<p>FBiH HoP in session</p>	<p>RHB, BH Radio 1 by <u>Ljiljana Radl</u> – The FBiH House of Peoples continued its special session dedicated to education in Sarajevo today. Deputies much of the attention paid to the issue of language/equal right to use languages of all constituent peoples in schools, which, according to BH Radio 1, represents a prove how much the education sector is being politicised. The discussion also pointed out at necessity to change Constitution in terms of education authorities currently vested mainly at the cantonal level so that any FBiH HoP conclusions do not need to be implemented. However, the proposed conclusions foresee formation of a parliamentary board that would tour all the places where the education problems were reported.</p>

might be
admitted to
NATO by 2008

Dnevni Avaz cover pg splash 'Procedure for negotiations with BiH begins', pg 2 'BiH might be admitted to NATO by 2008' by Sead Numanovic – Daily learns that BiH might be admitted into NATO membership in 2008 under condition that the issue of war crime indictees is resolved and technical pre-requisites for NATO membership are met. In a statement to daily following meeting with **Jaap de Hoop Scheffer**, NATO Secretary General (SG), **Adnan Terzic**, BiH COM Chair, stated: *"NATO SG told me BiH must use all capacities in order to fulfil admittance criteria. He also stressed he would be unfortunate if it did not happen."* According to Terzic, NATO message was it is uncertain when new expansion of NATO might follow after 2008. according to daily, all western Balkans states might be admitted to NATO in 2008. Terzic also said meeting discussed defence reform, noting: *"The problem is how to accommodate around 2200 people who will appear as surplus during defence reform. The idea is that a trustee fund is founded to ensure their social accommodation."* According to inset "Karadzic and Mladic are obstruction for PfP", Terzic said that the fact Karadzic and Mladic are still at large represents an obstruction to BiH' membership in PfP. **RTRS** – *"I expect that objectively BiH, if the opposition is included as we talked... in my Cabinet with opposition leaders; that we can have agreement signed until the end of the next year,"* said Terzic. **RTRS, RHB, BHT1, FTV, Hayat, Oslobodjenje** pg 3, announced on cover 'NATO is satisfied with news coming from BiH' by FENA, Dnevni List pg 2 'NATO satisfied with progress in BiH' by N. M. Cubro – BiH Council of Ministers Chair **Adnan
Terzic** on Tuesday held talks with the EU
Commissioner for Justice and Interior, **Franco
Fratini**, who welcomed the political agreement on
the police restructuring. Fratini also expressed
interest in implementation of this reform and
offered full assistance. Talks also focused on
the issues of terminating the visa regime for BiH
citizens. Fratini pledged that a team of experts
would visit BiH by the end of the year in order
to analyze the current situation and seek the
necessary solutions for this purpose. **Dnevni Avaz**
pg 2 'Visa regime a part of the top EC
priorities' by S.N. – DA says that Terzic now can
leave Brussels more than satisfied with the
achieved. He apparently received the promise that
the EC would in the next two days ask the EU to
approve the opening of the SAA talks. DA claims
Fratini and Terzic talked about the upcoming EC
two-day session, and it learns that the EC will
ask EU Foreign Ministers to approve the platform
for SAA negotiations. If the EU supports the
EC's request, BiH should open the talks in the
first part of December, which would be the
fastest launch of the SAA talks. However, the
adoption of the outstanding three laws related to
the public broadcasting is a precondition to
launch the negotiations.

