**OHR wants more cooperation from RS Government on Srebrenica report**

**BHT, Hayat, FTV, RTRS, Oslobođenje** pgs 4-5, mentioned on cover 'To convene Srebrenica Task Force without any further delay', **Dnevni Avaz** pg 9 'List of people linked with massacre must be completed', **Dnevni List** pg 3 'Working group for Srebrenica must reconvene without delay' by **NINA, Nezavisne Novine** pg 2, announced on cover 'MoI and RS Defense Ministry have not sent detailed data' by **G. Golub, Glas srpske** pg 2 'The list is not complete' by **N. Zelenovic, ONASA** – The High Representative **Paddy Ashdown** has laid out the further steps that must now be taken in order to complete the work of the RS Government's Srebrenica Commission, so that all those who participated in the Srebrenica massacre are identified and brought to justice, the OHR said in a press release on Wednesday. In a letter to RS Prime Minister **Pero Bukejlovic**, the High Representative has responded to the report of the working group for implementation of the conclusions presented in the final report on Srebrenica. The working group's report was presented to the High Representative on 31 March. The High Representative recognized that the report is a serious piece of work, but agreed with the working group's opinion that the report is incomplete and that more work needs to be done in order to fulfil the requirements set out in December. He expressed his concern that this was primarily because its work was hindered by lack of full cooperation from the RS Interior Ministry, noting that the RS Interior Ministry failed to provide specific data on several hundred individuals deployed in Srebrenica in July 1995 under the direct or indirect auspices of the RS. The RS Ministry of Defence also failed to cooperate fully. Rather than providing a list of RS Army participants in the Srebrenica events as was requested, it provided the working group with a list of 25,000 individuals deployed in the Srebrenica area in July 1995, without defining which of these individuals were attached to units involved in the massacre. Consequently, the High Representative has informed Prime Minister Bukejlovic that the working group must be reconvened without delay, with the following mandate: To require the RS Interior Ministry to provide the missing information by 31 May; to ensure that all materials provided to the Srebrenica Commission are forwarded to the Working Group by 31 May; to establish the reasons for the inadequate VRS response; to complete the list of names (currently standing at 892) of those implicated in the massacre who are currently employed in BiH [Bosnia-Herzegovina – B-H] or RS institutions, and to forward this completed list to the BiH Prosecutor and to the ICTY.

Matijasevic told a press conference that operative police work to locate war crime indictees was in progress every day and that it was being carried out without any difference towards any of the indicted persons. Regarding the report on cooperation of RS with the ICTY, which will be considered by the National Assembly on Thursday, Matijasevic said, <i>"we have reasons to be satisfied with the progress achieved"</i>. OHR Spokesperson, <b>Oleg Milisic</b>, told daily OHR would not comment to these claims. At the same time, Mandic says he is also surprised with OHR's decision to "keep quite about this" despite the fact that, according to Mandic, RS Finance Minister, <b>Svetlana Cenic</b>, said that the documents were submitted to OHR.</p>

According to a VL's anonymous source, it was the OSA Director, <b>Almir Dzuvo</b>, who is responsible for the obstruction.</p>
