Matijasevic

**RTRS** by Radivoje Obrenovic – After several days of protests following the murder of the State Border Service officer **Bojan Prodanovic** by his Bosniak colleague **Anis Bandic**, Cajnice citizens unblocked the road leading to the border crossing Metaljka. Matijasevic and Paravac condemned the murder and promised to do everything to ensure justice is served. Paravac said he will demand thorough investigation and severe punishment. strongly  
criticises  
Bukejlovic  
using SBS  
officer's  
murder to  
prove RS MoI  
should  
continue to  
exist**

**Dnevni Avaz** pg 3 'Bukejlovic's cheap demagogy' op-ed by Mirela Kukan – Editorial refers to the announcement of different BiH officials regarding the measures following the murder of SBS officer. On the statement by **Dragan Metkic**, Deputy BiH Security Minister, that the file of every SBS and police officer will be opened [see BiH Media Round up for August 20], author says this indicates that in the past it was only enough to apply for the job to get it without any physical or mental tests. On the other hand, author says that the fact that victim is Serb and perpetrator a Muslim [even though Ministry says that the crime was carried out in the state of serious psychological disturbances] was highly used for politicising in RS: "RS Prime Minister **Pero Bukejlovic** deems that things like this had not happened when SBS was under entity's control. It is said that Bukejlovic uses terrible murder to promote interests of his government in a process of police reform and to prove that joint police structure is not possible in BiH without RS MoI existence."

BiH Court**

**FTV** By Zinaida Hamidovic– ICTY Prosecution filed a request to the ICTY Council for transfer of cases not to discuss the demand under which the case of **Ivica Rajic** should be handed over to Croatian instead of BiH judicial authorities. The Institute should be an independent, scientific institution carrying out its authorities in line with the state law on missing persons. But, according to the agreement, entity offices for missing persons should continue their work, so to be closer to the families of the missing ones. *“There would be no great changes, except that the single data base on missing persons would be created, which would result in denial of all speculations on the issue”*, said the Chair of the RS Office **Milan Bogdanic**. In the first two years, the Institute will be consisted out of the existing entity offices, with 17 Bosniaks, 12 Serbs and 7 Croats. In this way, the families should have no fear that someone is going to be damaged in any way, adds Bogdanic.
