By doing so, NATO has shown good will to give BiH an opportunity, however, BiH too has to show good intentions in cooperation with The Hague Tribunal"</i>, said Serry. The High Representative for BiH, Paddy Ashdown, who met with Serry and Feith stated that BiH was going from <i>"the time of Dayton to time of Brussels"</i>. <i>"Representatives of NATO did a lot for BiH and what happens at Istanbul is important. There will be changes, but there is a harmonized plan of activities. VL also notes that HR Ashdown was very clear when it comes to BiH's chance to join the PfP. HR Ashdown stated that there was only one obstacle to that goal, the obstacle being a full cooperation with the ICTY.</p> <p>RTRS – Ashdown commented: <i>"Only one condition remains to be fulfilled. We have to show full cooperation with the ICTY. The clock is ticking. We have ten days."</i></p> <p>FTV, RHB – It was stated that SFOR's replacement will be carried out in the end of the year, if this decision is reached in Istanbul , and that NATO and EUFOR will have full legitimacy in the field of apprehending the indicted war criminals.</p>

Serry, Feith
meet Terzic

FTV, BHTV 1, Dnevni Avaz pg 2 'NATO stays in BiH' by fena– **Robert Serry** and **Pieter Feith Cornelis** also met with Chairman of BiH Council of Ministers **Adnan Terzic**. *"Even if BiH does not get to be invited to Partnership for Peace I assure you that the doors will remain wide open for BiH"* said Robert Serry. *"It is obvious that if BiH is not admitted to Partnership for Peace during the Istanbul summit, RS authorities will be responsible for that"* said Adnan Terzic. He commented that the mutual desire for the BiH Agency for Information and Protection – SIPA – to start operating was expressed. *"EU and its member states are giving full support to establishment of SIPA by the beginning of next year"* said Pieter Feith.

FENA – *"We concluded that the preparations were in their final stage and that it was almost certain that the NATO summit in Istanbul will reach a decision for the EUFOR to enter BiH in the New Year. We received some documents which explain the standards by which NATO will remain there in the form of having an office and a number of troops,"* Terzic said.

Vecernji List, pg 3 'Covic with delegation of EU and NATO', by vr – notes that the Croat member of BiH Presidency, **Dragan Covic**, met with Feith and Serry at BiH Presidency yesterday.

<p>DA int with Terzic on PfP</p>	<p>Dnevni Avaz cover page 'Waiting at the European road is dangerous', pg 5 'I expect resignations from RS ministers' by <u>Sead Numanovic</u> – Following the visit of BiH delegation to Washington, Chair CoM Adnan Terzic said that he is generally satisfied with the outcomes of the meeting held separately with senior US Administration, IMF and WB officials. However, he says that while politicians praised BiH progress, he was worried when it comes to BiH admission to PfP and the beginning of the negotiations on Stabilization and Accession Agreement. Terzic adds that while nobody told him directly that BiH would not be invited to PfP, it was obvious that US officials thought that miracles would not happen by the end of this month. Commenting arrest of Radovan Karadzic as the main condition for PfP admission, Terzic says that he believes there are some other reasons for being rejected too. Asked what he expects to happen if BiH fails to be admitted, Terzic says: <i>"I expect destabilization. The High Representative will react and bring decision, which is important and good, and those decision will destabilize RS, but also Council of Ministers. I expect the crisis in the work of state government, which is not good... I expect [ministers from RS would] resign."</i> Asked what kind of actions he expects from HR, Terzic said: <i>"Firstly, reform of he police structure in order for state to gain, and entities to lose a part of authorities in that field."</i></p>
<p>German Foreign Minister Fischer says no PfP for BiH without arrest of Karadzic</p>	<p>RHB, BHTV 1, Vecernji List, pg 3 'No EU without arrest of Karadzic', mentioned on cover, by <u>Z. K.</u> – German Foreign Minister, Joschka Fischer, warned senior BiH officials and leaders of HDZ, SDA and PDP Barisa Colak, Sulejman Tihic and Mladen Ivanic respectively that BiH would not join the Partnership for Peace at the NATO Istanbul Summit without arresting the most wanted ICTY indictee Radovan Karadzic. <i>"Mister Fischer sent us a clear message that we would not be taking the road of Euro-Atlantic integration without arresting Radovan Karadzic"</i>, said Colak.</p>

