, stressing that 59.18% of claims have been resolved.</p> <p>GS further quotes Drago Vuleta, assistant to Minister of Refugees and DP's, denying OHR claims that there are still 7 thousand claims unresolved in Banjaluka. He notes that 3800 claims are still left to be resolved.</p>
<p><b>Republika Srpska Minister of Justice on Crime and corruption</b></p>	<p>Nezavisne Novine, page 5, 'Law to strike on crime and corruption' – Saud Filipovic, Republika Srpska Minister of Justice, is convinced that the adopted set of laws within the field of criminal law would accelerate the performance of the courts and result in more efficient punishments for crime and corruption. He also says that the question as to why more people are not serving sentences for economic crime should be posed to judges and prosecutors. He stresses that the efficiency of the judicial system cannot be achieved over night. According to him, Ministry of Justice has been turned into the center of logistics, where the laws are worked out.</p> <p>He also expressed his view on the proposal by the Republika Srpska President, Dragan Cavic, (who recommended establishment of special chambers for crime and corruption), stressing that such an opinion would not be a good solution at the moment. According to him, such an action would result in complete chaos.</p>