This way, both EU and Alliance once again acknowledge BiH as the stabile and prosperous country. At the same time, the international officials leave everything up to us."</i> He added Solana congratulated on the significant progress made by the country during the past several weeks and urged Terzic to maintain the same pace and quality of reforms. Terzic said it is necessary to move forward and to complete the negotiations with the EU with success. <i>"Solana and EU promise to stand behind us not only during the negotiations, but also in the implementation of the police reform,"</i> concluded Terzic. BHT1 says this by HoP's endorsement of the agreement, legislative procedure has ended and in the next 74 days the executive authorities should form the Directorate which would then create the police reform implementation plan. In the meantime, the greatest value of the agreement is that it opens the doors for the beginning of negotiations with the European Union, stated Tomislav Limov, a delegate in the BiH HoP. European Commission supported the Agreement on police restructuring in BiH, saying that it is in line with the three European principles. FTV – HoP also adopted the conclusions linking a fate of FBiH/Cantonal MoIs with the RS MoI. BiH CoM and the IC have been urged to monitor the process. <p>FBiH HoP discusses education issues: Out of 54 'two-schools-under-one-roof' only 4 integrated</p>	<p>RHB, PINK, Hayat, FTV, BHT1, RTRS, Dnevni Avaz pg 9 'Only four schools united in F BiH' by <u>A.Dedajic</u>, Oslobodjenje pg 7 '48 disunited schools in F BiH' by <u>A.Terzic</u>, v – FBiH House of Peoples discussed on a special session the situation in the field of education in FBiH. Representatives in the FBiH House of Peoples concluded that the education system in BiH is divided and not coordinated, and classes are conducted on the basis of two completely different curricula. But since the education is under cantonal authorities jurisdiction, HoP conclusions do not obligate anybody.</p> <p>Representative in FBiH HoP Muhamed Ganibegovic, who collected necessary 25 signatures of fellow representatives, convened this session. He believes that the main education problem in FBiH is the fact that "two schools under one roof" system exists in so many municipalities, Stolac, Capljina, Orasje, Prozor/Rama, Busovaca and Zepce. According to the FBiH Education Ministry, out of 52 institutions with "two-schools under one roof" only 4 have been integrated/ Mate Bandur, member of Parliamentary board for education, sport and youth issues reacted immediately, saying that the same problems exist in Sarajevo, Zenica or Tuzla, but they are not so visible. Speaking before the HoP, OSCE Head of Mission Douglas Davidson said that the "two schools under one roof" is only a part of a deeper BiH phenomenon: <i>"I am referring to the apparent inability of BiH authorities to agree upon form and structure of a single education system which would meet the terms, respect the rights and identity of all pupils in BiH"</i>, said Davidson. He thinks that the only solution is to form an agency for curricula at the state level. The HoP will vote on Wednesday on the conclusion prepared by the Parliamentary Board for Education, Science, Culture and Youth Issues.</p>

Ljubic presents

Covic to resign', by A. Omeragic –
Candidate for the HDZ President during the

secured a support of several hundred
officials of the HDZ, who want the current
HDZ President, **Dragan Covic**, to resign and
new convention to be organized. Ljubic

election of Covic, incapability of the HDZ
leadership and its revengeful policy.
Among senior HDZ officials, Ljubic is

finished in June and that *"we do not want

The Government's announcement reads that the ministries of finance and education have ceased all payments to Lukic from the RS Budget. <i>"Given that the Law Faculty Council did not act in line with the Government's conclusion from October 7, the Government will at the next session debate the proposal decision to remove seven members of the Faculty Council, which are appointed by the Entity Government"</i>, statement further elaborates. RTRS 'Crvena linija' program
on const. changes: Dodik,
Tihic, Covic

RTRS 'Crvena linija' current affairs programme by Zoran Popovic – Programme dedicated to the constitutional changes was participated by the leaders of HDZ, SNSD and SDA, **Dragan Covic**, **Milorad Dodik** and **Sulejman Tihic** respectively. Covic said that constitutional reform must be organised with the IC help and adopted by the Parliament. Dodik repeated his stance that BiH should be comprised of three federal units [whose possible succession would be banned by the Constitution], the BiH CoM expanded, BiH Parliament's authority improved; RS Council of Peoples abolished but more seats in the BiH HoP.

Tihic advocates for abolishment of entities and BiH organization into 5 to 10 economic regions [to which Dodik opposed]. *"FBIH should be divided in, at least, 5 regions while RS in 3... But BiH cannot be divided into 3 federal units because it represents the disintegration of BiH. The establishment of 4 and more units is acceptable,"* Tihic added. He agrees the Parliament should be reformed, adding Houses should protect issue of the Vital National Interest. Covic says BiH should be divided in at least three federal units with restricted authorities. He added that while HDZ is against only two entities, it does agree that BiH doesn't need three either: *"Three federal units is something completely different. The difference is in its organisation, authority and they would not be ethnically clean."* Regarding the issue of VNI protection, Covic said that it must be carefully defined avoiding the possibility of outnumbering as it was the case with the PBS Law. Covic also advocates for three levels of authority: state level, federal level and municipal level. Three politicians also agree on a possibility for one President – Dodik proposes the Parliament to elect one President and two deputies; Tihic advocates for one President whose decisions are ratified by the Parliament; and Covic stated one President with four-year mandate term should be elected without a possibility of rotation during one mandate. All three agreed that Sarajevo should be organised as a district.