<p>RTRS says PIC approved sanctions against RS</p>	<p>RTRS – The High Representative, Paddy Ashdown, received consent from the member state of the Peace Implementation Council for measures he would impose against RS for non-cooperation with the ICTY following the summit in Istanbul . The main strike will be directed against RS Interior Ministry, who would be seen as the responsible institution for failure to arrest war crimes suspects.</p>
<p>RS MoI on arrest of Karadzic and Mladic, authorities of RS MoI</p>	<p>RHB, Dnevni List, pg 15 ‘Police structures of RS will not be abolished’, by NINA – in a statement for NINA agency, spokesperson of RS Ministry of Interior, Zoran Glusac, denied reports in the media that the High Representative for BiH, Paddy Ashdown, would abolish authorities of the RS MoI. <i>“We do not want to comment announcements coming from unofficial sources, whoever they might be. It is not unknown that a reorganization of Police structures had been announced in BiH, but there were no talks about abolishing and decreasing of authorities of the RS MoI”</i>, stated Glusac. Stressing that cooperation between the RS and FBiH MoIs, Brcko District Police, State Border Service and SIPA has progressed lately, Glusac says the RS MoI is doing everything within its capabilities and authorities to arrest Radovan Karadzic and Ratko Mladic. <i>“We have stressed on several occasions, speaking about that issue, we need a cooperation of both the IC and SFOR, and other Police structures to expect concrete results from us”</i>, stated Glusac.</p>
<p>Kalinic calls on Karadzic to surrender</p>	<p>RTRS, RHB – RS National Assembly Speaker and SDS President Dragan Kalinic publicly invited Radovan Karadzic to surrender himself in order to spare RS and its officials from isolation and sanctions. Dnevni List, pg 2, carries in its ‘Statement of Day’, the President of SDS, Dragan Kalinic, as saying: <i>“Karadzic, turn yourself in or the RS will be exposed to the worst sanctions and isolation”</i>. [The statement was given to DA in an interview; please see Media Round-up for June 17]</p>

<p>Blic: Reactions to Kalinic statement</p>	<p>Blic, pg. RS5 'RS citizens should not suffer consequences' by <u>T. Veselinovic</u> mentioned on cover 'Kalinic invited Karadzic to surrender' – The Spokesperson of RS Prime Minister, Goran Radivojac, did not want to make a comment on Kalinic's appeal to Karadzic to surrender but he said that <i>'positions of RS Government in relation to arresting war crimes indictees are known – there is a political will to practically cooperate with the Hague Tribunal'</i>. PDP member Velimir Sakan did not want to comment on Kalinic's statement because he was <i>'not sure has Kalinic said it exactly in this way'</i>. The Head of SDA caucus at RS NA, Tarik Sadovic, says that one should not doubt in correctness of Kalinic's statement because <i>'he is a politician who is experienced enough and he knows what he is saying'</i>. SNSD leader Milorad Dodik thinks that RS should not suffer consequences because of lack of cooperation with the Hague. <i>'It is Dragan Kalinic who should suffer consequences and not the people who is not responsible for a sterile authority'</i>, Dodik said.</p>
---	---

<p>NN: Reactions to Kalinic statement</p>	<p>Nezavisne Novine pg 4 'Dragan Kalinic is saving his skin' – NN carries several comments on the most recent statement by Dragan Kalinic, SDS President and RS NA Speaker (when he called on Radovan Karadzic to voluntarily surrender). Elmir Jahic, SDA Vice President, is of the view that this statement was a logical move, since RS authorities have failed to fulfil their duties towards the Hague Tribunal. Jahic also said that sanctions against RS and responsible officials of RS <i>"are inevitable, if Karadzic were not handed to the Hague Tribunal"</i> and BiH were not admitted into PfP because of this. Igor Radojicic, SNSD Secretary General, assessed that by making such a statement, Dragan Kalinic <i>"is just saving his skin"</i>. He said that any sanctions against RS and its people would be counter-productive. Slobodan Popovic, delegate of SDP of BiH at RS NA, is of the view that the statement of Kalinic represents <i>"a shriek of a desperate man"</i>. Tihomir Gligoric, SP RS Vice President, is of the opinion that Kalinic's call to Karadzic to surrender is a hypocritical act, since <i>"SDS expelled its President from party membership in order to preserve it would remain in power"</i>. Marko Pavic, DNS President, stressed that RS has faced assault by the international community over <i>"quasi promises"</i>, noting that <i>"SDS is trying to avoid sanctions against the party"</i>. Nevenka Trifkovic, member of the PDP Chair Board, stated that <i>"everybody has a right to his/her opinion"</i>. She noted that <i>"RS authorities have a desire to fulfil obligations towards the Hague Tribunal"</i>.</p>

*"Ever since I became a member of the Supervisory Board (end 2002), I have not come across an information that there were problems that any of owners of Eronet get an insight into a requested document. As for the concrete case, it is known to us that **Robinson** (**Toby**, Provisional Administrator for HB) asked for access to Eronet's premises and documentation in order to provide confidential documents of Eronet to Mobilkom Austria. It is my opinion that had the Eronet's management provided the insight into the classified documents to a potential competitor, which on several occasions showed interest for the third national GSM licence and buy other operators, it would have caused a grave business damage to Eronet and its owners (...) HT Zagreb has informed all the relevant players in BiH, the **High Representative** and FBiH Government about Toby Robinson's acts", says Djuranovic.*

This division creates inefficiencies that BiH cannot afford."*

operations**

Ljiljan pgs 23-24 'Hunt on three presidential witches' by Enes Jakupovic – Jakupovic criticizes HR **Paddy Ashdown** because he had asked for criminal investigation against the BiH Presidency members over the financial performance in 2003 although he knew very well that there was no crime committed. According to Jakupovic, all the BiH Presidency costs are well covered by appropriate orders/decisions and following documentation.

Slobodna Bosna pgs 5-7 'Tihic, Covic and Paravac spent half of a million marks on vehicles; Belkic, Krizanovic and Radisic spent not a single phoenig on this in the previous year' by Danka Savic – Savic claims that *"nothing has in the past years unified public in BiH in bitterness such as the audit report on the criminal spending of budgetary funds by the three members of the Presidency in 2003."*

Dani pgs 22-23, mentioned on cover 'Three-member money wasting' by Saida Mustajbegovic. Mustajbegovic a bit ironically wrote that the fact the three Presidency members had spent a million more than initially foreseen in their budget for 2003 *"was even enough for **Paddy Ashdown** to warmly recommend his reformers to resign."*

According to the author, the magazine has presented a large number of evidences on involvement of Hercegovacka Bank Provisional Administrator Toby Robinson into the most serious crime and robbery of BiH. However, he appointed her as the Provisional Administrator of the Privredna Bank Srpsko Sarajevo. Pecanin ironically concludes that BiH will sooner become European football champion than it will become a normal democratic state that is integrated into Europe with such a High representative and such a government.</p> <p>Dani pg 16 Bosnian Barometer – The magazine gave three black dots (disastrous move) to Ashdown for the appointment of Robinson as the Privredna Bank administrator.</p>

Safet Pasic told FENA that during talks with citizens they received information about numerous human rights violations, especially of those of returnees. <i>“Efforts to create conditions for sustainable return to these towns are hindered by numerous problems, including unemployment of the local population, unresolved issues concerning labour legislation, irregularities in the privatisation process and delay in the reconstruction of houses”</i>, Pasic said. BiH Ombudsmen will put together a general report and recommendations, which they will send to all levels of authority in BiH in order to make the current situation at least bearable and to protect the basic human rights of BiH citizens.</p>

**Reactions on
initiatives
to change
constitution**

Blic, pg. RS4 'There is no consensus' by Rajna Radosavljevic – The Constitutional Commission of HoR has organized a discussion on constitutional changes upon the initiative of HDZ-Demo-Christians delegates. According to the Chairman of RS Council of Peoples, **Remzija Kadric**, the refusal of Serb side to participate to the discussion did not go in favour of a legally organized tribune, because RS authority and experts were expected to provide with arguments for and against this initiative. The article carries the inset 'Spiric: they do not want it, and then they accept it' – SNSD delegate at BiH HoR, **Nikola Spiric**, has stated that the discussion was organized in a legal manner, yet he thinks that more serious, mass and wider discussions are needed in case of constitutional changes. He says he personally does not believe in such changes. Nevertheless, he thinks that the refusal of RS authority to participate in the discussion was a mistake because 'everything they refuse, they easily accept at the end'.

Beecroft**

Blic, pg. RS5 'There will be no Dayton 2' by SRNA – Head of OSCE Mission to BiH **Robert Beecroft** has assessed that BiH will go through a true test of self-sustainability as of now until 2006 elections and he expressed his opinion that functioning of authority in BiH can be improved even without constitutional changes. Robert Beecroft emphasizes that there will be no Dayton 2 because the international community is not paying much attention to this region, therefore BiH citizens must be ready for a mutual dialogue on constitutional changes. Asked whether it would be possible for the international community to now leave what it has been doing and still to have BiH moving forward towards Europe and Euro-Atlantic Community, Beecroft said: *'Several more years are needed'*. Beecroft emphasized that it would be tragic if BiH missed its chance to be admitted to PfP program at NATO Summit in Istanbul.

Ljiljan opened on BiH's European integration

Ljiljan pg 7 'International bandits' opening editorial by Mensur Brdar – *"As BiH public is looking forward to the Istanbul Summit at which BiH might be invited to join Partnership for Peace, a genuine diplomatic war is taking place behind the scene. Some influential foreign diplomats are exerting tremendous pressure on the Bosniak leadership to withdraw the lawsuit (for aggression and genocide) against the Serbia and Montenegro filed before the Hague-based International Court of Justice,"* wrote Brdar. According to him, those international circles believe it would be too much if RS is abolished and if SCG is forced to pay compensation for war damages, which might be the consequence of the legal proceeding. They therefore conditioned BiH's accession to the Euro-Atlantic integration with the withdrawal of the lawsuit. Brdar however claims that not a single Bosniak has right to do this on behalf of the entire people.