Novi Reporter int. w/ Dodik [on police, OHR, SAA , constitution]; confirms he was offered to lead SAA negotiations but rejected it

Novi Reporter pgs 14-17 'Milorad Dodik: We do not need an octroi constitution', announced on cover 'This was a political process' by I.Gajic/S.Bizic – In an interview to weekly, **Miload Dodik**, SNSD President, says that the trial against him was a political process. He denies speculation Agreement on police reform contains some provisions unknown to public, stressing that one should only carefully read it and everything will be clear. Regarding IEBL crossings, he notes that some IC officials insisted on inclusion of the following provision: that IEBL will be respected with a possibility of seeing it crossed on three sites. He underlines RS officials rejected this, noting that OHR can interpret Agreement as it likes, but there will be no OHR in BiH in five years time. Regarding constitutional changes, he says that SNSD advocates new constitutional project, underlying that two of three peoples in BiH do not view BiH as their state, which is a great problem. On OHR, he says that it has failed to promote the practise of democratic procedures and failed to teach people of BiH to work and reach decisions in a democratic manner. He confirms he was offered to be a leading BiH negotiator during the SAA talks (upon proposal of **Dragan Cavic**, accepted by **Adnan Terzic**). However, he stresses he would not accept position since elections follow next year, but still he has not rejected a possibility that someone else from the party would take it if offered.

<p>Ivo Miro Jovic: There are evidences Dayton was created at detriment of Croats</p>	<p>Dnevni Avaz pg 11 'Jovic: There are evidences Dayton was created at the detriment of Croats' by <u>F. Vele</u> – In a statement to DA, the Chair of the BiH presidency, Ivo Miro Jovic, says <i>“there are numerous evidences that BiH is a community of non-equality designed in Dayton at the detriment of Croats.”</i> He adds that Croats are not sovereign in any part of the country, which makes them unequal to other two peoples. <i>“BiH is divided into two parts, between two peoples, and Croats are the one constantly being accused to trying to divide country... I am being accused of wanting to divide BiH, of wanting third entity, but all that is being fabricated to maintain current situation in which we, Croats, don't exist,”</i> concludes Jovic.</p>
<p>BHT 1 int. w/ Bakir Izetbegovic: HR's decision on airport probably made under great political pressure; SDA's reaction emotional act</p>	<p>BHT 1 'Posteno govoreci' current affairs programme by <u>Duska Jurisic</u> – Talking about the issue of renaming Sarajevo airport into Alija Izetbegovic Airport, the SDA Vice President, Bakir Izetbegovic, says he doesn't understand why the airport cannot be named after his late father while there is a bridge named after Franjo Tudjman and a street named after Petar Karadjordjevic. He emphasized that entire entity is named after only one BiH people. Commenting the decision by the HR Paddy Ashdown to annul renaming, Izetbegovic said that it was probably made under great political pressure, while the SDA reaction was an emotional act. According to Izetbegovic, SDA may not cooperate with Ashdown in a future, but it will definitely cooperate with next HR and with the IC as such cooperation is of vital interest for BiH and its citizens.</p>

<p>NN op-ed's on political scene in BiH</p>	<p>Nezavisne Novine op-ed pg 7 'Pre-election truce' by <u>Mirza Cubro</u> – The author is extremely critical of the ruling authorities in BiH, stressing that all of them prefer power than keeping their own promises and words (referring to numerous statements and rifts regarding police and defence reform etc.). He also emphasises that being at the very bottom of the list of states striving for EU membership, BiH is still far away from accomplishing that goal, bearing in mind expertise and efficiency of local politicians. Nezavisne Novine op-ed pg 7 'Europe' by <u>Sasa Cavarag</u> – Editorial notes that a green card for EU is this-years' bingo of BiH, while next year's biggest issue will be constitutional changes, which will represent the real test for the BiH authorities and exam which the authority must pass without IC' officials and their pressures. He also notes that BiH is extremely insufficient as a state, proved by the fact that it has not as yet prepared a strategy against bird flue.</p>

Jelavic said that he has had full trust into BiH judiciary, but not in three-member Council, which is composed of two foreign Judges, appointed by those who have replaced him from the position in BiH Presidency and banned his political work. Further on, Jelavic said that whole process was politically motivated, which proves the verdict was brought on circumstantial evidences. When it comes to Croatia Judiciary, Jelavic expects not to be extradited to BiH, especially before the verdict becomes effective, stressing that he is prepared to face another trial in Croatia, to detention and even jail time in Croatia, but only if all elements from the indictment are reviewed.

According to SD, it was concluded on the ground of the investigation that Jelavic secured money for purchase of a flat for former ICTY fugitive Ivica Rajic, who was hiding in Croatia for years. SD also says that well-informed sources claim that Jelavic had an important role in hiding ICTY fugitive Ante Gotovina.</p>

<p>DL: Covic and Lijanovic must mortgage property or they will go to detention</p>	<p>Dnevni List cover pg splash and pg 5 'Covic and Lijanovic must mortgage property or they will go to detention' by <u>E. Mackic</u> – DL speculates that in order to make sure that indictees from the case 'Covic and others' would appear before a court and respond to court summons, the BiH Prosecution will demand from the Panel of Judges to detain the indictees or that they submit a bail, hand over their travelling documents, report to the police on a regular basis or mortgage their property. Commenting on this speculation, the BiH Prosecution Special Department for Organized Crime and Corruption stated that on October 27, it would be explained what amount the indictees would have to submit, in which form, whether they would have to hand over their travelling documents etc. DL also says that according to their unofficial information, by continuation of the trial the FBiH Ministry of Interior would be wiretapping all 7 indictees. Vecernji List pg 4 'Bail amounting to 1 million KM', mentioned on cover 'Bail amounting to 1 million KM demanded' by <u>Z. Kresic</u> carries a similar report and says that sources close to the BiH Prosecution claim that the bail demanded for Dragan Covic and the Lijanovics might amount to 1 million KM.</p>

<p>TI report on corruption in BiH</p>	<p>RHB, PINK, Hayat, FTV, RTRS, Dnevni List pg 6 'BiH is most undeveloped and most corrupted country' by <u>M. Zorlak</u>, Vecernji List pg 3 'Judging by corruption BiH is like Tanzania' by <u>D. Jazvic</u>, Slobodna Dalmacija pg 16 'Corruption like in Gabon' by <u>Z. Rerig</u> – 'Mafia is governing this country, and corruption in BiH is constantly rising' – this is one of the conclusions from the Transparency International BiH (TI BiH) report. Unlike previous studies, this one was created on the basis of subjective positions of interviewed people on corruption. <i>"It is possible that the situation has not deteriorated, but the very fact that things are the same means that the situation is even worse than before"</i>, said chairman of the TI BiH Board Boris Divjak. Currently, BiH shares the positions from 88th to 96th place among the 159 ranked countries on the Corruption Perception Index, but the real problem is the fact that last year BiH was at the 70th position. Sarajevo press also covered the issue.</p>

<p>SD interview: Lagumdžija on VAT</p>	<p>Slobodna Dalmacija pg 17 'Zero VAT rate is saving poor people' by B. Kristo carries an interview with SDP President Zlatko Lagumdžija who, among the other things, says: <i>'The Commission for Finances and Budget did not support the SDP proposal for changes to the Law on VAT since SNSD and SBiH representatives only voted for that proposal. SDA, HDZ and SDS did not support the proposal and they obviously support the Peace Implementation Council conclusion made about 10 days ago that VAT must have a unified rate.'</i> Asked to comment on the journalist's conclusion that this means that BiH citizens are hostages of the PIC's opinions and decisions, Lagumdžija says: <i>'Exactly, however we have not given up that proposal yet. At the next session of the Parliament we shall try to state more than obvious arguments in favor of the SDP proposal and present the support that we get from ordinary people.'</i> He added that in case that they do not get the Parliament's support they shall have to ask themselves again <i>'whether foreign occupiers with support of domestic traitors rule this country'</i>.</p>
